1. **History of the zoo:** Davanagere district is spaced centrally in Karnataka's geographical map. The District once known as "*Manchester of Karnataka*" is now emerging as centre for education with variety of faculties' colleges. The district also home renowned Archaeological monuments and other tourist spots. The said zoo attracts students, rural folks, urbanites from all over Davanagere District and neighbouring.

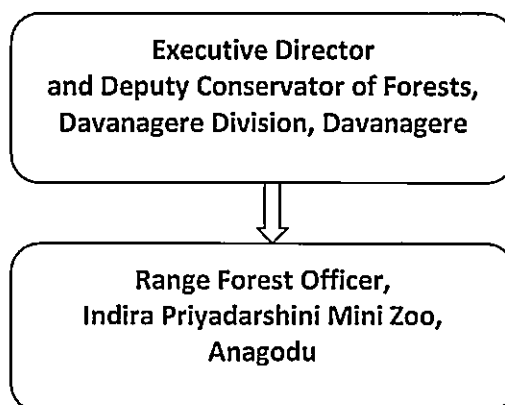

The Anagodu Forest Block is situated on either sides of the National Highway No. 48 on Davanagere to Bangalore road, spread over 151.56 ha. It is about 18 Kms. from Davanagere. The Southern forest block of 101 ha. houses "*Indira Priyadarshini Prani Sangrahalaya*".

2. **Vision:** We envision a world where wildlife and humans flourish together.
3. **Mission:** To connect visitors to animals through exemplary animal welfare and care, best educational and inspirational experiences, fostering public appreciation and support for wild animals and conservation.
4. **Objectives :**
  - Recreation and nature education for children in particular and tourist in general.
  - Rescue and rehabilitation of wild orphaned animals and birds.
  - To develop an understanding and awareness among the tourists on the need for conservation of natural resources.
  - Recreation for the purpose of providing wholesome, healthy, education activity by utilizing the natural features.

## 8. Capacity Building of Zoo Personnel :

Capacity building activities to the zoo staff is very essential for the management of animals. A zoo personal should be skilled enough to handle the animals effectively without harming the animals. To achieve this, regular training programs to be conducted for zoo personal including executive and non-executive staff. Mainly such program gives or increases the capacity of the zoo keepers in handling of animals and for overall management of zoo.

| Sl. No. | Name and designation of the zoo personnel | Subject matter of Training | Period of Training | Name of the Institution where the Training attended |
|---------|---|----------------------------|--------------------|---|
| -Nil-   |   |                            |                    |   |

## 9. Zoo Advisory Committee:

Overall zoo was managed by the Guidelines/inspection carried out by Chief Wildlife Warden, Karnataka and Member Secretary, Zoo Authority of Karnataka.

## 10. Health Advisory Committee:

In order to monitor the animals and veterinary care, Indira Priyadarshini Prani Sangrahalaya has a Health Advisory Committee, as mandated by the Central Zoo Authority.

### 13. Vaccination Schedule of animals :

| Sl. No. | Species                   | Disease vaccinated for       | Name of the Vaccine and dosage/quantity used                                 | Periodicity  | Remarks |
|---------|---------------------------|------------------------------|--|--|---------|
| 1       | All Cloven Footed Animals | FMD [Foot and Mouth Disease] | FMD Vaccine Dosage 2 ml per animal   | February and December                                | -       |
| 2       | All Cloven Footed Animals | HS [Hemorrhagic Septicaemia] | HS Vaccine 6 ml for each   | May and June   | -       |
| 3       | All Cloven Footed Animals | BQ [Black Quarter]           | BQ Vaccine 5 ml per each   | May and June   | -       |
| 4       | All Species of Animals    | Anthrax                      | Anthrax Spore Vaccine 1 ml   | May and June   | -       |
| 5       | Feline Species            | Feline Rabies                | Anti Rabies Vaccine 1 ml per animals and booster dose after 30 days and then | Annually   | -       |
| 6       |                           | Feline Panleukopenia         | Feline Panleukopenia 1 ml each   | Annually   | -       |
| 7       |                           | Feline Herpes virus          | Feline Herpes Virus Vaccine  | Annually   | -       |
| 8       |                           | Feline Calcivirus            | Feline Calcivirus Vaccine  | Annually   | -       |
| 9       |                           | Feline Leukaemia             | Feline Leukemia Virus Vaccine  | Annually   | -       |
| 10      | Birds and Poultry         | Lasota                       | Lasota   | 5-7 <sup>th</sup> day repeat booster after 21 days   | -       |
| 11      |                           | Infectious bursal disease    | IBD  | 14-16 <sup>th</sup> day repeat booster after 21 days | -       |
| 12      |                           | Fowl Pox                     | Fowl Pox   | 7 <sup>th</sup> week                                 | -       |
| 13      |                           | Raniketh                     | R2B  | 10 <sup>th</sup> week                                | -       |
| 14      |                           | Lasota                       | Lasota   | 17 <sup>th</sup> week                                | -       |

### 14. De-worming Schedule of animals :

| Sl. No. | Species                   | Drug used  | Month  |
|---------|---------------------------|--|--|
| 1       | All cloven footed animals | Albendazole, Fenbendazole, Prazoquantal, Trichlobendazole, Levamisole, Ivermectin and its combinations | Starting at the age of 21 days of age and repeating after 3 months till 6 months of age, and after that twice a year |
| 2       | Bears                     | Albendazole, Fenbendazole, Mebendazole, Ivermectin and pyrantelpamoate, and its combinations           | Twice a year   |

### 15. Disinfection Schedule :

| Sl. No. | Species                            | Type of enclosure | Disinfectant used and method                       | Frequency of disinfection |
|---------|------------------------------------|-------------------|--|---------------------------|
| 1       | All Cloven Footed Animals          | Fencing           | Phenolic Compounds                                 | As and when required      |
| 2       | Feline wild animals including bear | Cages             | Phenolic Compounds                                 | As and when required      |
| 3       | Poultry and Birds                  | Cages             | Phenolic Compounds and virchow-s spray and fogging | As and when required      |

**16. Health check-up of employees for zoonotic diseases :**

| Sl.No. | Name | Designation | Date of Health Check-up | Findings of Health check up |
|--------|------|-------------|-------------------------|-----------------------------|
| -      | -    | -           | -                       | -                           |

**17. Development works carried out in the zoo during the year :**

| Sl.No. | Particulars of works | Quantity |
|--------|----------------------|----------|
| -      | -                    | -        |

**18. Education and Awareness programmes during the year :**

- On the occasion of 69<sup>th</sup> Wildlife Week celebration during October-2023, education about wild animals and birds for school children's is given in the zoo. The basic objective of the zoo is to inculcate in the zoo visitors love for wild animals and build up awareness for conservation of natural resources.
- The zoo would therefore provide proper signage at each enclosure, guide maps, pamphlets and organize guided tours for school children in batches.
- Participation of non-governmental organizations would be encouraged in educational programmes.
- Signage at animal enclosures would provide description of the species, its status, distribution and habitat.
- Conducting Chinnara Vana Darshana Programme.
