

1. Director's Note

I am pleased to present the Annual Report of the National Zoological Park, New Delhi for the FY – 2023-24. The present day National Zoological Park, New Delhi made its humble beginning as the Delhi Zoological Park with 212 acres of area, in the year 1959. The main objectives of the National Zoological Park are to create awareness amongst the people about the protection of the endangered wildlife, Conservation Education, Research and provide a healthy and inexpensive recreation to people of Delhi and its neighbouring areas.

National Zoological Park is contributing a lot to the cause of preservation, research, breeding and education of endangered species.

National Zoological Park is a sanctuary for the conservation and promotion of wildlife. The employees and animal keepers working here are the foundation on which the structure of this park is based. Keeping this in mind, National Zoological Park has been organizing training programs from time to time for the efficient conservation of animal keepers, but now a one year calendar has been prepared for their capacity building where a training program will be organized every month, along with this, they are also being sent to other zoos of India to gain practical knowledge and strengthen skill development.

In the month of December, a campaign named Mission-LIFE was also started, which was started by Prime Minister Shri Narendra Modi. The aim of this mission is to unite at least 1 billion Indians and foreigners to protect the environment, which will be operational from the year 2022 to the year 2027. Its aim is to make at least 80 percent of villages and urban local bodies in India environmentally friendly by 2028.

I appreciate the hard work of zoo employees, their cooperation and participation of all sections for compilation of this Annual Report.

Smt. Akanksha Mahajan, IFS
Director
National Zoological Park,

2. History of the Zoo

The National Zoological Park, New Delhi is one of the premier zoos of the country. It is popular destinations in the Delhi - NCR discharging its responsibility to help people appreciate, understand nature and wildlife better. The park is now more than **Sixty years** old and it's about time to review the facilities and services provided to general public. The National zoological Park should be a top of the mind educational and recreational facility in the region. It is in this context the vision and mission have been redefined as under:

In India, at the time of independence, there was no zoo in Delhi. The 'Indian Board of Wildlife (now National Board for Wildlife) which was constituted in 1951 laid stress on establishment of zoos in larger cities of the country in its first meeting in 1952.

Accordingly, an ad-hoc committee with some prominent nature lovers of Delhi, including Smt. Indira Gandhi, was constituted under the Chairmanship of Chief Commissioner, to formulate a proposal for establishment of Zoological Park for Delhi. Mr. E.F. Bowring Welsh, Secretary of the Society for Prevention of Cruelty to Animals was appointed as its Secretary. The committee met on 9th September, 1953 and approved the site between Purana Quila and Humayun's Tomb for the purpose. It also prepared an outline of the project.

Central Government was to provide necessary finance and get the project executed through Delhi state Govt., however express and its inability to undertake the scheme and suggested that the park be developed by Central Government, and shall be handed over to them in running condition to the Delhi Government. Since wildlife was managed by the Forest Department, first implementing official was drawn from Forest Service. Shri N.D. Bachkheti, an Indian Forest Service Officer of Uttar Pradesh was appointed as Superintendent on 1st October 1955.

Major Weinmann, the then Director of Ceylon Zoological Garden, Colombo was invited to help draw a detailed plan for development of the Park. He submitted a report along with a preliminary plan. As he was not available for continued consultations, it was decided to seek the services of Mr. Carl Hagenbeck, owner of the famous Animal Park at Hamburg, West Germany, who gave the idea of open moat enclosures.

The Park was formally inaugurated on 1st November, 1959 by Shri Punjab Rao Deshmukh, Hon'ble Minister, Government of India. This Park was initially known as Delhi Zoo. In the year 1982 it was given the status of the National Zoological Park with the idea of it being the model zoo of the country.

Here at the National Zoological Park, birds and animals live in an environment that in many ways resemble their natural habitat. The National Zoological Park not only provides a home for endangered species, but also helps them to breed in captivity. Eventually they may once again thrive in the wild.

3. Vision

In twenty-year, time of Master Plan period the visitor experience will be far more rewarding and enriching than it is today. Quality of animal care exhibits, conservation education and sustainable management practices will take the zoo to the next level. The 'National Zoological Park' (NZP) will truly be the Nation's Zoo in terms of state of art facilities and management practices. It will be role model in the country for other zoos to seek guidance and inspiration.

NZP shall also endeavour to breed endangered species through organized breeding programs for the purpose of display, exchange and rehabilitation in wild. NZP will be a top of the mind educational and recreational facility in the region.

4. Mission

- (a) To generate awareness and compassion in the society towards wildlife and to garner their support for the national conservation effort.
- (b) To play an effective role in reducing man animal conflicts in urban landscape.
- (c) To play an effective role in species preservation.

5. Objectives

Objective of the park was to provide a healthy and inexpensive recreation to people of Delhi and its neighbouring areas. It was further realized that, conservation education and research on Wild animals can best be imparted through the zoo.

6. About us

National Zoological Park is a subordinate office under the Ministry of Environment, Forest & Climate Change, Govt. of India.

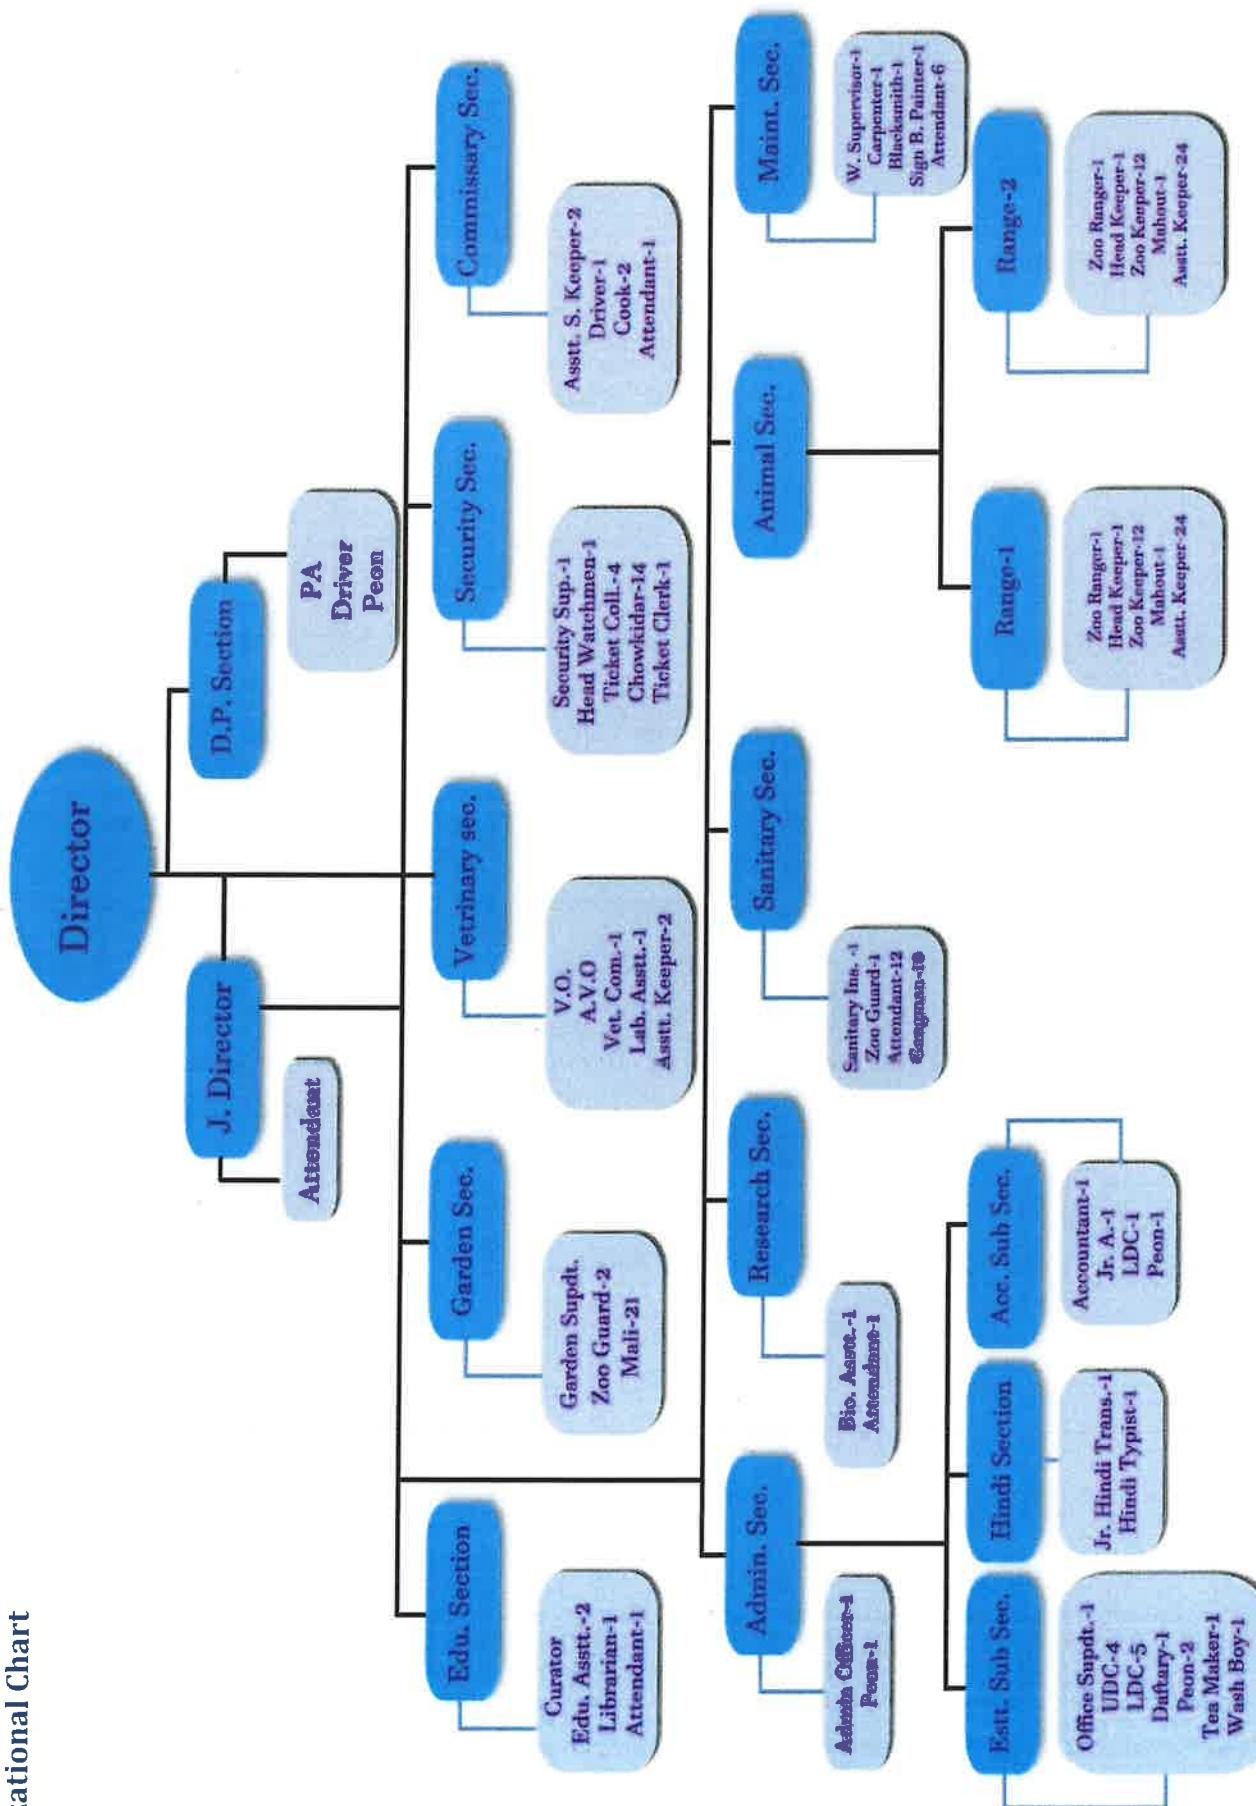

Name:	National Zoological Park

Enrichment and Animal Care

Enrichment & Animal Care

Action Taken Report

Action Points	Action Taken
New Engineering Section	The proposal for creation of Engineering Section was dropped. The work of Civil and Electrical nature is being assigned to CCU wing.
Renovation of Night Shelter of Different enclosures	The CCU has renovated Night houses of Indian Lion and Himalayan Black Bear . The night house of Zebra (existing Barking Deer) is under reconstruction.
Renovation of Office	Renovation work of office is in progress.
CSR Activities	The NZP has received new water-cannon under CSR funding provided by Indian Oil Corporation Ltd. For the rest proposals the work is in progress.

Infrastructure Development

Infrastructure development works

- Zoo App for booking of entry tickets has been launched.
- Entrance-gate has been renovated.
- Parking area development work has been completed.
- Height of boundary wall of the park has been increased after reconstruction and work is under progress. Now the height of boundary wall is 3.85m from the plinth beam.
- Work of reconstruction of 12 numbers of staff quarters has been started.
- New unfiltered water supply line has been started.
- New Toilet Block for visitors near African Elephant enclosure has been started.
- Renovation of staff canteen is under progress.
- The development of a zoo mobile App for animal monitoring is under progress.

Renovation of night shelters

1. Existing night houses of tiger, white tiger, lion, sloth bear and Himalayan bear in particular are small and do not meet the CZA norms of containments.
2. In lion, bear and tiger enclosures, the wall between two night houses have been broken to increase the size of cubicle. So, to accommodate the targeted number of each species night houses of following species to be reconstructed.

Sr. No.	Species – Targeted Number as per master plan	Existing Dimensions of Enclosures at NZP	Existing Dimensions of Enclosures as proposed by CZA
1.	Tiger – 2:4	2.30 x 1.35 x 2.63m	2.75 x 1.80 x 3m
2.	White Tiger (2 Enclosures) 2:4	2.20 x 1.50 x 4.10m	
3.	Asiatic Lion - 4:4	2.35 x 1.35 x 3.90m	
4.	H. Black Bear (2 Enclosures) -2:3	2.05 x 1.30 x 2.65m 2.20 x 2.75 x 2.63m	2.5 x 1.8 x 2.5m
5.	Sloth Bear - 2:3	2.05 x 1.40 x 2.65m	

Conservation Education

Zoos serve as living educational institutes that offer a dynamic and immersive learning experience. Beyond their role as mere attractions, they function as powerful tools for informal education, fostering a deep appreciation for wildlife and the environment. By showcasing a diverse array of animals from around the world, zoos inspire empathy and emotional connections with species that many might never encounter in their natural habitats. Through interactive exhibits, educational programs, and engaging presentations, zoos educate visitors about the delicate balance of ecosystems and the significance of conserving natural resources.

Events

In FY 2023-24 various events were organized to generate awareness among the students, visitors and local people about the wildlife, conservation and the protection of the environment. The details are as under:

World Earth day

National Zoological Park, New Delhi (Delhi Zoo) has celebrated Earth Day on 22nd of April, 2023. The theme for this year's Earth Day is "Invest In Our Planet". The purpose of the day is to raise awareness of the rapidly-rising levels of pollution, climate change, and other circumstances that contribute to damaging the environment and threaten the survival of our planet. To celebrate this auspicious day, a doodle art activity was conducted at the Education Centre of National Zoological Park, where the visitors were encouraged to participate in the activity after which an awareness session was also conducted on Mission-LiFE. In the evening an enrichment activity was organized in the bird's enclosures, where keepers placed attractive nest boxes in the enclosures. The programme was concluded by vote of thanks and refreshment.

RECRUITMENT OF MTS STAFF:

In 2024, MoEF&CC provided 90 MTS recruited through Staff Selection Commission under Mission Mode project, to National Zoological Park, New Delhi. With the vision of transforming NZP as the world class institution vibrant and dynamic 60 personnel propelled by service of wildlife joined as MTS. Hailing from diverse and rich educational backgrounds these grass root employees are equipped with latest knowledge and are aware of nuance of technology. The potential of these young workers can be leveraged to carve out a distinct name of Delhi zoo in the domain of wildlife.

WORLD BIRD'S DAY:

On 5th January ornithologist Tarun Kr. Roy gave an insightful lecture on the birds of Delhi. The session was attended by the newly recruited MTS and the other zoo staffs. There was also an interacting session to identify the birds.

WORLD WETLAND DAY:

Wetlands are called the lungs of urban areas. To enhance the knowledge for conserving our very few wetlands which are also the primary home of many migratory birds NZP organized a session on 2nd February by inviting experts to talk about the relation between migratory birds and wetlands.

TRAINING OF MTS

In order to make them domain expert in sphere of wildlife and to transform these unpolished gems into diamonds they were dispatched to 15 days training in 2 groups comprising of 30 individuals to Kanpur Zoo and Vandalur Zoo. These newly recruited employees were given extensive on and off the class training. Hands on practice were organized for various field activities grasping neatly gritties of wildlife care and management. Training has been provided in house and in other zoos of the country (Kanpur Zoo and Vandalur Zoo) and expenditure with the financial assistance of Central Zoo Authority. Capacity Building Training Workshop for MTS/Animal Keeping Staffs from 15.03.2024 to 29.03.2024 at Arignar Anna Zoological Park, Vandalur, Chennai and Kanpur Zoological Park or Allen Forest Zoo, Uttar Pradesh with curriculums such as role of zoo keepers, animal ethics and welfare, animal enclosure maintenance, rescue and rehabilitation, wildlife capturing and handling methods, breeding, record keeping, management of fodder plots, fruit orchard and solid waste management understanding species specific behavior, husbandry and sustainable practices which includes training on the animal handling.

SWACHH BHARAT ABHIYAN:

Swachh Bharat Abhiyan has become a 'Jan Andolan' receiving tremendous support from the people. Swachh Bharat Abhiyan is one of the most significant and popular missions to have taken place in India. The Swachhta Pakhwada launched by Government of India, is a fortnight-long program observed to ensure mass participation of citizens in Swachhta activities and to truly transform Swachh Bharat into a citizen's movement leading to a national movement, which is the most significant cleanliness campaign in India. The National Zoological Park, under the guidance and support of the Government of India, actively participated in the Special Swachhata Campaign 3.0, which was conducted from October 2nd to October 31st, 2023. The campaign was initiated with the objective of promoting cleanliness, environmental awareness, and responsible citizenship. This report outlines the various activities and initiatives carried out by the National Zoological Park during the campaign, demonstrating our dedication to these noble causes.

1. Introduction

The Special Swachhata Campaign 3.0 was launched as a national initiative by the Government of India, aimed at fostering a culture of cleanliness and

environmental consciousness. The National Zoological Park, situated in the heart of the capital city, actively participated in this campaign to contribute to the nation's broader objectives of a cleaner and more environmentally responsible society.

2. Shramdaan Activity

The National Zoological Park inaugurated its participation in the campaign with a grand Shramdaan activity on October 1st. Over 200 participants from various backgrounds actively took part in this event. The Honorable Minister of the Ministry of Environment, Forest and Climate Change, Shri Bhupender Yadav, graced the occasion, and Sh. C.P. Goyal, DGF&SS, MoEF&CC, Sh. Bivash Ranjan, ADG (WL), MoEF&CC added prestige to the cleanliness drive. The highlight of the day was participation of youth in the Swachhata campaign and cleaning initiatives of zoo for water body cleaning. The activity was followed by the inauguration of a PET bottle collection point, a pivotal step towards making zoo a Single-Use Plastic (SUP) free zone. This initiative underscores NZP's unwavering commitment to environmental sustainability and minimizing its ecological footprint.

Lat 28.607419°
Long 77.241542°
01/10/23 10:01 AM GMT +05:30

In a heartwarming gesture, Shri Bhupender Yadav distributed eco-friendly reusable bags to students, emphasizing the importance of sustainable living and environmental consciousness. These bags are a symbol of empowerment, equipping the youth with the tools and knowledge needed to make responsible choices for the planet's future. Following the distribution of bags, an animal journal was unveiled, fostering an educational connection with the diverse wildlife at NZP.

An initiative by National Zoological Park

3. Activities Throughout the Month

Throughout the entire month of October, the National Zoological Park organized and implemented a diverse range of activities aimed at promoting cleanliness, environmental awareness, and responsible citizenship. Some of the key initiatives during the campaign included:

3.1 Cleanliness Drives: The zoo conducted regular cleanliness drives within its premises, actively involving both volunteers and staff members. These collective efforts were directed towards ensuring the cleanliness and upkeep of walkways, enclosures, and common areas within the park.

Today Dr. Sanjay Shukla, MS, CZA joined us during the swachhta campaign

Before

After

Before

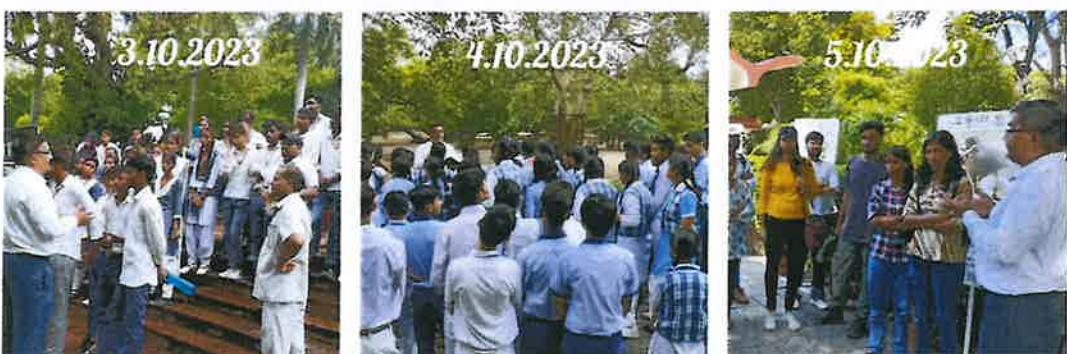

After

3.2) Public Awareness Programmes: The zoo took a proactive approach in educating and enlightening its visitors about the significance of maintaining a clean environment and the crucial importance of wildlife conservation. To achieve this, information booths were set up, adorned with informative displays and materials.

3.3.Scrap Identification and Disposal: The identification and safe disposal of scrap materials were among the foremost priorities during the campaign. This concerted effort contributed to creating a safer and cleaner environment for both the zoo's inhabitants and the visiting public. Around 1 ton of scrap was discovered during the campaign, including more than 500Kg of metal scraps, which includes Porta cabin, water tanker, DFMD, Kutt Machince, Water cooler, Furniture, megaphone, UPS, spray machine etc. Scrap disposal will take place via E-auction.

3.4. Cleaning of Enclosures: In line with the commitment to animal welfare and the provision of a healthy habitat for the zoo's residents, volunteers and staff members dedicated their time and efforts to the thorough cleaning of animal enclosures.

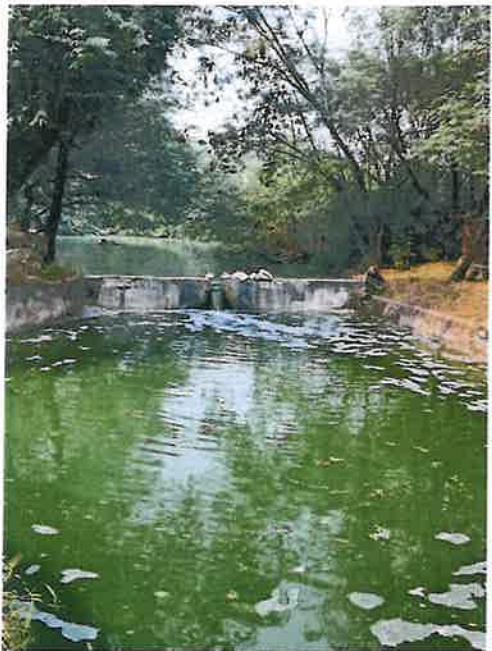

Before

After

Before

After

3.5. Awareness via Banners and Social Media: To reach a broader audience and amplify the impact of the campaign, the zoo employed banners, posters, and leveraged social media platforms to disseminate crucial information related to cleanliness and environmental conservation. This digital outreach, combined with traditional methods, contributed to spreading the message far and wide.

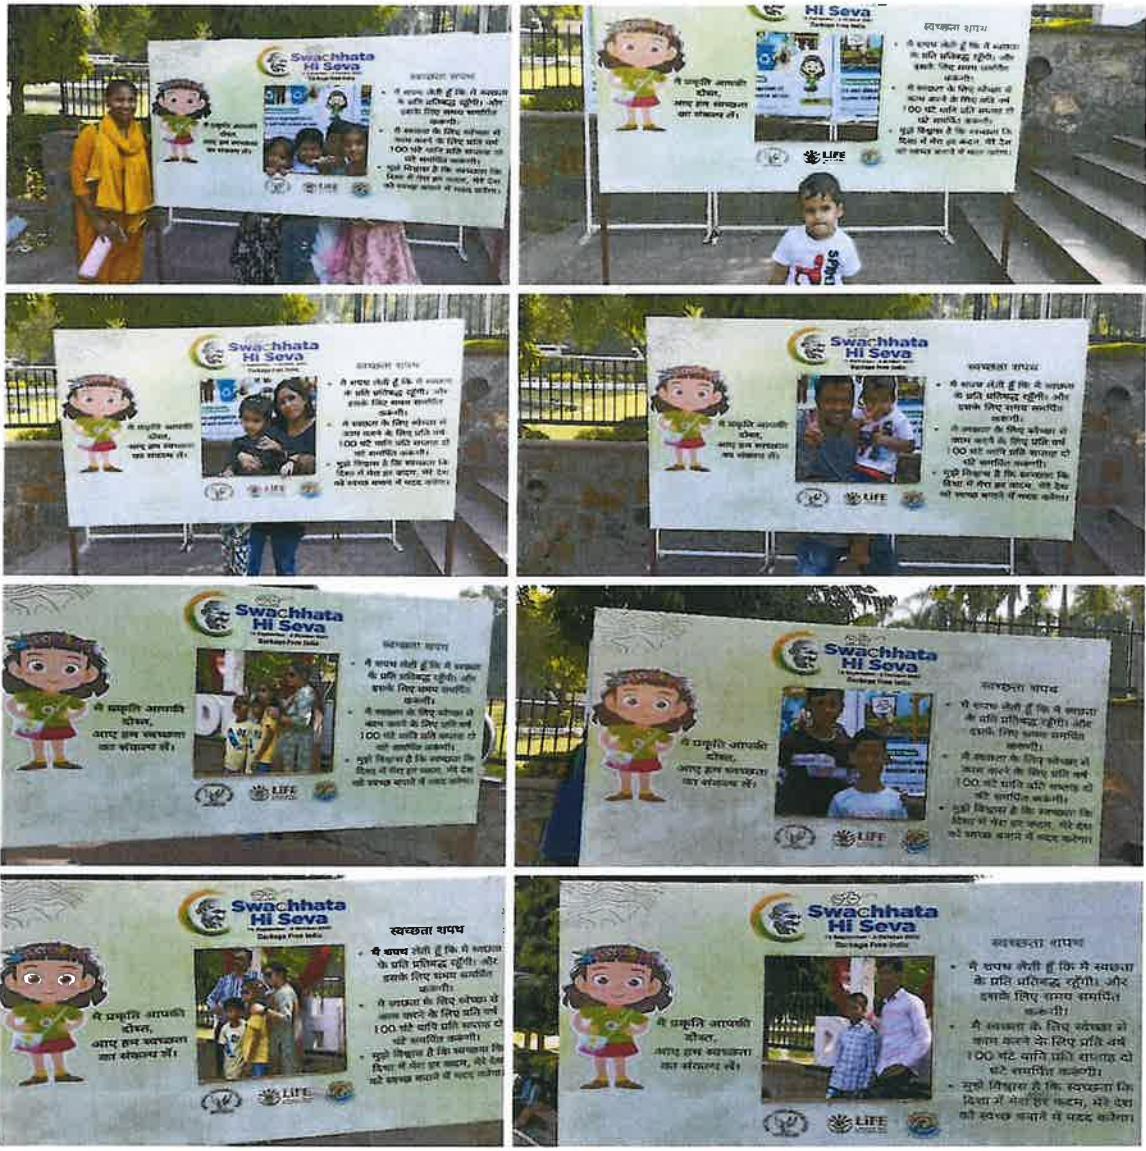

3.6. Pledge-Taking: A pivotal part of the campaign was the encouragement of visitors and participants to take a solemn pledge to maintain cleanliness, not only within the zoo's premises but also in their daily lives. This pledge-taking activity played a significant role in fostering a sense of responsibility and accountability among the participants, reinforcing the core message of the campaign.

Impact

The Special Swachhata Campaign 3.0, as executed by the National Zoological Park, had a profound impact on the cleanliness and awareness levels within the park. The participation of the honorable minister and the commitment of volunteers underscored the government's unwavering dedication to the campaign's objectives. Beyond the confines of the zoo, this initiative helped in

creating a more eco-conscious and responsible community among the zoo's visitors, thereby extending the campaign's reach and impact.

Conclusion

The National Zoological Park's active involvement in the Special Swachhata Campaign 3.0 exemplifies the zoo's dedication to promoting cleanliness, environmental awareness, and responsible citizenship. The campaign was not only successful in improving the conditions within the zoo but also in inspiring citizens to adopt cleaner and greener practices in their daily lives. It stands as a testament to the power of collective effort in advancing a cleaner and healthier India and showcases the zoo's commitment to fostering environmental consciousness and wildlife conservation as integral parts of its mission. The Special Swachhata Campaign 3.0, as executed by the National Zoological Park, stands as a beacon of hope for a cleaner, more sustainable future for the nation.

World Sloth Bear Day:

National Zoological Park, New Delhi (Delhi Zoo) has celebrated **World Sloth Bear Day** on 12.10.2023 with an engaging and educational event attended by 150 enthusiastic students. The day was dedicated to raising awareness about the importance of the sloth bear and promoting sustainable living practices.

The event commenced with a warm welcome to the students, who were eager to embark on a zoo walk that would provide them with a unique opportunity to witness the captivating sloth bears up close. After the enlightening zoo walk, the students gathered for an informative session that highlighted the significance of the sloth bear in the ecosystem. The activities then followed by a video presentation on Mission LiFE. In a heartwarming conclusion to the event, all 150 students, filled with a newfound sense of purpose, took a collective pledge to live a sustainable life. They vowed to reduce their environmental footprint, contribute to wildlife conservation efforts, and raise awareness about the significance of the sloth bear and its habitat. The programme was concluded by vote of thanks and refreshment.

Mass Awareness Campaign under Mission-LiFE

National Zoological Park in collaboration with National Museum of Natural History successfully completed the day 2 of the Mass Mobilisation for Mission LiFE. The campaign is organized for one month which will continue till 5th June, 2023. The purpose behind this activity is to spread awareness among present generation about importance of sustainable lifestyle.

The LiFE (Lifestyle for the Environment) movement is a global initiative launched by the Honourable Prime Minister of India to rehash the country's climate change

commitments and to bring individual behaviours at the forefront of the global climate action narrative. The movement is an India-led global mass movement to nudge individual and community action to protect and preserve the environment by promoting an environmentally conscious lifestyle that focuses on mindful and deliberate utilization of resources instead of mindless and destructive consumption. In line with the objectives of this movement, the purpose of Mass Awareness Campaign is to create awareness about LiFE for adapting to lifestyle changes realign for environment conservation

The second day of campaign was begun with the zoo visit of 155 school students and 55 students of Uttar Pradesh Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go-Anusandhan Sansthan. After the visit, the participants were introduced with the objectives of Mission LiFE and a pledge on Mission-LiFE also took place which was then followed by a signature campaign where all the participants were encouraged to write their idea to follow the objectives of Mission LiFE. In addition to these activities, a film on Mission LiFE was screened to the participants.

The day was wrapped up with a bicycle rally which aims to promote the theme of save energy under Mission LiFE. The purpose of organising this programme in the National Zoological Park was to create awareness and connect people in order to promote the notion of a Sustainable Lifestyle by staying connected to nature. The programme concluded with Vote for LiFE slogans.

Conservation Breeding Programme

CZA has identified about 70 endangered species for conservation breeding. It was felt that Indian Zoo should have at least 100 properly and scientifically bred individuals of each endangered species in captivity, to act as an insurance cover in case of population loss of species in wild.

In order to achieve above objectives, CZA has identified coordinating and participating zoos in India. They have been asked to construct appropriate enclosures for targeted species. National Zoological Park, New Delhi has successfully bred number of endangered animals and birds.

At present, This park participating zoo for the conservation breeding for the following species:

- A. Asiatic Lion
- B. India Rhinoceros
- C. Sangai Deer
- D. Red Jungle Fowl
- E. Bengal Tiger

- Release and naming ceremony of 2 white tiger cubs, was held on 20th April, 2023. Honorable Minister Shri Bhupender Yadav, Ministry of Environment, Forest & Climate Change named the tiger cubs as Avni and Vyom and released them in the arena. The event was packed with activities.

Conservation Breeding

White Tiger Release

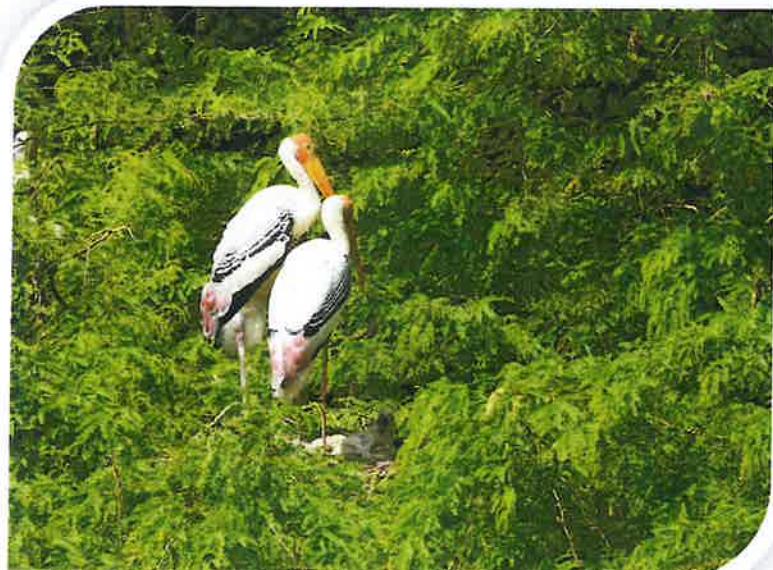

Bengal Tiger Release

Research work Carried out and Publication

National Zoological Park is the ideal place for scientific research in the field of animal and applied sciences and due to this every year research scholars come to do various research in filed maintain stud books and animals history cards, study of nutrition, chemical analysis, pathology and parasitology of endangered animals.

28	Eld's Deer (Brow-antlered Deer)	<i>Rucervus eldii</i>	Adult	M	20-May-23	Traumatic shock
29	Silver Pheasant	<i>Lophura nycthemera</i>	Old	M	20-May-23	Enteritis/Senility
30	Indian Muntjac	<i>Muntiacus muntjak</i>	Old	F	21-May-23	Senility
31	Silver Pheasant	<i>Lophura nycthemera</i>	Adult	M	21-May-23	Traumatic shock
32	Kalij Pheasant	<i>Lophura leucomelanos</i>	Old	F	25-May-23	Senility/Shock
33	Alexandrine Parakeet	<i>Psittacula eupatria</i>	Old	M	26-May-23	Senility/Shock
34	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	27-May-23	Traumatic shock
35	Zebra Finch	<i>Taeniopygia guttata</i>	Adult	M	27-May-23	Shock
36	Indian Muntjac	<i>Muntiacus muntjak</i>	Adult	F	28-May-23	Traumatic shock
37	Emu	<i>Dromaius novaehollandiae</i>	Old	F	28-May-23	Senility
38	Zebra Finch	<i>Taeniopygia guttata</i>	Adult	M	28-May-23	Shock
39	Zebra Finch	<i>Taeniopygia guttata</i>	Adult	M	30-May-23	Shock
40	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	31-May-23	Shock (Enteritis)
41	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	31-May-23	Shock (Enteritis)
42	Red Junglefowl	<i>Gallus gallus</i>	Old	M	5-Jun-23	Senility/Shock (Enteritis)
43	Zebra Finch	<i>Taeniopygia guttata</i>	Adult	F	5-Jun-23	Shock
44	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	6-Jun-23	Shock (Enteritis)
45	Red Junglefowl	<i>Gallus gallus</i>	Adult	M	9-Jun-23	Traumatic shock
46	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	10-Jun-23	Enteritis
47	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	F	11-Jun-23	Enteritis
48	Red Junglefowl	<i>Gallus gallus</i>	Adult	M	15-Jun-23	Shock (Heat Stroke)
49	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	F	19-Jun-23	Egg bound/Urinary Failure
50	Blackbuck	<i>Antilope cervicapra</i>	Adult	F	24-Jun-23	Shock
51	Emu	<i>Dromaius novaehollandiae</i>	Old	M	26-Jun-23	Senility
52	Emu	<i>Dromaius novaehollandiae</i>	Old	F	26-Jun-23	Senility
53	Green Cheeked Conure	<i>Pyaahura malinae</i>	Adult	M	1-Jul-23	Shock
54	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	2-Jul-23	Enteritis

S.No.	Animal Name	Scientific Name	Age	Sex	Date of Death	Reason of Death
55	Indian Hog Deer	<i>Hyelaphus porcinus</i>	Adult	M	2-Jul-23	Traumatic shock
56	Blackbuck	<i>Antilope cervicapra</i>	Adult	M	5-Jul-23	Traumatic shock
57	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	5-Jul-23	Enteritis/Traumatic Shock
58	Indian Hog Deer	<i>Hyelaphus porcinus</i>	Old	M	6-Jul-23	Senility
59	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	9-Jul-23	Shock
60	Sambar Deer	<i>Rusa unicolor</i>	Adult	M	9-Jul-23	Shock/Senility
61	Chital/ Spotted Deer	<i>Axis axis</i>	Adult	F	9-Jul-23	Shock

74	Red Junglefowl	<i>Gallus gallus</i>	Adult	F	2-Aug-23	shock
75	Red Junglefowl	<i>Gallus gallus</i>	Adult	M	4-Aug-23	Shock
76	Indian Muntjac	<i>Muntiacus muntjak</i>	Old	F	7-Aug-23	Senility/Shock
77	Indian Muntjac	<i>Muntiacus muntjak</i>	Adult	M	12-Aug-23	Shock
78	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	F	12-Aug-23	Shock
79	Chital/ Spotted Deer	<i>Axis axis</i>	Old	M	15-Aug-23	Senility
80	Eld's Deer (Brow-antlered Deer)	<i>Rucervus eldii</i>	Adult	M	19-Aug-23	Traumatic shock
81	Blackbuck (leucistic/white)	<i>Antilope cervicapra</i>	Old	M	23-Aug-23	Senility
82	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	24-Aug-23	Shock/Senility
83	Eld's Deer (Brow-antlered Deer)	<i>Rucervus eldii</i>	Old	M	24-Aug-23	Senility
84	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	27-Aug-23	Shock
85	Zebra Finch	<i>Taeniopygia guttata</i>	Adult	F	29-Aug-23	Shock
86	Blackbuck	<i>Antilope cervicapra</i>	Adult	F	31-Aug-23	shock
87	Himalayan Goral	<i>Naemorhedus goral</i>	Old	M	1-Sep-23	Senility
88	Eld's Deer (Brow-antlered Deer)	<i>Rucervus eldii</i>	Old	M	11-Sep-23	Senility/Shock
89	Indian Muntjac	<i>Muntiacus muntjak</i>	Old	F	16-Sep-23	Senility
90	Zebra Finch	<i>Taeniopygia guttata</i>	Adult	F	27-Sep-23	Shock/Enteritis
91	Blackbuck (leucistic/white)	<i>Antilope cervicapra</i>	Old	F	28-Sep-23	Senility
92	Blackbuck	<i>Antilope cervicapra</i>	Old	F	5-Oct-23	Senility
93	Indian Muntjac	<i>Muntiacus muntjak</i>	Old	F	13-Oct-23	Senility/Traumatic Shock
94	Indian Muntjac	<i>Muntiacus muntjak</i>	Adult	M	20-Oct-23	Traumatic shock
95	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	F	25-Oct-23	shock
96	Indian Hog Deer	<i>Hyelaphus porcinus</i>	Adult	F	26-Oct-23	Actual Renal failure/ shock
97	Indian Rock Python	<i>Python molurus</i>	Baby	M	26-Oct-23	Enteritis
98	Indian Muntjac	<i>Muntiacus muntjak</i>	Old	F	29-Oct-23	Traumatic shock/ senility
99	Zebra Finch	<i>Taeniopygia guttata</i>	Adult	F	29-Oct-23	Shock
100	Zebra Finch	<i>Taeniopygia guttata</i>	Adult	M	31-Oct-23	Traumatic Shock
101	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	F	1-Nov-23	Shock
102	Knob-billed Duck	<i>Sarkidiornis melanotos</i>	Old	M	1-Nov-23	Enteritis
103	Indian Hog Deer	<i>Hyelaphus porcinus</i>	Adult	F	6-Nov-23	Traumatic shock
104	Blackbuck	<i>Antilope cervicapra</i>	Old	F	15-Nov-23	Senility
105	Hamadryas Baboon	<i>Papio hamadryas</i>	Adult	F	15-Nov-23	Shock/ senility
106	Red Junglefowl	<i>Gallus gallus</i>	Old	F	17-Nov-23	Shock/ senility
107	Blackbuck	<i>Antilope cervicapra</i>	Adult	F	18-Nov-23	Traumatic Shock
108	Indian Muntjac	<i>Muntiacus muntjak</i>	Old	M	20-Nov-23	Senility
109	Indian Hog Deer	<i>Hyelaphus porcinus</i>	Old	M	25-Nov-23	Senility / Pleurisy
110	Blackbuck (leucistic/white)	<i>Antilope cervicapra</i>	Adult	F	26-Nov-23	Traumatic shock
111	Emu	<i>Dromaius novaehollandiae</i>	Old	M	1-Dec-23	Senility
112	Indian Muntjac	<i>Muntiacus muntjak</i>	Adult	F	2-Dec-23	Traumatic shock/ Metritis
113	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	3-Dec-23	Shock

S.No.	Animal Name	Scientific Name	Age	Sex	Date of Death	Reason of Death
114	Sun Conure, Sun Parakeet	<i>Aratinga solstitialis</i>	Old	M	3-Dec-23	Enteritis / Shock
115	Blackbuck	<i>Antilope cervicapra</i>	Adult	F	6-Dec-23	Traumatic shock
116	Jungle Cat	<i>Felis chaus</i>	Old	M	6-Dec-23	Senility / Enteritis
117	Scaly-breasted Munia	<i>Lonchura punctulata</i>	Adult	M	8-Dec-23	Shock
118	Chinkara	<i>Gazella bennettii</i>	Adult	M	13-Dec-23	Shock
119	Blackbuck (leucistic/white)	<i>Antilope cervicapra</i>	Old	F	14-Dec-23	Senility
120	Indian Wolf	<i>Canis lupus pallipes</i>	Old	F	18-Dec-23	Senility
121	Blackbuck	<i>Antilope cervicapra</i>	Old	M	19-Dec-23	Senility
122	Eld's Deer (Brow-antlered Deer)	<i>Rucervus eldii</i>	Adult	M	20-Dec-23	Traumatic shock
123	Blackbuck (leucistic/white)	<i>Antilope cervicapra</i>	Old	M	4-Jan-24	Senility
124	Eld's Deer (Brow-antlered Deer)	<i>Rucervus eldii</i>	Old	M	4-Jan-24	Senility
125	Chital/ Spotted Deer	<i>Axis axis</i>	Adult	M	7-Jan-24	Traumatic shock
126	Jaguar	<i>Panthera onca</i>	Old	M	13-Jan-24	Senility
127	Pygmy Slow Loris	<i>Nycticebus pygmaeus</i>	Old	M	13-Jan-24	Pneumonitis/ senility
128	Indian Muntjac	<i>Muntiacus muntjak</i>	Old	M	20-Jan-24	Senility
129	Chital/ Spotted Deer	<i>Axis axis</i>	Old	F	24-Jan-24	Senility
130	Blackbuck	<i>Antilope cervicapra</i>	Adult	M	26-Jan-24	Traumatic shock
131	Indian Muntjac	<i>Muntiacus muntjak</i>	Adult	M	28-Jan-24	Traumatic shock
132	Nilgai	<i>Boselaphus tragocamelus</i>	Adult	F	28-Jan-24	Metritis/ Traumatic Shock
133	Emu	<i>Dromaius novaehollandiae</i>	Old	M	30-Jan-24	Senility / Enteritis
134	Silver Pheasant	<i>Lophura nycthemera</i>	Old	F	4-Feb-24	enteritis
135	Eld's Deer (Brow-antlered Deer)	<i>Rucervus eldii</i>	Old	M	7-Feb-24	Senility
136	Budgerigar	<i>Melopsittacus undulatus</i>	Adult	M	8-Feb-24	Enteritis
137	Blackbuck (leucistic/white)	<i>Antilope cervicapra</i>	Adult	M	9-Feb-24	Pleurisy
138	Blackbuck (leucistic/white)	<i>Antilope cervicapra</i>	Old	M	9-Feb-24	Senility
139	Indian Rock Python	<i>Python molurus</i>	Adult	M	16-Feb-24	Pneumoitis
140	Chinkara	<i>Gazella bennettii</i>	Old	M	17-Feb-24	Senility/ Shock
141	Sambar Deer	<i>Rusa unicolor</i>	Old	M	22-Feb-24	Senility/ Enteritis
142	Indian Bison, Gaur	<i>Bos gaurus</i>	Adult	F	24-Feb-24	senility
143	Indian Hog Deer	<i>Hyelaphus porcinus</i>	Old	M	29-Feb-24	Senility
144	Wild Boar	<i>Sus scrofa</i>	Old	F	5-Mar-24	Traumatic Shock
145	Indian Star Tortoise	<i>Geochelone elegans</i>	Adult	M	18-Mar-24	Pneumonitis
146	Blackbuck (leucistic/white)	<i>Antilope cervicapra</i>	Adult	F	21-Mar-24	Respiratory Failure
147	Four-horned Antelope	<i>Tetracerus quadricornis</i>	Adult	F	28-Mar-24	Shock/Pregnancy Toxemia
148	Bengal Monitor	<i>Varanus bengalensis</i>	Adult	M	31-Mar-24	Enteristis

NATIONAL ZOOLOGICAL PARK NEW DELHI							
DETAILS OF DEATHS INCLUDING							
DEATHS OF RESCUED ANIMALS BY DELHI GOVERNMENT & OTHER AGENCIES AND KEPT IN ZOO							

FROM 01st APRIL 2023 to 31st MARCH 2024

S.No.	Animal Name	Scientific Name	Age	Sex	Date of Receipt	Date of Death	Reason of Death
1	Bengal Hanuman langur	<i>Semnopithecus entellus</i>	Old	Male	15/12/2021	12-Jul-23	Senility
2	Rhesus Macaque	<i>Macaca mulatta</i>	Adult	Male		14-Dec-23	Shock
3	Emu	<i>Dromaius novaehollandiae</i>	Old	Male	21-May-23	21-May-23	Senility
4	Love Bird	<i>Agapornis Swindernianus</i>	Adult	Male	16-Jan-24	16-Jan-24	Enteritis

List of Free Living Wild Animals Within the zoo premises

MAMMALS	
Sr.No.	Name
1	Palm Civet
2	Porcupine
3	Mongoose
4	Five Striped Squirrel
5	Bats

REPTILES	
Sr.No.	Name
1	Cobra
2	Rat snake
3	Common Krait
4	Monitor lizard

BIRDS		
Sr.No.	Name	Specification
1	Pintail Duck	Migratory ,winter visitor and common in all ponds during summer.
2	Spot-bill or Grey Duck	Resident and common breeds in zoo ponds during summer.
3	Shoveller	Migratory,winter visitor,common in all ponds of zoo.
4	Comb Duck	Resident and common winter visitor.
5	Common Teal	Migratory ,winter visitor.
6	White or rosy pelican	Zoo born, free ranging, fly by & come back.
7	Little Cormorant	Summer visitor, fairly in good number .Breeds in zoo ponds during April-June
8	Darter or Snake Bird	Fewer in number
9	Indian Pond Heron or Paddy Bird	Common and breeds during April-July.

10	Nigh Heron	Common during summer and breeds during March-July.
11	Little Egret	Summer visitors breeds along with herons.
12	Cattle Egret	Summer visitor common in zoo ponds and breeds with herons.
13	White Ibis	Not very common ,Breed during July - September.
14	Painted Stork	Arrives zoo in august -September Breeds in zoo ponds during Sept.-Jan. incubation period about 30 days
15	Common Pariah	Abundant. Winter visitors Breeds during Nov - April. Incubation period 30 days.
16	Shikra	Winter Visitor
17	Peafowl Indian	Common in Zoo.
18	Grey Partridge	Fewer in number
19	White Breasaed water hen	Common in zoo ponds and breeds.
20	Indian Moorhen	Fewer in number
21	Stone Curlew	Winter Visitor ,breeds during March - May.
22	Common sand piper	Fewer in number
23	Red wattled Lapwing	Very common breeds during March -June
24	Common Green pigeon	Flocks seen during winter
25	Blue Rock pigeon	Very common .
26	Little Brown Dove	Common and breeds during summer.
27	Spotted Dove	Common
28	Red Turtle Dove	Common
29	Ring Dove	Common and breeds during summer.
30	large Indian Parakeet	Common and breeds in zoo
31	Rose Indian parakeet	Common and breeds in zoo
32	Koel	Common during rainy season
33	Crow Pheasant or Coucal	Fewer in number
34	Pied - Crested Cuckoo	Seen during summer
35	Spotted owler	Fewer, breeds during winter
36	Barn owl	Fewer
37	Palm swift	Fewer, usually fly over the pond near office.
38	Pied king -fisher	Common, seen fishing in ponds & moats.
39	White Breasted King -fisher	Common, seen fishing in the ponds & moats.
40	Common King - fisher	Common ,seen fishing in the pond & moats.
41	Roller or Blue Jay	Common seen during summer.
42	Indian Hoopoe	Common and breeds during summer
43	Blue Throated Barbet	Commonly seen during summer and breeds in zoo during March-April.
44	Crimson Breasted Barbet	Common during summer and breeds in zoo during March - april.
45	Yellow fronted pied	Common during summer and breeds
46	Jungle Crow	Fewer in number
47	House Crow	Very Common & breeds during winter
48	Tree pie	Resident & common

49	Common Babbler	Resident & common
50	Yellow-eyed Babbler	Very common & resident.
51	Jungle Babbler	Common & resident.
52	Redvented Bulbul	Common during summer & breeds during April-June
53	White-cheecked Bulbul	Common seen during summer & breeds during April - June
54	Red - Whiskered Bulbul	Commonly during summer & breeds during April -June.
55	Indian Robin	Common & resident.
56	Magpie Robin	Common and nest during summer.
57	Bay- backed shrike	Common & resident nest during April- June
58	Black Drongo or King Crow	Common & resident nest during April - JUNE
59	Tailor Bird	Common & breeds during winter
60	Streak Fantail Warbler	Common & resident
61	Ashy Wren Warbler	Common & resident
62	Brahiny Myna	Common ,breeds during summer
63	Common Myna	Common ,breeds during summer
64	Common weaver bird	Common, Builds nests during summer
65	White Throated Munia	Fewer & resident
66	Red Munia or waxbill	Fewer & resident
67	Large pied Wagtail	Common during winter
68	Yellow headed wagtail	Common during winter
69	White - eye	Common
70	Common Swallow	Wnter Visitor
71	Purple Sunbird	Commom,nests during March - April
72	Blue thorat	Winter migrant and common
