Sector - 6,  
Panchkula (Haryana).

**Sub:- Proposed Construction of a Tiger enclosure with a glass viewing window at Mini Zoo, Bhiwani- Regarding.**

Sir,

Please refer to your letter No. ER-7-60/3615 dated 29.1.2009.

The <sup>revised</sup> designs submitted for the proposed Construction of a Tiger enclosure with a glass viewing window at Mini Zoo, Bhiwani were scrutinized by the Expert Group on Zoo Designing of the Central Zoo Authority in its meeting held on 6<sup>th</sup> & 7<sup>th</sup> July, 2009 and approved subject to the following conditions:-

- (i) Instead of two clear toughened glass of 12 mm each, it is suggested that three clear toughened glass of 8 mm each laminated into one glass with proper framing and with suitable detailing to resist the impact of Tiger shall be used as glass viewing window.
- (ii) A water body of 10 mt. long and 5 mt. wide with 1.5 mt. depth shall be constructed inside the enclosure adjoining to the glass viewing window. The proposed water body shall attract the Tiger towards the visitors' area as well as will serve the purpose of reducing the impact of a Tiger on a glass (if any).
- (iii) The other pool as shown in the paddock area is not required and should be done away.

...2/-

o/c  
16/7/09

- (iv) The proposed water body should not be assessable from outside to the visitors on both the sides.
- (v) The water body should be regularly filled up with potable water.
- (vi) The glass should be placed about 1 ft. height from the ground.
- (vii) The depth of the enclosure may be reduced for better viewing.

Keeping in view of the above, a copy of revised design should be sent to this office for our records.

**Yours faithfully,**
