

1. Report of the Officer-in-charge:-2018= 2019

It is first time that I am working in a Zoo. It took some time for me to understand the management of Zoo. Later it was found managing animals is much easier than managing the visitors. It requires lot of patience to handle few stubborn visitors. It was a pleasure to interact with the visitors particularly children who are keen in knowing behaviour of each animal. People of Chitradurga emotionally attached to Adumalleshwara Mini Zoo, every guest is brought to show animals in the Zoo. It is popular among the people of Chitradurga because of its location. They need to travel at least 1.5 Kms inside the Sanctuary to reach the Mini Zoo, in between they are likely to encounter group of Peacocks, large variety of Birds. It serves both the purpose for the youngsters visiting the Zoo as well as capturing some images.

The staff in the Zoo are very committed in the management of zoo. They are sincere in up keeping the enclosures and Zoo premises. October to December zoo receives large number of student groups from Northern and central Karnataka. The mini Zoo is serving as nature education centre as well as centre for knowledge on wild animals.

Since the Zoo was started in 1987 there is less scope to remodel the existing enclosures. A master layout Plan is prepared as per the CZA guidelines and submitted for approval. Efforts are made to increase greenery in the zoo few infrastructures have been added for the benefit of visitors. We are committed to make the Zoo much more attractive in coming years.

2. History of the Zoo :-

Adumalleshwara Gudi Mini Zoo and Balavana in the limits of Chitradurga Forest Division is situated at a distance of 5 Km. south of Chitradurga town in Sy.No.26 of Chitradurga (Longitude: E - 76° 23' 648", N- 14° 23' 094") at an elevation of 787 mtrs. above mean sea level (MSL). Jogimatti Reserve Forest has been notified as Wildlife Sanctuary dated 23.12.2015. The Mini Zoo is an enclosure in the sanctuary, spread over an area of 8.5 ha. This mini zoo was opened and dedicated to public on: 12-04-1987. It is one of the 9 Zoos operating under Zoo Authority of Karnataka (ZAK) since 18.09.2017, recognised by CZA [Central Zoo Authority]. An advisory committee was constituted vide G.O.No.AHFF 91 FWL 88 Bangalore, dated: 04-08-1989 under the Chairmanship of Conservator of Forests, Bellary Circle, Bellary. Zoo is housing Leopards, Sloth bear, Rock pythons and Birds.

3. Vision :-

The Mini Zoo was established with a vision to create an opportunity to the Public specially children to see wild animals in the closed proximity and to appreciate the wild life in their neighbourhood. Children's recreations area was also created to allow them to have fun in the Wilderness which is being remodelled as per the directions of Member Secretary ZAK.

4. Mission :-

Mini Zoo is serving a exhibition of bio-diversity of the District, also serve as Wild Life Conservation Centre. To bring closure relationship between wild animals and human beings.

5. Objective :-

- To create awareness about the Wildlife in the District as well as neighbouring districts.
- To serve as Education Centres for public as well as Children.
- To create awareness about Man-Animal Conflict.
- To educate & enlighten the public (visitors) by displaying wild animals that are equally important, interesting and essential for eco system and thus create empathy towards wild animals.
- To offer an excellent opportunity to the people to connect with Nature and Wildlife.
- To provide recreation facilities to the public.
- To provide an opportunity for the public to be part of zoo management by adopting animals at the zoo.
