#### Report of the Officer-in-charge

### Dr. Uttam Yadav, Director - Indore Zoo

It brings me great pleasure to bring out this annual report for the year zoo 2017-2018, which highlights some of the immense work done at Indore Zoo during this period.

Fundamentally the establishment of Zoo is aimed at ex-situ conservation breeding, education and research. Indore zoo is currently housing 57 indigenous and exotic species numbering around 621 specimens.

The breeding programs especially for Lions, Tiger, Wolf, Ghariyals, fox has given excellent results. Indore Zoo has been attracting lakh of visitors every year and visitor facilities include clean and green gardens, information kiosks, canteen, parking etc.

I am thankful to *Smt. Malini Laxmansingh Goud*, Hon. Mayor of Indore, *Shri Ashish Singh*, IAS; Commissioner - Indore Municipal Corporation and *Shri Rohan Saxena*; Addl. Comm – IMC (Zoo) for their immense support and guidance in management of Indore Zoo.

I also would like to acknowledge and thank my support team and staff for their dedication and hard word which has together resulted in over all development of the Zoo.

#### **History of the Zoo:**

Kamla Nehru Prani Sangrahalaya or Indore Zoo is a zoological garden located in Navlakha, Indore is fully owned and managed by Indore Municipal Corporation. This is the largest zoological garden of the state and one of the oldest zoological parks of Madhya Pradesh spread over an area of 52 Acres.

New Mega Entrance under construction of Indore Zoo

#### **Our Vision:**

Our vision is to be the leading ex-situ conservation organization in the country with a world class facility for Wildlife Conservation and Education.

# **Our Mission:**

Our Mission is to mobilize communities to commit to the conservation of wildlife. We will achieve this by connecting people through following ways:

- > Leading the Way by communicating and demonstrating the role of conservation and research in all we do.
- > Opening the door by providing exceptional wildlife education that reach beyond the boundaries of our campuses.
- > Catalysing action through inspiring experiences that motivate participation, leading to conservation and sustainability outcomes through conservation breeding and exemplary animal welfare and care.

# **ZOO GOAL:**

Indore Zoo is an ex situ conservation and breeding centre which thrives to emerge as a dedicated conservation, research and education facility for all wildlife enthusiast.

Zoo has a tagline as follows which is religious followed by all our staff members:

# To Conserve, Educate and Re create!

Apart from serving as a conservation centre, Education is given as a top priority at Indore Zoo. From educational signage to talk shows, workshops, events and seminar; we are dedicated to achieve our common goal of Awareness to Action to produce future wildlife ambassadors!

#### 9. Health Check-up of employees for zoonotic diseases

A total of 120 Zoo employees work at Indore Zoo. We conduct medical test for zoonotic and other diseases once a year. This year also the test was conduct on 31<sup>st</sup> May and findings were as below.

- No one was diagnosed with any Zoonotic diseases.

Total no. of Employee tested: 120

Normal: 86

High Cholesterol: 18

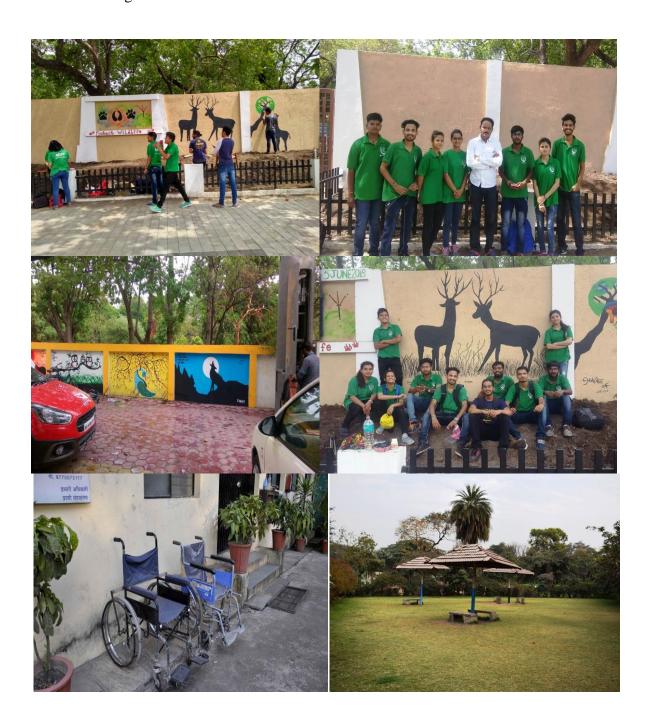

Diabetic: 13 Anaemic: 3

#### 10. Development Works carried out in the zoo during the year

Indore Municipal Corporation and Zoo management is constantly working for the betterment of Zoo so as to provide better environment and enclosures for our inmates, excellent public facilities while ensuring compliance of all the norms, rules and regulations of Central Zoo Authority. This year development work carried out in the zoo is as follows:

- ➤ Development of Gardens, Open Bird Park and Butterfly garden.
- > Increase of Boundary Wall height of the Zoo with razer fencing.
- Installation of CCTV Cameras, Control Room and Public Addresal System.
- ➤ Induction of 8 Motorola Walky Talky sets for better communication among management and animal keepers.
- > Construction of New main gate of the Zoo.
- New wildlife themed Selfie points and water falls for public education and attraction.

- Enrichment and repair of enclosures and facilities for housing animals.
- ➤ Development of Fodder Bank at the Zoo on 8 acre land.
- Construction of new kiosk and shades for public facility during rainy season.
- ➤ Mega Plantation work undertaken inside the zoo especially on footpaths and new enclosures.
- > Construction of new souvenir shop at the Zoo.
- ➤ Painting of Zoo boundary walls on the theme of wildlife conservation to spread the message of conservation among public.
- > Up gradation and construction of new washrooms and toilets.
- New Wheel chairs and children tramps for visitors.
- > Up gradation of our zoo Hospital.
- > Painting and enrichment work of our enclosures.

#### 11. Education and Awareness programmes during the year:

# Education Officer's Message: Er. Nihar Parulekar.

Indore Zoo is an institution which is committed to the conservation and welfare of wildlife. It is not only a place to see but also a place to learn and contribute. From our specialized conservation breeding program to dedicated research and internships, we at Indore Zoo constantly thrive to provide our visitors with best possible experiential learning visit.

Animals at the zoo are ambassadors for their cousins in the wild. From constantly working to provide our animals with naturalistic and enrichment filled moats to taking care of their nutritional needs and hygiene protocol, our ground team at Indore zoo work hard to fulfil all the criteria laid down by CZA to provide best housing for our wild inmates.

With special focus on Wildlife education, we have initiated many workshops, seminars, carnivals, outreach modules for schools and guest talks to facilitate our visitors with best opportunity to learn and contribute towards conservation.

I would personally like to thank my *Director – Dr. Uttam Yadav* for his guidance and support in designing and successfully implementing all educational events at the Zoo. I am also thankful to all our volunteers, media partners and visitors for helping us grow and mature as a conservational educational organization through their participation.

www.indorezoo.in

- <u>Launched Zoo Ambassador Network:</u> Largest in the state, this network offered wildlife enthusiasts to stay connected, learn and contribute towards zoo educational outreach and zoo news. Total Signups: 1559
- <u>Specialized Education Workshops:</u> We conducted special educational workshop based on species and environmental days to engage and educate visitors, students on short educational projects. Every month one workshop was held at Zoo Conference room which shortly saw an increase in the participation numbers due to our unique modules.

Some of the Workshops held: Young Zoo Keeper, Zoo Keeper for a Day, Know your Reptile, Which Avian is it?, Dig your Reptile, Mega Jumbo class, etc.

- **Zoo SnooZee Program:** Special Zoo Snooze workshop was held for the first time in the state to give visitors specialized experience of walking through the ex situ habitat and watch our nocturnal animals active.
- Environment Days celebrations: Special Environmental days and activities were conducted to keep visitors hooked on to our conservation educational efforts. Visitors were educated and involved in various fun related activities to learn importance of wildlife conservation and biodiversity importance. Each environmental day were outreached through our media network for the city to learn and gain.

#### Days celebrated were as follows:

- 1. Tiger Day
- 2. Elephant Day
- 3. Lion Day
- 4. Wetland Day
- 5. Earth Day
- 6. Sparrow Day
- 7. Environment Day
- 8. World Ocean Day
- 9. World Forest Day
- 10. World Water Day
- 11. World Migratory Bird Day., etc
- World Wildlife Week: Amidst much fanfare, wildlife week was celebrated as a grand carnival at Indore Zoo. A week filled with special guest lectures, NGO stalls, environmental games, Drawing/Painting/Quiz activities for schools, zoo clean drives, special talk and feeding shows for students and visitors were held.

Experts on 4 topics were flown in from different parts of the country to educate our visitors and students on specialized conservation challenges and issues. Mega Plantation drives were held and students were educated about the importance and role of Zoo in ex situ conservation.

- Weekly shows/Activities: 20 Zoo Corps have been trained who help zoo staff on every weekend and public holiday in vandalism control, zoo guided tours and educational shows.
   Special Snake Awareness shows, Animal Feed Shows are held every Sunday to educate mass visitors about wildlife and its eco habitats.
- <u>Specialized Internships:</u> Special Wildlife internships are held for students from various institutions on wildlife and zoo conservation for free of cost. Students are trained and educated on importance of Wildlife and Zoo role in conservation and to give them exposure to wildlife conservation.

Total no. of Interns for 2017-2018: 598

# <u>Visitors benefitted from Zoo Education Activities from June 2017 to</u> <u>March 2018</u>

Private School Students: 48,185.
Government School Students: 9,311.
Other Institution/NGO's: 15,409.
Workshops/Guided Tours: 36,321.
Internship : 598.
Environment Days: 15,569.
Total: 1,25,394.

#### Other Non Assessed Educational initiatives/modules:

- Zoo Education Boards.
- Social Media E learning portals (FB, Website).
- Open Educational Talk Shows at animal Moats.

**Zoo Education Van:** Developing first of its kind in the state, Zoo Education van for wildlife and ex situ conservation outreach for underprivileged and rural target groups.

# **PHOTOS OF ACTIVITIES**

#### 12. Important Events and happenings:

Apart from the Education programs and daily routine at the zoo, we at Indore Zoo are also engaged in various other activities to promote environment and also involve public in important national events and activities. Few of the activities are as follows:

- > Celebration of World Yoga Day.
- > Cyclothon and Wildlife Treasure Hunt.
- > Celebration of Zoo Day at the Zoo.
- > Employee team building programs.
- > Sports Meet for Employees and Employee family members.
- > Blood Donation Camps.
- > Healthy checkup camps for Family members of employees.
- > Wildlife Photo Walk and Exhibition.
- > Animal Adoption Drives.
- > Newspaper collection drives to remain plastic free. Etc.

#### 13. Seasonal special arrangements for upkeep of animals

We at Indore Zoo ensure proper seasonal enclosure enrichment and arrangements for our inmates so that the animals feel no discomfort or suffer from any disease. As the climatic changes during summer and winters are at extreme, special care is taken to ensure our animals don't feel the pinch of it.

#### **During summer:**

- > Applying of Khas curtains in all enclosures and watering them thrice a day during peak time.
- > Installation of Water dessert coolers in night shelters, Drip foggers in open enclosures especially for all mammals, birds and reptiles.
- > Special Water supplements are added to the water source for all animals to keep them hydrated.
- > Hourly reporting by cage keepers on any abnormal behaviour in animals is done.

#### **During winter:**

- > Installation of Heat pads, Heat bulbs, Heaters, bedding material for all animals/birds/reptiles.
- > Closing of direct wind ventilation side with 80% green net knit.
- > Hourly reporting by cage keepers on any abnormal behaviour in animals is done.

#### **During rainy season:**

- > Installation of Barsati (Plastic sheets) on roof top of all open enclosure.
- > Special disinfectant drives to ensure no infection to animals.
- > Special dry bedding in night shelters of all animals.
- > Hourly reporting by cage keepers on any abnormal behaviour in animals is done.

#### 14. Research Work carried out and publications

Indore Zoo also acts as an education and research centre for veterinary college and science college students. A total 598 Msc and Bsc Zoology and other science stream students did their research and group projects at Indore zoo on topics such as Animal Behaviour, Zoo Management, Zoo Conservation, Free ranging flora and fauna of Indore Zoo, etc.

A total of <u>170</u> Veterinary students completed their one week wildlife field training at Indore Zoo.

#### 15. Conservation Breeding Programme of the Zoo

Indore Zoo inhibits many critically endangered species. Special conservation breeding programs are run for species such as Tigers, Lions, Sloth Bear, Python, Fox, Wolves, Chinkara, Gharials, Peafowls.

In the annual year 2017 -2018, Indore zoo successfully bred Lions (4), Sloth Bears (3), Gharials (10), Wolf (8), chinkara (2).

# Zoo celebrates birth of four she-wolf pups, expecting more with fingers crossed

TINA KHATRI INDORE

Persistence and persever-ance are the two among many words of wisdom found more in variety of moral books than in common man, so we know. But, for city zoo authorities the words seem to be virtues to

words seem to be virtues to live by.

After putting on dedicated efforts to breed wolves (Canis lupus pallipes) for years for off-springs, their efforts fi-nally paid off as one of the she-wolves gave birth to four little ones last month and anlittle ones last month and another is due the coming week. Though getting a click week. Though getting a click or peek of little ones is diffi-cult due to their shy nature, their presence can be felt be-cause of movements. Celebrating their success, zoo authorities are taking ex-tre care of the prement she.

tra care of the pregnant she-

wolf and the new born pups. Talking about wolves, zoo cu-rator Nihar Parulekar said, "Though Indian wolves tend to breed from mid-October to late December, and whelp in holes or ravines, they are too

noies or raymes, they are too shy and conservative so breeding them in enclosures is next to impossible." He explained that animals deteriorate from their natu-ral behaviour in breeding as wall because of changes in well because of changes in their life patterns. "C vores including wolf preys on antelopes, rodents, and hares adapt to living in smaller places and depend on feeding instead of hunting for survival and that of

for survival and that or course leads to many more changes in their life pat-terns," Parulekar said. With gestation period of two months, it is not a long wait till whelps are born but it usually a longer wait till

visitors. "Most visitors in zoo are school children, who are amused by pups and we lucky to have new friends waiting for them," Parulekar said.

#### 2000-3000 WOLVES IN THE WILD

Although it is supposedly protected as an endangered species in India under sched-ule 1 of the Indian Wildlife

Act of 1972, the Indian Wolf is still hunted because of its attacks on children and live-stock. The greatest threat to the Indian Wolfs survival is persecution by poison, and habitat loss due to intensive agriculture. and industry. A study re-leased in 2004 estimated be-tween 2000 and 3000 Indian Wolves remaining in the

#### **GHARIAL'S BREEDING** SEASON NOT FAR AWAY

Hoping the mojo to contin-Hoping the mojo to continue, zoo authorities are planning to breed 'Gharials' in their upcoming April-May breeding season. "We are hoping to get lucky with Gharial's breeding as well, and in case breeding is successful then we can hope to have little ones in rainy season," Parulekar said.

- ➤ Mongoose
- Palm Civet

#### b. Birds of Indore Zoo:

- ➤ Greater Coucal
- > Jungle Babbler
- > Peacock
- ➤ White breasted Waterhen
- ➤ Red Wattled Lapwing
- ➤ Purple Sunbird
- ➤ Purple rumped Sunbird/ Purple rumped Sunbird Ecilipse
- > Green Beeater
- > Oriental Magpie Robin
- Jungle Crow
- Pond Heron
- > Rufuos Treepie
- ➤ White throated kingfisher
- ➤ Black Drongo
- ➤ Laughing Dove
- ➤ House Crow
- ➤ Rose ringed parakeet
- ➤ Alexandrine parakeet
- ➤ Black kite
- > Ashy Prinia
- > Copper smith barbet
- ➤ Grey Hornbill
- > Common tailorbird
- Shikra
- ➤ Little Egret
- ➤ Rock pigeon
- Common Myna
- Eagle Owl
- > Spotted owlet
- > Asian Koel
- ➤ Red vented bul bul
- ➤ White browed fantail
- > Common minivet
- ➤ Little Cormorant
- ➤ Paradise Flycatcher
- ➤ White crested cuckoo

# **Butterflies of Indore Zoo**

- Common Jezebel
- Yellow Grass
- > Small Yellow Grass
- > Plain tiger

#### c. Reptiles & Amphibians of Indore Zoo:

- > Rat snake
- Common Indian Cobra
- Russel's Viper
- > Checkered Keelback
- Common Krait
- > Common Sand Boa
- ➤ Garden Lizard
- > Striped skink
- Common toad
- ➤ Bull Frog

# LIST OF TREES AT INDORE ZOO

General Name	Scientific Name
Slender Amaranthus	Amaranthus Virdis L
Wild oat	Avena fatua L
Prickly Chafflower	Achyranthus aspera
Scarlet Pimpernel	Anagallis arvensis
Mexican Poppy	Argemone maxicana
Bermuda grass	Cynodon dactylon
Dodder	Cuscuta Reflexa
Bind weed	Convolvulus arvensis
Nutsedge	Cyprus rotendus
Wild Jute	Corchorus acutangulus
Lambsquate	Chenopodium album
Australian spinach	Chenopodium murale
Thorne apple	Datura Fastoosa
Purslane	Portulaca alaracea
Cleome	Cleome icosandra
Black night shade	Solonum Nigrum
Wild ber	Zizypus rotundifolia
Niruri	Phyllanthus niruri
Carpet weed	Trianthema monogyna
Big spurge	Euphorbia hirto
Small spurge	Euphorbia Microphylla
Yellow sweet clover	Mehlotus alba
White sweet clover	Mehlotus indica

Canary grass	Phalaris minor
Caltrop	Tribulus terrastris
Tiger grass	Saccharum spontaneum
Lathyrus	Lathyrus sativus
Common Vetches	Vicia Hirsuta
Indian gum arabic	Acacia Arabica
Baobab	Adansonia digitata
Davils tree	Alstonia scholaris
Daviis tiee	Anthocephalus kadamb
Araucaria	Araucaria cookil
Margosa tree	Azadirachta indica
Orchid tree	Bauhinia blakeana
Red silkcotton tree	Bombax ceiba
Flame of the forest	
	Butea monosperma  Melaleuca bracteata
Golden bottle brush	Cassisa fistula
India laburnum, Golden shower	
A . 1' 1	Cassia siamea
Australian oak	Casuarinas equisetifolia
White cotton tree	Ceiba pentandra
South indian red wood	Dalbergia sissoo
Peacock flower, flame tree	Delonix regia/Poinciana regia
Eucalyptus	Eucalyptus citriodora
Banyan tree	Ficus bengalensis
Willow fig	Ficus benjamina
	Ficus religiosa
Black willow fig	Ficus benjamina black
	Ficus retusa
Mango	Mangifera indica
Indian cork or tree jasmine	Millingtonia hortensis
Indian medlar	Mimusops elenge
Rusty shield bearer	Peltophorum pterocarpum
Frangipani	Plumeria obtuse
Mast or Indian fir	Polyalthia longifolia
Indian beech	Pongamia pinnata
Childlife tree	Putranjiva roxburghii
	Saraca asoca
African tulip	Spathodia companulata
Rosy trumpet	Tabebuia rosea
Tamarind	Tamarindus indica
Indian tulip	Thespesia populneus
Indian tulip	Thespesia populneus var.
Oriental arborevitae	Thuja orientails
Guava	Psidium guajava
Lime	Citrus aurantifolia
Papaya	Carica papaya
Banana	Musa paradisiacal
Ber	Zizyphus rotundifolia
Aonla	Embilica officinalis
Mulberry	Morus alba
Golden apple	Aegle mrmelos
**	, <del>,</del> ,

Java plum	Eugeni clumini
Rayan tree	Manilkara hexandra
Drum stick	Moringa oleifera
Date palm	Phoenix dactylifera
Almond	Prunus amygdalus
sandal wood	Santalum album
Wood apple	Limonia acidissima
Sweet tamarind	Pithecellobium dulce
Teak	Tectona grandis
White lead tree	Leucaena leucocephala
Bamboo	Bambusa vulgaris
River tea	Melaleuca bracteata
Cluster fig tree	Ficus glomerata Cordial dichotoma
Indian cheery	
Dypsis Palm	Dypsis lutescens
Date Palm	Phoenix dactylifera
Bismark palm Fishtail Palm	Bismarckia nobilis
	Caryota urens
Pygmy date palm	Phoenix roebelenii
Table Palm	Livistona rotundifolia
Milkweed	Calotropis gigentea
Acalypha	Acalypha hispida
Pride of Barbados	
Pride of Barbados	Caesalpinia pulcherrima
Calliandra	Caesalpinia pulcherrima flava
Croton	Calliandra emarginata Codiaeum variegatum "Glory"
Cuphea (False Heather	Cuphea hyssopifolia
Dombeya Golden Duranta	Dombeya wallichii
	Duranta repens "variegata"
Eranthemum	Eranthemum albo maginatum
Eranthemum	Eranthemum bicolour
Eranthemum	Eranthemum nigrum
Hierba mala	Euphorbia cotinifolia
Caricature plant	Graptophyllum pictum
Hamelia	Hamelia patens
China rose	Hibiscus rosa sinensis
Chinarose double	Hibiscus rosa sinensis Red satin
Ixora	Ixora singaporensis
Jatropha Red	Jatropha duckfoot
Lantana	Lantana camara
Chinese bux	Murraya exotica
Oleancler	Nerium oleander "Album"/Carnea
Aralia	Polyscias balfouriana
Aralia	Polyscias guilfoylei
Cape jasmine	Tabernaemontana coronara
Tecoma	Tecoma gaudichaudi
Orange tecoma	Tecoma capensis
Periwinkle	Vinca rosea alba
Bougainvellea	Bougainvillea sp.

Aglaonema	Aglaonema sp.
Alocasia	Alocasia cadierei
Asparagus marry	Asparagus densiflorus "Myers"
Asparagus	Asparagus densiflorus Sprengerii
Dumbcane	Differnbachia amoena
Dracaena	Dracaena mahatma
Ficus Yellow	Ficus panda
Var. Ficus	Ficus benjamina "Variegata"
Song of India	Pleomele reflexa "Variegata"
Syngonium	Syngonium Podaphyllum
Ferns	Nephrolepis Biserrata
Ferns	Asplenium nidus
Nolina	Beaucarnea recurvata
Crown of Thorns	Euphorbia milii
Giant false agave	Furcraea gigantic
Rose	Rose spp
Balsum	Impatiens balsamina
Canna	Canna indica
Castor	Ricinus communis
Pedilenthus	Euphorbia tithymaloides
Money plant	Epipremhum aureum
Spider lily	Hymenocallis caribaea
Var. Bamboo	Bambusa multiplex F. Variegate
