01. REPORT OF THE OFFICER IN-CHARGE

Bondla is the only zoo in the state of Goa. It is recognized as a small Zoo and is located within the boundaries of Bondla Wildlife Sanctuary, making it unique. The Bondla Zoo is set amidst sylvan surroundings with rich and diverse vegetation, thus enhancing the ambience of the zoo.

The Bondla zoo has been catering to domestic and international visitors as Goa attracts tourists from far and wide. The Bondla zoo has developed naturalistic immersion exhibits to display its collection, and the Bondla team is working diligently in captive breeding certain Western Ghats species of animals housed in the Bondla zoo. The Bondla zoo team has actively worked beyond its jurisdiction in sensitizing the public about wildlife conservation and forest protection. The Annual Report showcases the activities executed by the Bondla Zoo team in regard to Ex Situ Conservation, visitor amenities and healthy management practices in the zoo, and environmental awareness organized during the year 24-25.

The various programmes like “Ek Ped Maa Ke Naam” were celebrated in Bondla zoo with the first-time participation of the entire judiciary of the state of Goa, which is one of its kind programmes executed in the state. The participation involved judges of the Honourable High Court, district courts and judicial Magistrates. The programme involving students was also conducted in adjacent schools and at the panchayat level.

The Bondla zoo went through a crisis during the last month of the financial year; however, the dedicated team of Zoo staff mitigated the crisis in record time with available resources, setting a precedent that with the right devotion and teamwork, any crisis can be resolved. The time-to-time positive interventions in zoo management have shown drastic change in animal behavior, resulting in captive breeding of lesser cats and some other Western Ghats species

Shri. Prem Kumar (IFS)
Director, Bondla Zoo

02. HISTORY OF THE ZOO

The Bondla Zoo is the only Zoological Park present in the State of Goa. As per the records, the Zoo was set up way back to the year 1969 when an Animal Rescue Centre of Forest department was established at Bondla with the objective of rescue, recuperation and rehabilitation of wildlife in Goa. Later, as the number of rescued wild animals increased and thus further needed the handling and housekeeping of rescued animals in more scientific manner giving it the shape of Zoo. Almost after a four decades in the year, Bondla zoo was accorded the status of 'Small Zoo' by the Central Zoo Authority.

03. VISION

- i) To develop the zoo as a centre for housing and display of the diverse and endangered animals and birds with emphasis on fauna belonging to the Konkan and Western ghats region considering the climatic condition suited to them.
- ii) To provide an excellent visitor experience.
- iii) To facilitate scientific management of the inmates.

04. MISSION

To achieve the distinction of being recognized as an outstanding zoo in the region; in the field of wildlife conservation, awareness, education and research by connecting people to wildlife and biodiversity conservation in Konkan region of Western ghats.

05. OBJECTIVE

- i) To promote Conservation breeding of different species found in the region with emphasis on endangered species like Gaur for preservation of faunal bio-diversity, encouraging animal exchange with other zoological parks and rehabilitation of rescued species in the wild with strict adherence to the guidelines and protocols.
- ii) To encourage education and experiences of local visitors and tourists to excite and inspire them to become environmentally responsible and take-home messages about the Conservation needs in the face of accelerating loss of biodiversity.
- iii) To facilitate research and scientific study on animal behaviour, enrichment, food, Nutrition and reproductive biology by experts, researchers on captive animals & birds.
- iv) To ensure modern and spacious housing of captive animals and birds with special emphasis on animal welfare, health care, ethical standards and excellence in standards of animal husbandry with emphasis on enclosure enrichments.
