1. Report of the Director (2022-23)

Marble Palace Zoo is the oldest Zoo in India established in the year 1854. It is a heritage zoo that attracts the people of India and abroad to see and experience its high heritage and also to take the experience from it. More over the Zoo is at the same place from the beginning.

It was a great relief for all that the 'COVID-19' has gone from our Country, at least for the time being.

We had experienced Cyclone 'Yaas' this year making not much damage.

We opened the door for all particularly children, who loves birds & monkey most. Many students from various Institutions had come during this time.

Other than old age no accidental death occurred for the birds and animals this year.

The zoo is privately maintained, and it is a prized achievement of the house. In accordance to the Central Zoo Authority improvements has been brought.

Since the zoo is within the heart of the city of Kolkata, people get the experience of the richness of the wildlife as purely as possible. Students' of various schools and colleges under many universities come to the zoo and are greatly enriched with the knowledge of the animals and birds.

Only we have a problem during rainy season (monsoon), that is water logging at some places. Actually, the whole area is a low-lying area of the City Kolkata.

We decided to make the drain line proper, making the low areas to a little more higher place by putting soil etc, so that there will be no water accumulation during monsoon.

2. History of the Zoo

Marble Palace Zoo is the pioneer of Zoos established in the year 1854 and it is the oldest zoo in India. It is situated in the middle of the city of Kolkata. Originally it was the zoo garden of the Marble Palace, but it was open to the public from the beginning.

The visitors of the Marble Palace Zoo visit both the Marble Palace Zoo and Marble Palace Art Gallery and Museum. Both are free of charge.

This heritage zoo has many heritage structures, cages, and enclosures. Some of them are nearly 200 years old.

The Authorities tried to keep them in its original form as much as possible.

The Founder of the Marble Palace Zoo, Raja Rajendro Mullick Bahadur has the idea and in his Trust Deed he mentioned that “the keeping of the birds and animals will be for the entertainment and education of the general public”. The public will come and see the birds and animals of this country as well as the world.

The exiled Nawab/Nawab of Audh Wajed Ali Shah, being the friend of the Founder Raja Rajendro Mullick brought some exotic birds including White Peacock for the Zoo and he also presented some animals and artifacts to him.

As the founder of the zoo had deep knowledge of Ornithology, the Antwerp Zoological Society of Belgium, made him the Honorary Member and advisor of the Antwerp Zoo permanently. Not only that, the far situated Melbourne Zoological Society also honored him by giving honorary diploma in Zoology. Being a great animal and bird lover, he requested the then, British Authorities to establish a zoo with a big area and The Alipore Zoological Garden which is the main Zoo of Kolkata started by the inspiration of him and his eldest son, Debendro Mullick. The first building, enclosure of Alipore Zoo was constructed and donated by him, “The Mullick House”. It was at the front of the Alipore Zoo, existed till 10 years back also, but now it has been demolished for a “new building cum enclosure for animals”.

Expenditure

The Marble Palace Zoo is a private zoo and all the expenditures for the caretaking of the animals and birds are taken up and carried on by the Trust Fund.

As the Trust Estate of Raja Rajendro Mullick Bahadur & Sri Sri Jagannath Jew is conducting all the expenditures of the Zoo, Museum, Temple, daily feeding of 300 people and many philanthropic activities, no separate Zoo Account could be maintained.

In this regard we like to mention that there is no entry charge or any charge from the visitors, who visit both the Zoo and the Museum (Art Gallery) Palace.

Anyhow we are producing an approximate expenditure list & the accounts as much as we can separate from the General Expenditures.

Enclosures

Since the animals are living in the enclosures, optimum amount of care and concerns are taken to the protection and well-being of the animals and birds. Cages and enclosure are so provided which provide with highest amount of wildlife feel in the city as per the direction of the Central Zoo Authority. Ducks and Pelicans are able to swim freely in the enclosed pond area.

Some new enclosure for Goose, Ducks and others parrots were made.

New Enclosure

Enclosure for Malabar Pied Hornbill

New Births

Marble Palace Zoo is of the highest opinion of breeding new life. For many decades the breeding procedures of animals and birds have been carried on. Till this day new babies of animals and birds are continuing in the zoo, which makes the zoo exceptionally proud.

Peafowl's, some mutated forms of Indian Ring Neck Parakeet, (White, Blue, Lutino etc.), Alexandrine Parakeet (mutated Lutino form), pheasants, Spotted Deer & Muntjac (Barking Deer).

6. About us

As the Bicentenary celebration of the Founder of Marble Palace Zoo is continuing, some Programmes held during 2019 and early part of 2020.

The founder of both the palace and the zoo (which is the oldest zoo in India) Raja Rajendro Mullick was born in 1819. So the year 2019, two-year long program has been started.

But due to that Lock down, the closure programme of Bicentenary of the Founder Raja Rajendro Mullick could not be held.

It has been decided that the closure and thanks giving programme could be held after everything becomes normal.

We are just waiting for the good days as we enjoyed our Zoo with full of visitors like Pre-Covid days.

Now the good days has come.

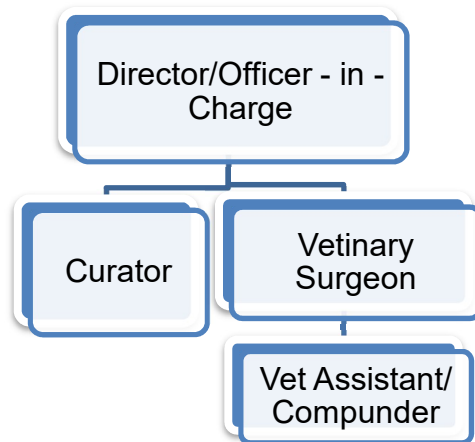

The Trust decided to make some programmes after completion of the renovation of drainage, passages and roads, which would be held in short time.
