1. **Report of the Officer-in-charge**

People For Animals, Wardha animal centre is a non-granted organization established in 1999 with the aim of provide safe shelter & medical treatment for the animals in need. In this financial year we rescued numbers of wild animals, some of them released in their natural habitat. Below data is based on our record book, and given information is true as per my information.

2. **History of the Rescue Centre**

People For Animals (PFA), Wardha was established in 1999 to provide safe shelter, medical treatment and food for the animals in distress, and to relocate them at a later stage. PFA Wardha, Unit were established in the year 1999 by a Group of Friends who was interested in Preservation of fauna and flora in Wardha district.

3. **Vision**

- ✚ Multispecialty Hospital
- ✚ Additional wildlife enclosures
- ✚ Aviary
- ✚ Herpetarium
- ✚ Mobile Ambulance
- ✚ Mobile ICU van for small animals
- ✚ Heavy crane for shifting animals
- ✚ Additional animal care sub centre

4. **Mission**

To provide safe shelter, medical treatment and food for the animals in distress, and to relocate them at a later stage.

5. **Objective**

- Preservation of fauna and flora in Wardha district.
- Protecting animals from conflict with human beings.
- Provide succor and medical treatment to the abandoned and wounded animals.
- Providing shelter for abandoned, wounded and rescued animals.
- Rescuing wildlife animals which are in danger.
- Undertaking tree plantation programs.
- To work in collaboration with Central Zoo Authority, Animal Welfare Board of India and local Forest Department to protect wild animals.
- Organizing awareness programs to educate the villagers and urban population about the importance of conserving nature and not to resort to killing of animals without any reason.

13.	Common Barn owl	Chicken	30 – 50 gram	30 – 40 grams	Saturday
14.	Indian Peafowl	Vegetables, mix grain, chicken	200-300 grams.	100-200 grams.	Saturday
15.	Leopard	Meat	3kg	2.5 kg	Saturday
16.	Spotted deer	Green fodder Cattle feed including wheat bran	1 kg. green fodder & cattle feed including 500 grams including 150 gram wheat bran	1 kg. green fodder & cattle feed including 350 grams including 150 gram wheat bran	Saturday
17.	Monitor lizard	Meat	50 grams	50 grams	Saturday
18.	Civet cat	Meat and fruits	150 grams and 100 grams fruits	100 grams meat and 100 grams fruit	Saturday

14. Vaccination Schedule of animals

Sr. No.	Species	Disease vaccinated for	Name of the Vaccine and dosage/ quantity used	Periodicity	Remarks
	.Hanuman langur, leopard, jackal, civet cat, Sloth bear	1. Rabies, 2. tetanus 3. Panleucopenia, 4. Feline calicivirus, 5. Feline herpes virus, 6. Canine distemper virus, 7. Infectious canine hepatitis, 8. canine parainfluenza, 9. canine parvovirus, leptospirosis.	Rabivac Tricat/Biofel Vanguard plus	Yearly and as per antirabies vaccination schedule recommended	As animal was accepted for treatment and temporary care, vaccination was done according to species if needed

15. De-worming Schedule of animals

Sr. No.	Species	Drug used	Month
	All species	As per identification of parasite after fecal sample examination by consultant veterinarian.	Nil

16. Disinfection Schedule

Sr. No.	Species	Type of enclosure	Disinfectant used and method	Frequency of disinfection
1.	Blue bull	Open enclosure with night shelter.	Fipronil solution (spraying)	Every three months or as directed by consultant veterinarian.
2.	Black buck	Open enclosure with night shelter.	Fipronil solution (spraying)	Every three months or as directed by consultant veterinarian.
3.	Spotted deer	Closed enclosure with night shelter.	Fipronil solution/deltamethline alternate.(spraying)	Every three months or as directed by consultant veterinarian.
4.	Indian Pangolin	Closed enclosure with night shelter.	Fipronil solution/deltamethline alternate.(spraying)	Every three months or as directed by consultant veterinarian.
5.	Cockatoo	Closed small cage.	Benzylamine hydrochloride solution. (diluted solution use for cleaning of cage)	Every three months or as directed by consultant veterinarian.
6.	African grey parrot	Closed small cage.	Benzylamine hydrochloride solution. (diluted solution use for cleaning of cage)	Every three months or as directed by consultant veterinarian.
7.	Rhesus macaque	Closed small cage.	Benzylamine hydrochloride solution. (diluted solution use for cleaning of cage)	Every three months or as directed by consultant veterinarian.
8.	Rose ringed parakeet	Closed small cage.	Benzylamine hydrochloride solution. (diluted solution use for cleaning of cage)	Every three months or as directed by consultant veterinarian.

9.	Sloth Bear	Closed enclosure with night shelter.	Benzylamine hydrochloride solution. (diluted solution use for cleaning of cage)	Every three months or as directed by consultant veterinarian.
10.	Western Hanuman Langur	Closed enclosure with night shelter.	Fipronil solution (spraying)	Every three months or as directed by consultant veterinarian.
11.	Four-horned Antelope	Open enclosure with night shelter.	Fipronil solution (spraying)	Every three months or as directed by consultant veterinarian.
12.	Spectacled Cobra	Small cage	Chlorine Bleach solution	Every three months or as directed by consultant veterinarian.
13.	Indian soft shell turtle	Small cage with water pond	Chlorine Bleach solution	Every three months or as directed by consultant veterinarian.
14.	Common rat snake	Small cage	Chlorine Bleach solution	Every three months or as directed by consultant veterinarian.
15.	Indian rock python	Small cage	Chlorine Bleach solution	Every three months or as directed by consultant veterinarian.

16.	Woolly necked stork	Closed small cage.	Benzylamine hydrochloride solution. (diluted solution use for cleaning of cage)	Every three months or as directed by consultant veterinarian.
17.	Common Barn owl	Closed small cage.	Benzylamine hydrochloride solution. (diluted solution use for cleaning of cage)	Every three months or as directed by consultant veterinarian.
18.	Indian Peafowl	Closed enclosure with night shelter.	Fipronil solution/deltamethline alternate.(spraying)	Every three months or as directed by consultant veterinarian.
19.	Leopard	Closed enclosure with night shelter.	Fipronil solution (spraying)	Every three months or as directed by consultant veterinarian.

17. Health Check-up of employees for zoonotic diseases

Sr. No.	Name	Designation	Date of Health Check up	Findings of Health Check up
1.	Mahesh Sangatsaheb	Animal Keeper	Date not available (Health check-up done personally by keeper Not by rescue centre)	Negative
2.	Pawan Hande	Animal Keeper	Date not available (Health check-up done personally by keeper Not by rescue centre)	Negative
3.	Pramod Sangatsaheb	Animal Keeper	Date not available (Health check-up done personally by keeper Not by rescue centre)	Negative

18. Development Works carried out in the Rescue Centre during the year.

N. A.

19. Important Events and happenings.

- The Wardha Forest Department and People for Animals Wildlife Rescue Center have succeeded in their endeavours. Whether it's a vicious animal or human being with mother's heart every situation can be tangled. One recent instance of a mother's affection for her descendant is the discovery of a 25-day-old female leopard cub in a field in Dahegaon village as sugarcane was being cut. The incident was promptly reported to the forest department by the locals. The Arvi Range Forest Officer Mr. Nitin Jadhav and other forest staff arrived at the scene as soon as they learned about the occurrence. They rescued the cub right away and started reunite procedure of cub with its mother, also for scientific methodology officials forward the information, regarding the issue to our PFA wildlife rescue and rehabilitation center wardha. Our veterinary team conducted a spot health examination of the cub. Once declared fit for reunion, the cub was taken back to the spot from where it was found. For the reunion to be a success, the cub was kept in a secure crate. In a late-night operation, with a collaborative efforts of PFA WRRC team and the Forest Department successfully reunited a cub with its mother. Thanks to DYCF shri Rakesh Sepat , RFO Mr Nitin Jadhao and entire forest staff for their support

- World Sparrow Day and World Rewilding Day and what could be more relevant than discussing New innovative proposals aiming wildlife conservation with Chief Secretary of Forest Smt leena Nandon Ministry of Environment Forest and Climate Change Government of India and Shri Bivash Ranjan Additional Director General of Forests MOEFC. As per discussion and Directives given by our chairperson of People For Animals Smt Maneka Gandhi we meet them at Paryavaran bhawan Delhi and had productive conversation on broad spectrum. What difficulties we usually face during wildlife rescues and rehabilitation to what we can actually do to minimize various such issues. Both the officials were supportive to our ideas and we wind up with Giving them Bird house as a token of remembrance for this day.

- The Maharashtra forest department has intensified its operations to capture the tigress named BTR T 7, in Karanja range areas in wardha district. The CWLW of Maharashtra issued order to trap the tiger had started about 2 month's ago after it had killed 7 people and cattle in karanja Range, bor tiger reserve buffer area in the district. Wardha Forest division with the coordination of People For Animals Wardha wildlife rescue team are using a modern techniques to trace the location and movement of the tigress. As many as nine teams each comprising 5 forest officials 40 trap cameras, and our PFA wardha wildlife veterinary team with all tranquilizing equipments were put in place in the forest areas between Karanja Forest Range to capture the tigress. After two months of hard monitoring and because the tigress was pregnant, she gave birth to 3 cubs, due to which we aborted the capturing operation and kept a strict monitoring on her and the cubs as well and the Forest Department is also taking full care that the situation like human-wildlife conflict does not recur again

- In a collaborative efforts of People For Animals wildlife Rescue and Rehabilitation Center wardha and Pench Tiger Reserve Nagpur, capacity building program for Rapid Response team in PTR was organized with some theoretical and practical sessions on the foundations and protocols of wildlife rescue, rehabilitation and ethics. It is essential to have technical skills such as immobilization of wild animals, stress management, capture myopathy, hand rearing of orphanage in all types of rescue and rehabilitation process. In this one day training program we tried to fulfill all authentic knowledge about human wildlife conflict mitigation, wildlife rescue and rehabilitation. We also provide knowledge about standard operating procedure (SOP) of big cats, Reptiles, birds handling, usage of the basic infrastructure and equipment during rescue operation. Thanks to Deputy director pench Mr. Prabhunath Shukla, RFO Mr. Tayde, Mr. @ajinkyawilderness honorary wildlife warden Nagpur, @dr.sachin1313 veterinary officer pench tiger reserve, Rapid response Team pawni, Rapid Response team nagalwadi and all forest staff for their kind support and involvement.

- On the occasion of World Forest Day Wardha Forest Department and “Karunashram” People For Animals Rescue Center wardha organised workshop for forest front line staff in wardha division, with some theoretical and some practical sessions on the foundations and protocols of wildlife rescue, rehabilitation and ethics. Everyday our field forest staff have to rescue animals like Langurs, Deers, Birds, Nilgai, Snakes other wild carnivores animals. It is also important to have technical skills (stress management, capture myopathy, hand rearing of orphanage) in all types of rescue and rehabilitation process. In this workshop we try to fulfill all authentic knowledge about wildlife rescue. We also provide knowledge about standard operating procedure (SOP) of Reptile handling, usage of the basic infrastructure and equipment during rescue operation.

- People For Animals “karunashram” regularly organised environmental education program for school childrens.It's a different experience to see their expressions when you introduce children to animals.

Other enrichment activites:

20. Seasonal special arrangements for upkeep of animals.

- Provide rolling bottle feeder for peafowl.
- Scattering grains on the ground for peafowl.
- Frozen fruits provided during summer season.
- Provide some plants in herbivorous animals' cage.
- Special arrangement for birds by cover up the entire cage by joot bags to protect from during hot summer season.
- Provide warm light in bird cages during winter season.

21. Research Work carried out and publications

3.Compliance with conditions stipulated by the Central Zoo Authority

Letter no. F. No. 22-41/2004-CZA (455)(Vol.I)(AK)

Sr. No.	Norm No. under RZR, 2009	Condition Stipulated	Time Period to Comply	Since when pending	Status with regard to compliance of the conditions
1.	4(2)	The enclosure constructed to house the snake should be redesigned following the norms as prescribed by the CZA. Prior approval of the design should be obtained from the CZA	4 Months		Under process
2.	10.3(7) &(8)	The rescued animals which are healthy and fit should be released back in their respective natural habitat with prior permission as per the	Within 6 months		Completed

		recognitio n of zoo rule, 2009			
3.	10.5(2)	Daily inventory of food received and distributed should be maintaine d. Separately for carnivore/ herbivore.	With in 6months		Completed
4.	10.5(8)	Animals should be screened for parasitic load at frequent intervals as per the recognitio n of zoo rule, 2009	Within 6months		All samples for parasitic load sublimated to CWRC Gorewada, Nagpur

5.	10.5(9)	All staff involved with upkeep and healthcare of zoo animals should be screened against zoonotic diseases once every year	Immediately		Completed
6.	10.6(6)	For wildlife medicine research and health care MOU should be signed with the eminent institutions and organizations working in the field of wild animal health care.	Within 6months		Under progress

7.		During release of animal at least RFO should be present and for schedule I & II animals, videography Should be done as per government order.	Immediately		done
