

6(b)

Guidelines for setting up of Deer Parks*

1. Area of the Deer Park should be atleast five (5) hectares.
2. The deer park should be at a reasonable distance from the residential accommodations and roads, so that the animals are not provoked unnecessary.
3. The Zoo/deer park should have a small treatment room.
4. The zoo should have a post-mortem room.
5. Arrangement should be made with a Veterinarian to check the health of animals daily.
6. Arrangement for round the clock supply of potable water should be made in the animal enclosures.
7. The number of animals in the deer parks should not be more than one animal for larger ungulates and three animals per acre for smaller ungulates.
8. To safe-guard against inbreeding, periodic exchange of animals specially males, should be made with other zoos/deer parks.
9. Fodder trees and shade trees should be planted in the deer park area.
10. Night shelter/kraals should be constructed for the deers.

*Adopted in the 6th meeting of the CZA held on 8th November, 1993
