Junagadh – 362 003 (Gujarat)

**Sub:- Design submitted for proposed enclosure for Primates, African cheetah and Layout plan of the Sakkarbaug Zoo, Junagadh – Regarding.**

Sir,

Please refer to your letter No. WLP/A/ZOO/3/62/552-53/2007-08 dated 22.8.2007 & letter No. A/WLP/03/Zoo/110/705-06/2006-07 dated 6.11.2006. .

The design submitted for proposed Primates, existing African cheetah enclosure and Layout plan of the Sakkarbaug Zoo, Junagadh were placed before the 1<sup>st</sup> Meeting of the Expert Group on Zoo Designing of the Central Zoo Authority held on 27<sup>th</sup> December, 2007 and the following observations are being made:-

**1. Enclosure for Primates**

The design was not approved. However, following observations were made:-

- (i) The proposed moat which is occupying more than 60% of the area of the proposed enclosure is not required, instead open top enclosure with chainlink fence of 5 meter height with inclined inward MS plate of 1 meter in width may be provided as a barrier.
- (ii) If at all moat is required for the proposed primate enclosure, it should be created towards visitors' side only with maximum length of 50 feet only.

**2. Layout plan**

The Members did not recommend the approval of layout plan since the details with regard to contour, existing structures and vegetation were not provided.

**3. Enclosure for African Cheetah**

The design of the already created African cheetah enclosure was approved subject to the condition that the length of the enclosure be increased by expanding the length of enclosure on both the sides by 80 meter either or available side to give more running space to the animals.

Keeping in view of the above, you are requested to kindly submit the revised design for the further consideration of this Authority.

**Yours faithfully,
