1. **REPORT FROM THE DIRECTOR'S DESK**

The Aizawl Zoological Park the first Zoological Park of the state was established on 24th November, 2006 located along the roadside of Aizawl to Airport Lengpui in an isolated site free from the human settlements with natural surroundings which made it a congenial habitat for the inmates to live in harmony with nature. It has become destination for all those who like to experience beauty of nature and the wild. Far more than just a tourist attraction our management thrust has been ex situ conservation of the threatened species, education to spread awareness about the animal world and their conservation needs. In spite of limited funding support from State we have worked diligently to make significant improvement in the infrastructure development, animal collection, health care and enclosure enrichment.

The Zoo is home to 17 species of mammalian endangered species, 2 species of reptilian endangered, 4 species of other mammalian, 3 species each of bird and reptiles with a total population of 198 animals. Conservation breeding programme has been take up in the zoo, some endangered species like Leopard cat, Stump tailed macaque and Serow has successfully bred during the reported period.

The zoo also hosts some rescued exotic birds like Cassowary, Sulphur crested cockatoo, Crimson bellied parakeet, Crown pigeon etc. which became attraction of visitors. There are good number of free ranging mammals, Birds and reptiles within the zoo premises.

Under animal exchange programme one Golden Cat was given to Assam State Zoo, Guwahati on Conservation loan basis. Acquisition of Royal Bengal Tiger from neighboring state is proposed which is under active consideration. In spite of being a small zoo status a good number of surplus animals are available in the Aizawl Zoological Park which may be transferred to other zoos in the country.

My sincere thanks to Dr. CH.M.Rao, IFS, PCCF (HOD) and Pu Liandawla, IFS, PCCF (Wildlife) & Chief Wildlife Warden Mizoram for their able guidance and encouragement for upkeep of the zoo and posting of sufficient number of Field Staff in the midst of shortage of field staff in the Department.

I am much grateful to the Range Officer and staff of Aizawl Zoological Park for their sincere co-operation and courageous labours for successful management of the zoo.

LALNUNZIRA, IFS

Director

Aizawl Zoological Park
Mizoram, Aizawl

Aizawl
01/04/2023

2. History of Aizawl Zoological Park :

Aizawl Zoological Park is located 14Kms away from the State Capital Aizawl and at a walking distance by the side of Aizawl–Sairang road NH 54 and was inaugurated officially on 24th November 2006. The Zoo is spread over an area of **65 ha** on a natural hilly landscape with soothing green vegetation and other natural features. In fact the natural surroundings in the Zoo provide a congenial habitat for the inmates to live in harmony with nature. The entire area of the Zoo is connected with a network of well-developed pathways having suitable numbers of public conveniences at appropriate locations. Most of the animals are kept in open air moated enclosures. The main attraction of the Zoo is Hoolock gibbon along with rare and endangered Clouded leopard, Himalayan Black Bear, Wild dog, Serow, Oriental Pied Hornbill and several other species of animals which are rarely found elsewhere in the country.

3. Vision :

- 1) *To provide necessary health care, hygienic food in sufficient quantity and a high quality of housing and display.*
- 2) *To develop self-sustainable and genetically viable population of endangered species of animals, to be utilized as gene process full for long term wildlife conservation.*
- 3) *Promoting wildlife education and awareness through proper display of animals in their near natural habitat, through properly designed exhibits signage and interpretation Centre, field tours, film and slide shows etc.*
- 4) *To facilitate research on wildlife conservation.*

4. Mission :

The Mission of Aizawl Zoological Park is to create environment of Ex-situ conservation awareness to encourage people to develop a caring attitude towards flora and fauna; to serve as a dynamic nature conservation Centre by promoting breeding programmes for rare and endangered species of Mizoram and to offer public service, recreation, education and research.

5. Objectives :

- 1) Conservation breeding of endangered wild animal species available within geographical range of distribution, necessary exchange with other Zoological Parks.
- 2) Scientific research on animal behavior, diseases and their control, feed and nutrition and reproductive biology. The data so recorded will be made use in management of animals in the wild.
- 3) Promote conservation education, awareness and interpretation for /to the public in general and younger generation in particular.
- 4) Creation as hill bird collection center to accommodate good stock of various species of aviary population in the hill region of northeast.
- 5) Rehabilitation of orphaned or rescued endangered species in the wild.
- 6) Providing recreation for Zoo Visitors.

3	Stum tailed macaque	Albendazole	March, August & October
4	Serow	Albendazole	March, August & October
5	Rhesus macaque	Albendazole	March, August & October
6	Sambar Deer	Albendazole	March, August & October
7	Pig tailed macaque	Albendazole	March, August & October
8	Himalayan black bear	Fenbendazole, Albendazole	March, August & October
9	Assamese macaque	Albendazole	March, August & October
10	Barking Deer	Albendazole	March, August & October
11	Capped langur	Albendazole	March, August & October
12	Hoolock gibbon	Albendazole	March, August & October
13	Jungle cat	Praziquantel, pyrantelpamoate	March, August & October
14	Leopard cat	Praziquantel, pyrantelpamoate	March, August & October
15	Clouded leopard	Praziquantel, pyrantelpamoate	March, August & October
16	Wild dog	Praziquantel, pyrantelpamoate, Fenbendazole	March, August & October
17	Jackal	Praziquantel, pyrantelpamoate, Fenbendazole	March, August & October
18	Himalayan Griffon	Albendazole	March, August & October
19	Binturong	Praziquantel, pyrantelpamoate	March, August & October
20	Khalij Pheasant	Albendazole	March, August & October
21	Oriental Pied Hornbill	Albendazole	March, August & October
22	Porcupine	Albendazole	March, August & October
23	Red Jungle Fowl	Albenazole	March, August & October
24	Royal Bengal Tiger	Praziquantel, pyrantelpamoate, Fenbendazole	March, August & October

16. DISINFECTION SCHEDULE

<i>Sl.No.</i>	<i>Species</i>	<i>Type of enclosure</i>	<i>Disinfectant used and method</i>	<i>Frequency of disinfection</i>
1	Assamese macaque	Open	Chlorinated compound and detergent- Regular cleaning of night house and feeding area. Blow torch for enclosure	1) Once in a week 2) Depending on requirement.
2	Barking Deer			
3	Bintorong			
4	Capped langur			
5	Clouded leopard			
6	Himalayan black bear			
7	Hoolock gibbon			
8	Jackal			
9	Jungle Cat			
10	Pig tailed macaque			
11	Rhesus macaque			
12	Serow			
13	Stump tailed macaque			
14	Wild dog			
15	Wild pig			
16	Samber deer			
17	Himalayan black bear			
18	Khaliy pheasant			
19	Parakeet			
20	Red jungle fowl			
22	Oriental Pied Hornbill	Closed	Chlorinated compound, Detergent, Blow lamp	As per requirement
22	Leopard cat			
23	Porcupine			
24	Slow loris			

17. HEALTH CHECK –UP OF EMPLOYEES FOR ZONOTIC DISEASES :

Due to unavoidable circumstances no Health check-up for Zoo staff during 2022-23.

18. Development Works Carried out in the Zoo during : 2022-2023

Sl/ No	Name of Items	Expenditure (Rs in lakh)	
		CZA Fund	State Fund
1	Construction of New Tiger Feeding Cubicle		19.95
2	Construction of New Tiger Enclosure Kraal		11.57
3	Construction of Tiger enclosure separation wall & new pool		4.95
4	Construction of Retaining wall below Serow enclosure		1.41
5	Enclosure for Exotic/Seized Animal		10.00
	GRAND TOTAL :-		47.88

19. Education and Awareness Programme during the year:-

Students and member of NGO's of 5472 nos visited Aizawl Zoological Park during 2022-23

There visits greatly benefits them, imparting awareness about importance of wildlife conservation. It is very encouraging that the younger generation is keen on the concept of ensuring harmony with nature and wildlife.

20. Important Events & Happenings:-

1. Observance of World Environment Day on 05.06.2022
Theme : *Beat Plastic Pollution*
2. Observance of Green Mizoram Day on 10.06.2022
Theme : *Thingphun la, Tuihna siam rawh*

21. **SEASONAL SPECIAL ARRANGEMENTS FOR UPKEEP OF ANIMALS**

Preparation of hibernation nest with Thatch and dry leaf before commencement of winter season for reptiles.

22. **RESEARCH WORK CARRIED OUT AND PUBLICATIONS:**

No persons are Research work carried out during 2022-23 at Aizawl Zoological Park.

23. **CONSERVATION BREEDING PROGRAMME OF THE ZOO**

Conservation Breeding Programme of *Hoolock gibbon*, *Stump-tailed macaque* and *Burmese Brown Tortoise* is going on and a great success and survival in breeding of Hoolock gibbon during 2011, 2013 and Stump-tailed macaque has been achieved till today.

24. **Animal Acquisition /Transfer/Exchange during : 2022-2023**

A	Animals arriving in the Zoo				
	H. No	Species	Number (M:F:U)	From which Zoo	Date of arrival in the Zoo
		Barking deer	1:1:0	Donation	16.03.2023
		Barking deer	2:4:0	Donation	16.02.2023
		Royal Bengal Tiger	1:1:0	Exchange	31.03.2023
B	Animals going from the zoo				
	H. No	Species	Number (M:F)	Going to which Zoo	Date of deposition from the Zoo
		Assamese macaque	1:1	Indira Gandhi Zoological Park, Vishakapatnam	08.09.2022
		Himalayan Black Bear	1:0	Indira Gandhi Zoological Park, Vishakapatnam	08.09.2022
		Stump tailed macaque	4:4	Indira Gandhi Zoological Park, Vishakapatnam	08.09.2022
		Asian Brown Tortoise	2:2	Indira Gandhi Zoological Park, Vishakapatnam	08.09.2022

Exotic animals seized by Customs Department and Mizoram Police handed over to us as a custodian as per order by District Court. List of Seized Exotic Animals as below:-
