## **1. Report of the Officer-in-charge**

PfA Bengaluru, is a non-profit animal welfare organisation, founded in 1998. The centre rescues, treats and rehabilitates urban wild animals, to ultimately release them back into their natural habitats. These urban wild animals, found in and around the city, are injured, displaced or orphaned due to various causes. The centre is open 24x7, year-round.

Since its inception, PfA Bengaluru has rescued over 34,900 urban wild animals, of 215 species. From conducting awareness drives in schools, colleges, offices and communities, to initiating special programs, such as replenishing the water sources in fringe forests, PfA has been instrumental in the conservation of environment and wildlife in and around Bangalore over the years.

## **2. History of the Rescue Centre**

Namrata Dugar, AlpanaBhartia, Gauri Maini Hira and Arushi Poddar shared a profound enthusiasm for the conservation of the environment, and the protection of animals. In the latter half of the 1990s, while in their late 20s, these passionate young women decided to come together and work for the welfare and protection of animals in and around Bangalore city. In 1996, when they invited Mrs Maneka Gandhi to inaugurate an event they conducted at Bal Bhavan in Cubbon Park, they had little idea about the impact of what they had started. Though the initial purview was to serve all kinds of animals, they soon realized the necessity to look after the much-disregarded category of urban wildlife in the city. The campaigns they conducted against the exploitation of animals for circuses, ritual hunting in the neighbouring villages of Bangalore, and illegal camel slaughters, caught the eye of the authorities and public alike, and bore fruitful results. These campaigns were arduous, especially the one to stop the practice of ritual hunting. It took almost two years to yield a result, in the face of deep aggression from people. There were also many raids to confiscate protected animals that were being used for commercial exploitation. The first centre was a little garage near Shivananda Circle, around central Bangalore. Over time, PfA carved a name for itself in the environmental and wildlife landscape of Bangalore. A lease for a 6-acre, untamed plot of land on the outskirts of the city became the home to what is today the People for Animals, Bangalore.

## **3. Vision**

People for Animals, Bangalore strive to be a model wildlife rescue centre in the country. It aims to rescue urban wildlife including confiscated wild animals with the ultimate goal of releasing back into its natural habitat. With the resources at hand PfA Bangalore can become a centre of excellence for training other veterinarians and rehabilitators in the field. Giving immediate aid to an animal in distress is always our goal.

## **4. Mission**

PfA works towards rescue, treatment, rehabilitation and release of urban wildlife be it mammals, reptiles or snakes. Conservation of wildlife is achieved by PfA through direct intervention in cases of sick, injured, orphaned or displaced animals.

## 5. Objective

The objectives of PfA Bangalore are as follows:

1. To be dedicated to the rescue, emergency medical care and rehabilitation of injured, orphaned and / or displaced urban wildlife.
2. To release healthy animals back into the wild with the help of the Karnataka Forest Dept. when required.
3. To promote the welfare of all animals through awareness programs, workshops and lectures on different classes of wild animals such as mammals, aves and reptiles.
4. To raise funds for animals in distress in different parts of the country through the network of PfAs around India.
5. To fight against illegal exotic pet trade and work in collaboration with different organisations to confiscate animals protected under CITES and the Wildlife Protection Act and ensure their proper relocation / release.
6. To provide lifetime care for animals that cannot survive on their own in the wild due to injuries that have led to permanent disabilities.

## 6. About us

S.No.	Particulars	Information
<b>Basic Information about the Rescue Centre</b>		
1	Name of the Rescue Centre	PfA wildlife rescue and conservation center.
2	Year of Establishment	1998
3	Address of the Rescue Centre	#67, Adjacent to BGS Global Hospital Uttarhalli-Kengeri Road, Kengeri, Bangalore-560060.
4	State	Karnataka.

S.No.	Particulars	Information
5	Telephone Number	+91 9900025370 / 9980339880
6	Fax Number	None
7	E-mail address	<a href="mailto:gm@peopleforanimalsbangalore.org">gm@peopleforanimalsbangalore.org</a>
8	Website	Peopleforanimalsbangalore.org
9	Distance from nearest	Airport: 52 Km
		Railway Station: 3.2 Km
		Bus Stand:3.1 Km
10	Recognition Valid upto (Date)	11/12/2024( Inspection for renewal of recognition was done on 7 <sup>th</sup> of march 2022)
11	Area (in Hectares)	2.584 hectares

**Management Personnel of the Rescue Centre**

S.No.	Particulars	Information
12	Name with designation of the Officer in-charge	Colonel Dr.Navaz Shariff  Chief veterinarian and general manager
	Name of the Veterinary Officer	Colonel Dr.Navaz Shariff
	Name of the Curator	Rahul J
	Name of the Biologist	NONE
	Name of the Compounder/ Lab Assistant	Vasanth R
<b>Owner / Operator of the Rescue Centre</b>		
13	*Name of the Operator	Colonel Dr.Navaz Shariff
14	Address ` of the Operator	People for Animals,# 67, Adjacent to BGS Global Hospital, UttarahalliKengeri Main Road, Kengeri, Bangalore – 560060.

*\* Rule 2(m) of the Recognition of Zoo Rules, 2009.*

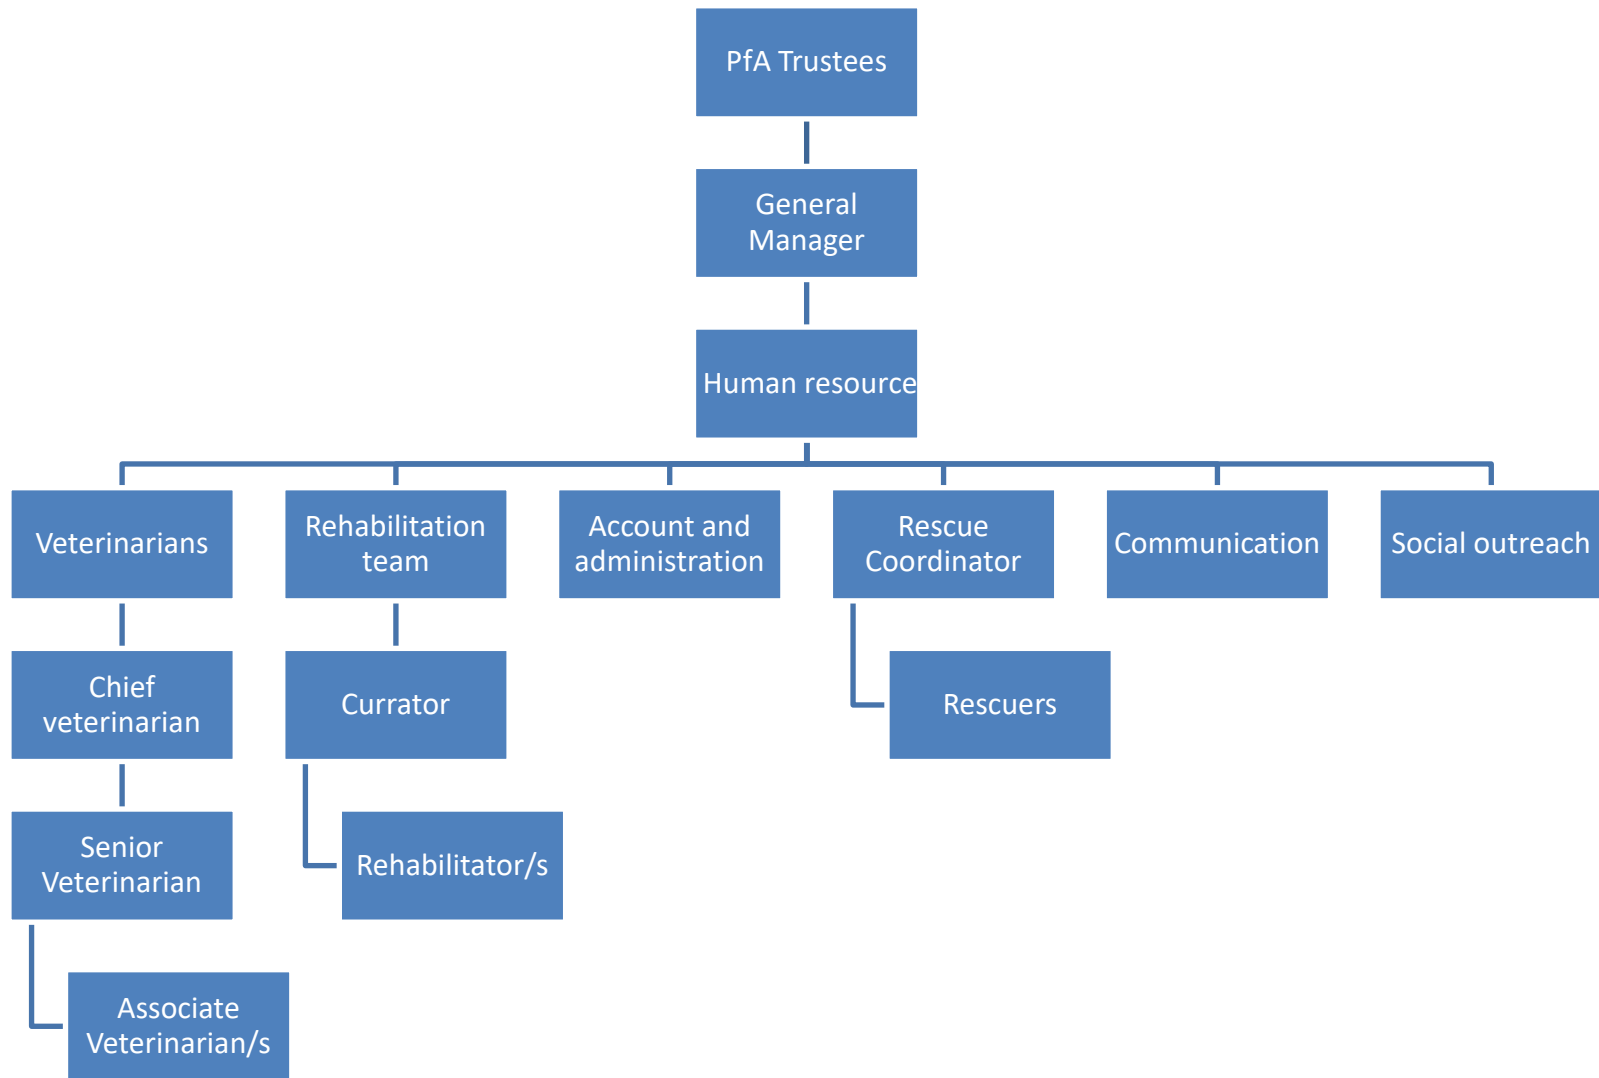

*“Zoo Operator” means the person who has ultimate control over the affairs of the zoos provided that \_\_\_\_\_*

*I. in the case of a firm or other association of individuals, any one of the individual partners or members thereof; or*

*II. in the case of a company, any director, manager, secretary or other officer, who is in-charge of and responsible to the company for the affairs of the zoo; or*

*III. In case of zoo owned or controlled by the Central Government or any State Government or Union Territory Administration or any Trust or Society funded by the Central Government or a State Government or a Union Territory Administration, the Secretary of the concerned Department of that Government, or as the case may be the Union Territory Administration, shall be deemed to be the Zoo Operator*

## 7. Organizational Chart of the Rescue Centre

**8. Human Resources deployment for management of Rescue Centre(Officer in-charge to Animal Keeper - Sanctioned posts, in-position and vacant posts)**

**Human Resources of the Rescue Centre\***

Sl.No.	Designation	Number of Sanctioned Posts	Names of the incumbent
1.	General Manager/ Chief Wildlife Veterinarian	1	Colonel. Dr.Navaz Shariff
2	Human resource Manager	1	Nanditha Urs S
3	Senior Wildlife Veterinarian	1	Dr.Madhav H V
4	Veterinarians	1	Dr.Jayanth K V Dr. Dhanush Yellappa
5	Wildlife Currator	1	Rahul J
6	Wildlife Rehabilitator	2	Vasanth R Srinivas M
7	Rescue Coordinator	1	Salman Khan
8	Accounts Executive	2	Chithra J.M. Lakshmi Sagar
9	Humane Outreach / Utilities In-charge	1	Fernandis
10	Fundraising Officer	1	Nandhitha Urs S
11	Community Outreach Officer	1	Shreyas Jain

12	Content creator	1	Vipin
13	Social outreach officer	1	Shreyas Jain
14	PR/Communication officer	1	Sneha Salagame
15	Wildlife Rescuers	4	Mohan Anand, B. N. Bharath Jagadeeshwaran
16	Driver	1	Mohan
17	Ground Staff	7	Jagadeesh kumar Deepa Meganath Bhagyamma Harish Latha Anand Somanna

\*Please give above mentioned information in respect of all Rescue Centre personnel, from the Officer in-charge up to the Animal Keeper.

## **9.Capacity Building of Rescue Centre personnel**

- CZA Capacity Building workshop for zoo Educator
- CZA Capacity Building workshop for Veterinarians
- Science of Snake by The Liana Trust
- Essential skill training program for paravets
- BBBP(Bengaluru Bannerghatta Biological Park) Avian nutrition and aviary management

## **10.Rescue Centre Advisory Committee –**

**a. Date of constitution:** 14.03.2017

**b. Members:** Mrs. Suparna Ganguly, Mrs Alpana Bhartia and Mr Prem Koshy

**Dates on which Meetings held during the year:** 15th May 2023, 7th August 2023, 1st Dec 2023 ,4th Jan 2024

## **11.Health Advisory Committee of the Rescue Centre –**

**c. Date of constitution:**Always present from Day 1 of the Rescue Centre being established

**d. Members:** Mrs.Alpana Bhartia, Mrs. Suparna Ganguly (Since 14.03.17), and the Veterinary team.

**Dates on which Meetings held during the year:** First week of every month

## 12.Statement of income and expenditure of the Rescue Centre

Month	Income	Expenditure
April	2297635	1316253

December	1316442	1673101
January	1629638	1494562
February	1891604	1731165
March	2655327	1708592
<b>TOTAL</b>	<b>2,02,79,951</b>	<b>1,91,49,342</b>

### 13. Daily feed Schedule of animals

Sl.No.	Species	Feed item	Quantity (g) / day		Day of fasting
			Winter	Summer	
1.	Bonnet Macaque (Adult)	Vegetables (Mixed)	400	400	None
		Fruits (Mixed)	400	400	
		Sprouts	200	200	
	Bonnet Macaque (Neonates and Juveniles)	Lactogen (Stage III)	10 to 100 ml	10 to 100 ml	None
		Vegetables (Mixed)	50 – 150	50 – 150	
		Fruits (Mixed)	50 – 150	50 – 150	
		Sprouts	25 – 80	25 – 80	
2.	Three Striped Palm Squirrel (Neonates and Juveniles)	Feeding formula	0.5 to 1 ml	0.5 to 1 ml	None
		Fruits	5 – 15	5 – 15	
		Sunflower seeds	2 – 4	2 – 4	
	Three Striped Palm Squirrel (Sub adults and Adults)	Fruits	15 – 25	15 – 25	None
		Sunflower seeds	4 – 6	4 – 6	

		Ground nut	10	10	
2.	Black Kite (Chick)	Meat	30 – 100	30 – 100	None
	Black Kite (Adult)	Meat	100 – 120	100 – 120	
3.	Brahminy Kite (Chick)	Meat	30 – 100	30 – 100	None
	Brahminy Kite (Adult)	Meat	100 – 120	100 – 120	
4.	Rose Ringed Parakeet (Adult)	Fruits	40	40	None
		Seeds	6 – 8	6 – 8	
		Sprouts	20	20	
	Rose Ringed Parakeet (Chick)	Fruits	25	25	
		Seeds	3 – 5	3 – 5	
		Sprouts	10	10	
5.	Barn Owl (Chick)	Meat	50 – 100	50 – 100	None
		Dead Mice	1 / two days	1 / two days	
	Barn Owl (Adult)	Meat	120	120	
		Live / Dead Mice	1	1	
6.	Spotted Owlet (Chick)	Meat	20 – 40	20 – 40	None
		Dead mice (minced)	10 – 20	10 – 20	
	Spotted Owlet (Adult)	Meat	60	60	

		Mice (Sub adult)	1	1	
		Worms	25 – 30	25 – 30	
7.	Crow (Chick)	Meat	20 – 40	20 – 40	None
		Fruits	20 – 30	20 – 30	
	Crow (Adult)	Meat	50 – 75	50 – 75	
		Fruits	30 – 40	30 – 40	
8.	Asian Koel (Chick)	Meat	20 – 40	20 – 40	None
		Fruits	20 – 40	20 – 40	
	Asian Koel (Adult)	Meat	30 – 40	30 – 40	
		Fruits	40 – 50	40 – 50	
9.	Pond Heron (Chick)	Fish	50 – 80	50 – 80	None
		Worms	10 – 15	10 – 15	
	Pond Heron (Adult)	Fish	80 – 100 nos.	80 – 100 nos.	
		Worms	20 – 25	20 – 25	
10.	Cattle Egret (Chick)	Worms	10 – 20	10 – 20	None
	Cattle Egret (Adult)	Worms	20 – 30	20 – 30	
11.	Peafowl (Chick)	Worms	10 – 20	10 – 20	None
		Fruits	20 – 100	20 – 100	
		Sprouts	20 – 40	20 – 40	

		Boiled Egg with shell	Half	Half	
	Peafowl (Adult)	Worms	30 – 50	30 – 50	None
		Fruits	200	200	
		Sprouts	100	100	
		Boiled Egg with shell	1	1	
12.	Barbet (Chick)	Worms	10 – 15	10 – 15	None
		Fruits	10	10	
	Barbet (Adult)	Fruits	15 – 20	15 – 20	
13.	BulBul (Chicks)	Worms	5 – 10	5 – 10	None
		Fruits	5 – 10	5 – 10	
	BulBul (Adult)	Worms	2 – 5	2 – 5	
		Fruits	15 – 20	15 – 20	
14.	Myna (Chick)	Worms	20 – 30 nos.	20 – 30 nos.	None
	Myna (Adult)	Worms	30 - 45 nos.	30 - 45 nos.	
15.	Snakes (Hatchlings)	Meal Worms	2 – 6 nos.	2 – 6 nos.	None
		Super Worms	1 – 2 nos.	1 – 2 nos.	

16.	Snakes (Adult)	Meal Worms	2 – 8 nos.	2 – 8 nos.	None
		Super Worms	2 – 10 nos.	2 – 10 nos.	
		Live Prey	1 – 2 / 5-7 days	1 – 2 / 5-7 days	
17.	Monitor Lizard	Meat	150	150	None
		Live Prey	1 / 3-5 days	1 / 3-5 days	
18.	Star Tortoise	Vegetables	20 – 50	20 – 50	None
		Melon	2 – 5	2 – 5	
		Meal Worms	2 – 4	2 – 4	
19.	Terrapins and Turtles	Meal worms	2 – 3	2 – 3	
		Fish and Prawn	50	50	

#### 14. .Vaccination Schedule of animals:

Sl.No.	Species	Disease vaccinated for	Name of the Vaccine and dosage/ quantity used	Periodicity	Remarks
1.	Bonnet Macaque	Tetanus	Tetanus Toxoid	Any Macaque rescued has an infected wound / s	...

### 15. De-worming Schedule of animals :

Sl.No.	Species	Drug used	Month
1.	Bonnet Macaque	Fenbendazole + Piperazine / Triclabendazole + Ivermectin/ Praziquantel + Piperazine + Fenbendazole /	Every 3 months (Shuttle Program)

### 16. Disinfection Schedule

All enclosures and cages will be subjected for fumigation twice a year. Once the enclosure is empty, if a different species of animal has to be housed, all enrichments including the ground will be removed and the enclosure will be fumigated. The enclosure will be later prepared accordingly for the species to be housed. For everyday cleaning, Glutaraldehyde is used as a disinfectant.

### 17. Health Check-up of employees for zoonotic diseases:

Regular health checkups has being conducted in BGS hospital

### 18 .Development Works carried out in the Rescue Centre during the year:

- New Parakeet Enclosure for rehabilitation of rescued Parakeets
- New Reptile enclosure for rehabilitation of injured reptiles
- Renovation of Primate Assessment and recovery enclosure
- Orthopaedic Drill and Equipment was enhanced
- New Microscope was purchased
- Ot Light for new OT for the snake enclosure

## 19. Important Events and happenings.

We have committed to our goal of raising awareness about environmental conservation and animal welfare by conducting some of our programs online.

-We were awarded by IAA Olive Crown Awards 2023 as Green NGO of the Year.

-The WILDCITY Photo Contest that ran through the month, captured urban wildlife, urging participants to showcase different facets of the city's wild side.

• The Saul Kere Bird Walk with BngBirds showcased a diverse ecosystem to interested citizens and avid bird watchers alike

-To commemorate World Reptile Day our Senior Vet Dr. Madhav and Curator Rahul J led an Instagram live where they answered frequently asked questions about reptiles as well as took questions from the audience.

-In September, we also conducted webinars/seminars on the topic 'Importance of Urban Wildlife' for 30 students of Grade 5 & 6 from Valliant's Academy (webinar) and 120 children of Grade 6 from Bhavan Bangalore Press School (seminar).

-In Feb, we conducted a virtual tour for the employees of Accenture, educating them about Bangalore's urban wildlife.

-We attended the B.Cause event at Bangalore International Centre, to create awareness about what we do and our cause.

-In February, We conducted 3 webinars for Cauvery School, Gopalan International School, Aditi Mallya International School and Stonehill International School. There were a total of 652 students who attended the webinars.

-In January, we conducted 17 webinars for Gopalan International School, Sishu Griha School, Mallya Aditi International School and Bhavan Bangalore Press School. There were a total of 1030 students who attended the webinars

-We actively participated in the IISC Social Investments For Wildlife, Nature & Climate Change event, fostering connections with numerous individuals who share similar interests and values

-In September, PfA participation in a corporate conference hosted by Tech 4 Good

-

## 20. Seasonal special arrangements for upkeep of animals:

Kengeri is situated at an elevation of 826 m above sea level and the climate is pleasant and equable almost throughout the year. Winter temperatures rarely drop below 14 °C (52 °F) and summer temperatures seldom exceed 36 °C (97 °F). All needy animals will be provided with heaters, heat emitters and heating pads during winter or when the temperature is down. If the temperature in summer goes too high, fans will be used for animals housed in doors. Roof of the enclosures will be covered with Coconut leaves or gunny bags soaked in water to cool down the environment within the enclosure.

**21. Research Work carried out and publications.** : An article on a "MEDICAL MANAGEMENT OF SLENDER LORIS WITH TONIC CLONIC SEIZURES –A CASE REPORT and MANAGEMENT OF SHELL REPAIR IN INDIAN POND TERRAPIN" has been recently submitted for publication to the prestigious RVC Journal. We are awaiting their response while the article is under consideration with the editorial board.

## 22. Rescue and Rehabilitation of wild animals.

All the animals we deal with are rescued wildlife. Hence the number of animals rescued will remain the same as mentioned in the Annual report under the column acquisitions. All the animal rescues will be reported by general public. Occasionally, forest department officials also inform us about wild animals in need of help which will be rescued by our team of rescuers. Every month a report will be sent to the PCCF (Wildlife), DCF (Urban), ACF (Bangalore South) and RFO of our range which will comprise of all the animals rescued in that month along with a summary of rescues and releases of the respective month. All animals are rehabilitated at our centre and post recovery they will be released back in a suitable habitat close to the rescue spot.

## 23. Annual Inventory of animals

Part A - Endangered Species / Schedule I and Schedule II																										
Annual Inventory Report for the Period of April 2023 to March 2024
