

2. Proposed addition to the existing enclosure for Pheasantry

The design was scrutinized and approved subject to the following rectification & as shown in hard copy and handed over to the Director:-

- a) Partition in the 75 mt. wall and on top with chain-link fence.
- b) Passage (proposed) not required.
- c) Shelter should slop to avoid snow accumulation.

3. Proposed addition to the existing enclosure for Tiger

The design was scrutinized and not approved. However, following observations were made & as shown in hard copy and handed over to the Director:-

- a) Remove top cover instead use 5.5 meter high chain-link fence with 1.5 meter wide steel plate at 60 degree angle in warded inside barrier.
- b) Visitors must be restricted to view the animals from the path at an restricted area.

A copy of the design wherein amendments have been indicated may be handed over zoo operator (Director).

V. Jaipur Zoo, Jaipur, Rajasthan

The Deputy Conservator of Forests, Mrs. Akansha Chowdhary did presentation and following were decided:-

1. Tiger exhibit

The Tiger exhibit may have a provision of additional kraal, if the number of animals increased beyond its carrying facility. The size of the kraal should be increase to 100 square meters. Three consecutive post joining the kraal may not be required, however it may be kept as per the requirement and subject to that it does not under to viewing.

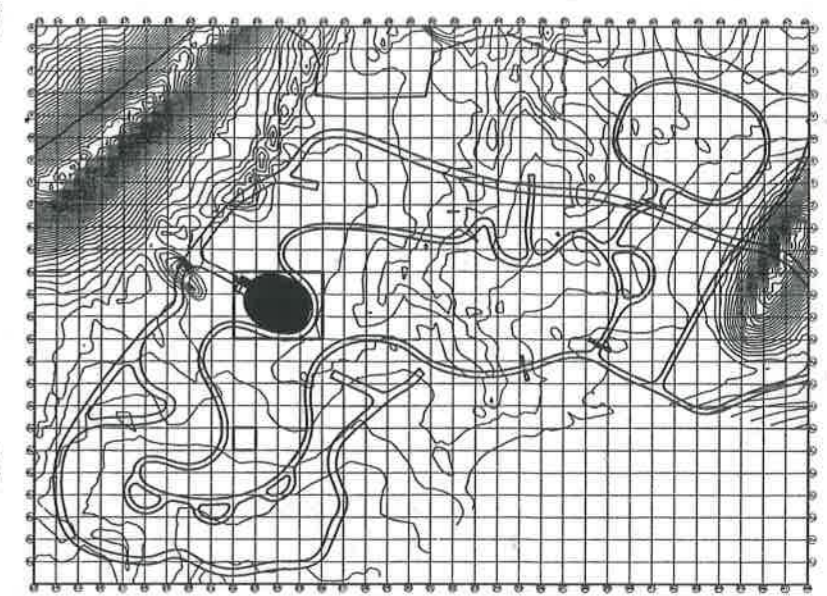

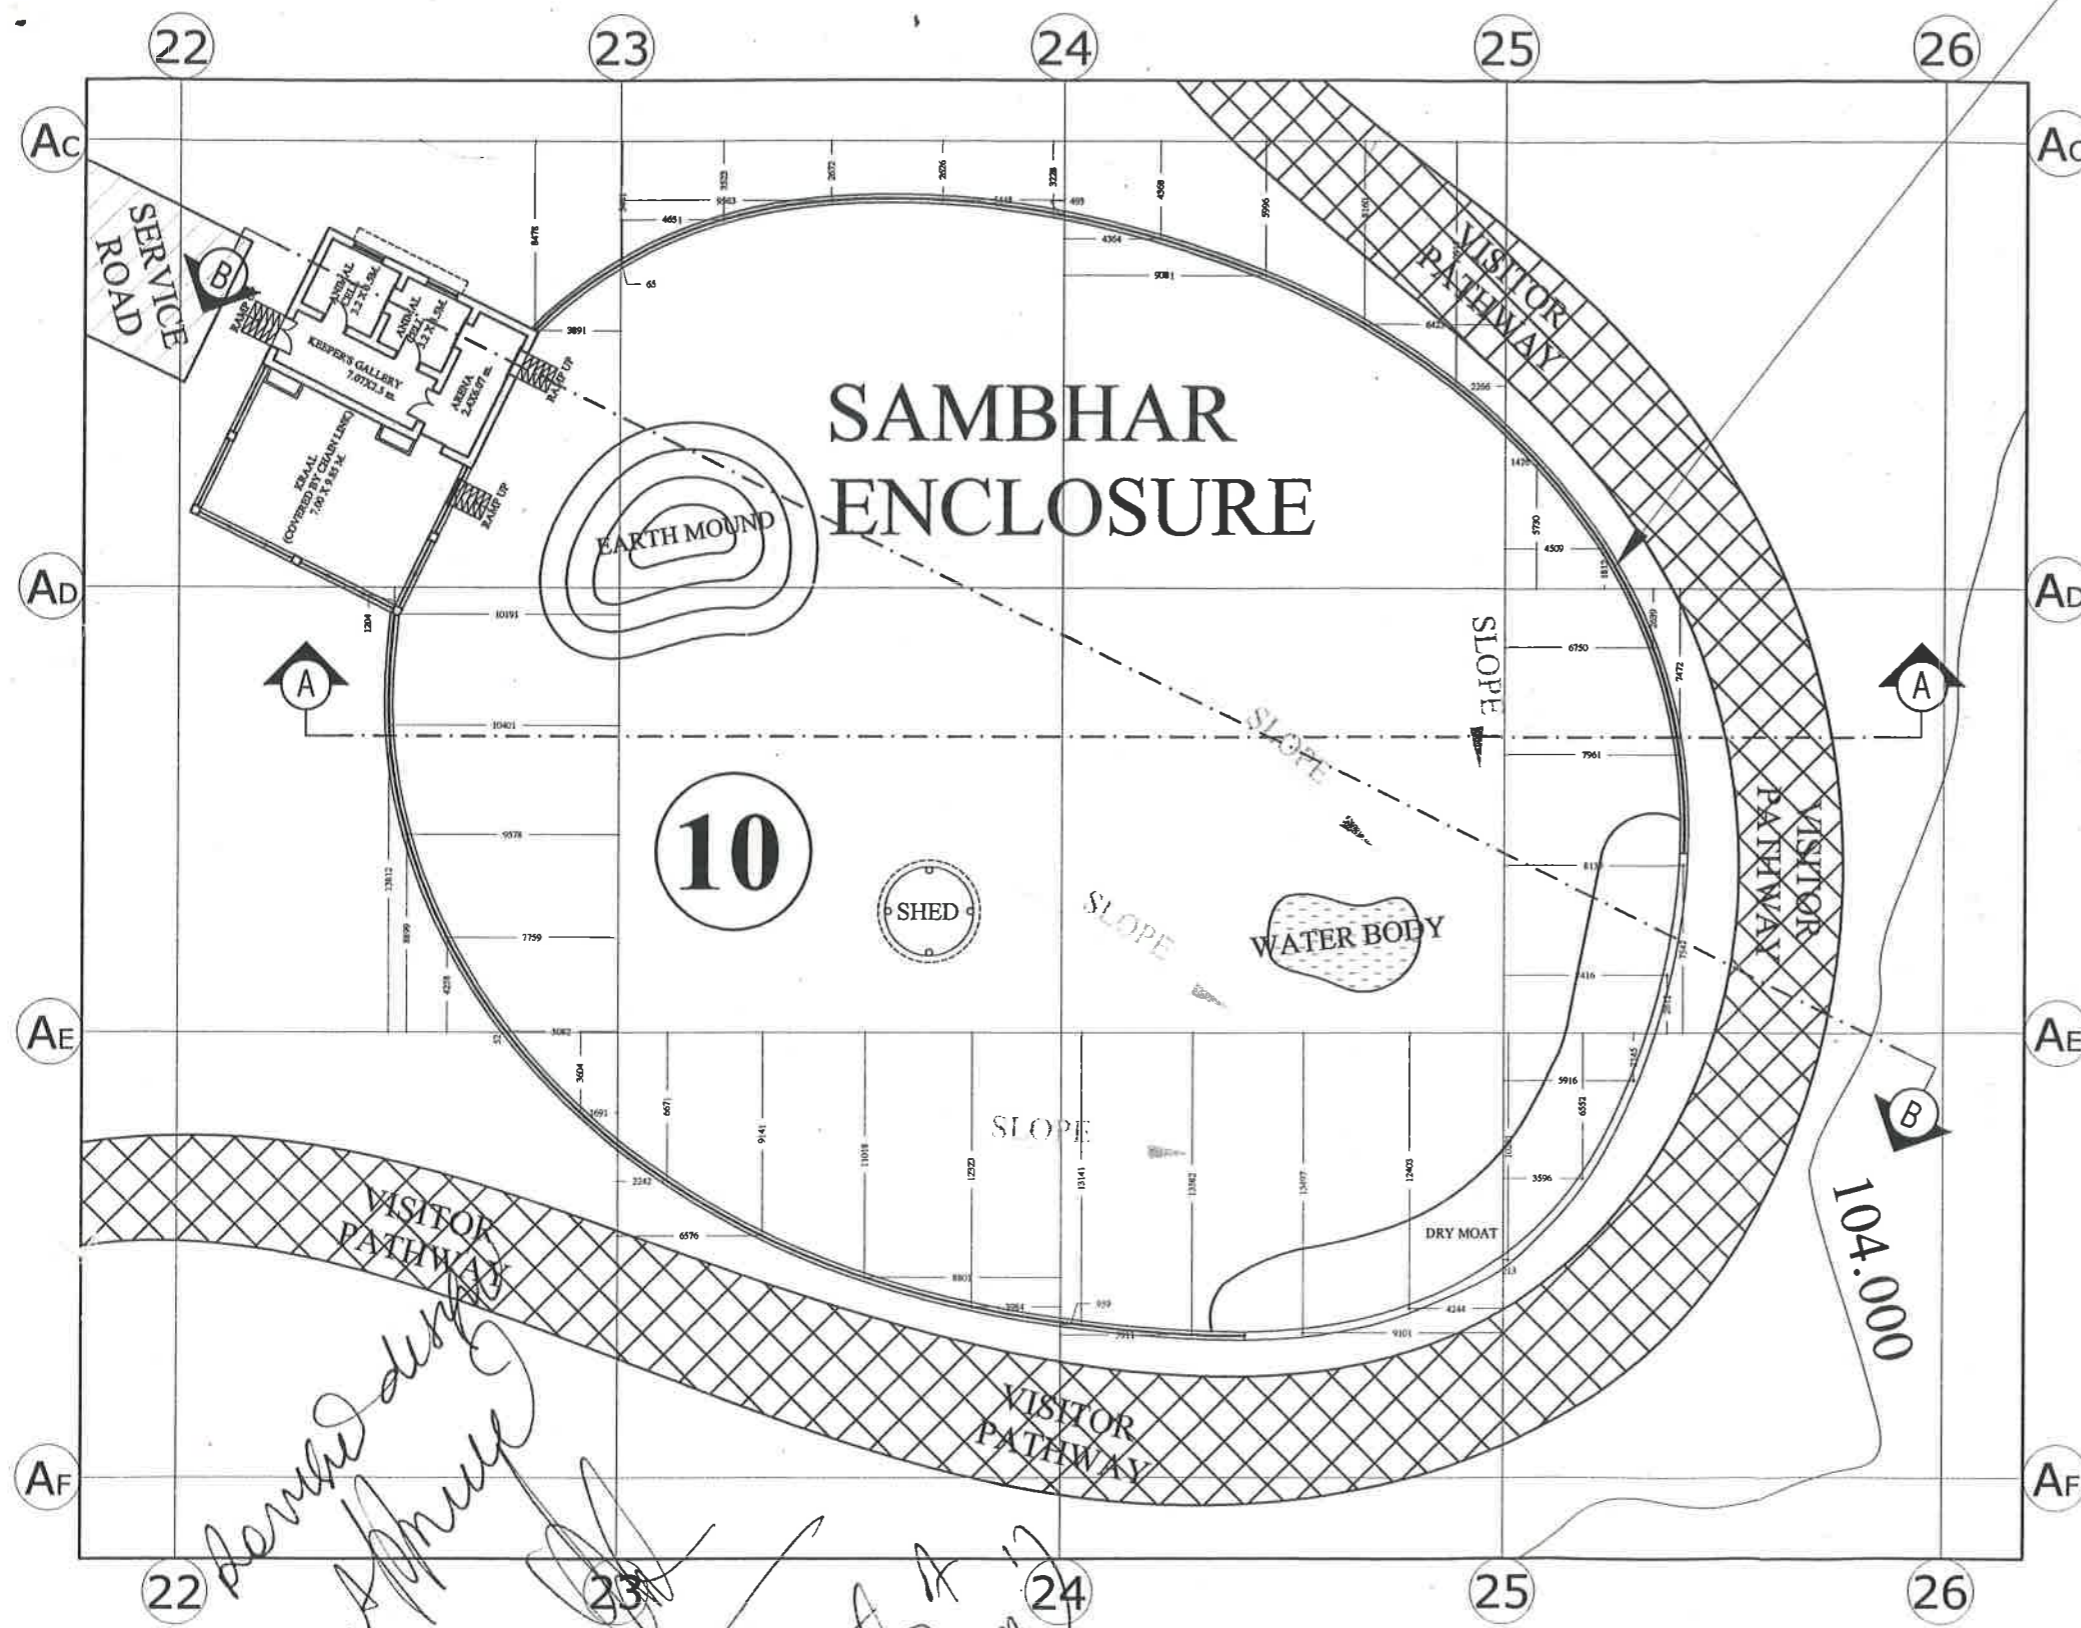

2. Revised design of Hog deer, Sambar, Hyena and Spotted deer

The designs were approved subject to that the moat depth should be kept 2.25 meter only.
