Annual Report

2017-18

ZOO TIMINGS AND RATES

A) BOOKING OFFICE TIMINGS

- FROM 1ST APRIL TO 15TH JUNE – 9.30 am TO 5.30 pm
(Zoo gates will close at 6.30 pm)
- FROM 16TH JUNE TO 31ST MARCH – 9.30 am TO 5.00 pm
(Zoo gates will close at 6.00 pm)

B) ENTRY FEE (w.e.f. 8.11.2015)

Sr. No.	Details	Ticket Rate (Rs.)
1	Adult (Above 4 feet 4 inches)	Rs. 25/-
2	Child (Below 4 feet 4 inches)	Rs. 10/-
3	Foreigners	Rs. 100/-
4	Blind & Handicapped Persons	Free
5	Students (School Trips- Accompanied by teachers)	
	• Students of Private Schools	Rs.10/- per person
	• Students of PMC, ZP & Government Schools	Rs.5/- per person
6	Still Camera	Rs. 50/-
7	Video Camera	Rs. 200/-
8	Guide (If Available- per group)	Rs. 50/-
BATTERY OPERATED VEHICLE RATES		
9	Adult (Above 4 feet 4 inches)	Rs. 40/-
10	Child (Below 4 feet 4 inches)	Rs. 25/-

This annual report has been printed and published by Mr. Ashok Ghorpade, Chief Garden Superintendent, Garden Department, Pune Municipal Corporation, Pune- 411005.

Report of the Officer-in-charge

The financial year 2017-18 began with roar of 'Tejas' and 'Subbi' the pair of asiatic lion brought from state of Gujrat. The Asiatic lions put on for public display for the first time in zoo's history and the moment of animal release in the enclosure witnessed by large sections of media and wildlife enthusiast across the city. The inclusion of new species for public display came up around five years after the reticulated pythons, the species of which three specimens were added in 2011. The media coverage for animals release and the subsequent news of event thereafter pulled the visitor crowd in the zoo. However pair of the species is being temporarily displayed in the enclosure meant for the white tigers. Once the separate enclosure work for the species completes, the animals would be shifted to new facility.

The year had sizable amount of infrastructure development works completed in a span. The long pending enclosure for Nilgai finally completed and most of the animals shifted too in a newer facility. This is the first enclosure of its kind in the zoo of recent time wherein animal comfort, animal safety and enclosure greenery are focused adequately. The whole enclosure has been put under CCTV camera surveillance. To maintain greenery in and around enclosure a innovative idea is invoked wherein water from old natural stream is collected in a tank through gravity and circulated using pop up sprinklers to irrigate eastern stretch of zoo admeasuring around 600 meters. To improve the behavioral enrichment for the elephant the water pool for the species was on card; the civil work of the same has began and hopefully the facility will take a final shape soon. The earlier signage boards in broken conditions and with outdated information have been replaced by newer one with updated contents filled in with nature immersing colors. The bonnet macaque night house needed immediate refurbishment; the desired renovation work of the night cubical and enclosure sewer line also completed which would help staffer to ease their daily work.

The ex situ conservation breeding programme of Malabar giant squirrel one of the set objective of zoo seems to become reality soon. One of the pair from available founder population has got compatible and accustomed to the existing housing conditions. The animals successfully bred twice in a year and delivered healthy young ones. All the founder population would be shifted to spacious newer facility on

a land area earmarked for the purpose to have future physically, genetically and behaviorally healthy progeny.

The unfortunate death of some important animal specimen has either left enclosure without species or the animal without mate. Animal exchange programme had been chalked out with other recognized zoos across the country to have pair of sloth bear, pair of Grey wolf and a female Gaur in the zoo's collection. The population control in the prolifically breeding species is a critical aspect, however this zoo had a success story of surgical neutering in the male population amongst spotted deer, sambar, blackbuck, bonnet macaque and rhesus macaque. Now we extend our technical support to others institutions too for the effective population control using the techniques implemented by us. Our zoo team invited by Nandankanann zoo successfully imparted practical demonstration of vasectomy in spotted deer for their staff.

The overall visitor footfall of the year remained substantially higher than the preceding year. We aims to enhance it further adding more amenities for the visitor convenience. The zoo information application, cloak room, new public address system, at least one more RO water plant along the eastern portion across the main road, new ferroconcrete made sitting benches would be the few additions of the forthcoming year.

Dr.Rajkumar Jadhav
Director
Rajiv Gandhi Zoological Park &
Wildlife Research Centre
Pune Municipal Corporation

History of the Zoo

Pune Municipal Corporation established Peshwe Park Zoo at the foot hills of Parwati in 1953 where the Pashwa's had their private Menagerie. The zoo had been established on a limited land of around 7 acres where the animals used to be housed and displayed to the visitors in a concrete cages behind the iron bars. This zoo was representing the typical traditional zoos of the time wherein only the objective of recreation for the visitors had been focused.

With the formation of Central Zoo Authority in 1992 the scenario of the Indian zoos got totally changed. The zoos had to transform from the meagre menagerie to the scientific wildlife conservation centre. With a view to develop a zoo which would fulfil the objectives of naturalistic animal housing, conservation breeding, wildlife conservation education and research a new site at Katraj having a land area of 130 acre was selected and development work initiated in 1996. The new zoo inaugurated on 14th March 1999 and renamed as Rajiv Gandhi Zoological Park and Wildlife Research centre.

Initially the infrastructure development in the form of naturalistic enclosures for the ungulates, primates, sloth bear, Royal Bengal tiger, Asian elephant etc. was established. The old reptile park established in 1986 had merged in the zoo. At present the zoo is a home to around 63 species of wildlife fauna including mammals,

birds and reptiles which represents the Western Ghat and Deccan plateau. The animals are being displayed in spacious naturalistic enclosures in a thematic

manner. Enclosure exhibits are developed simulating the animals naturalistic habitat where environment enrichment is focused considering animals behavioral need. Animal upkeep and health care has been taken care of establishing veterinary hospital equipped with advanced diagnostic tools and treatment facilities.

Vision

The Rajiv Gandhi zoo will use this unique facility to build conservation consciousness among the citizens of Pune that will assist in creating a pro environment lobby force for protecting biodiversity of our unique state with its diverse ecosystems that include the bio-rich Western Ghats, the semiarid grasslands of the Deccan, and the aquatic ecosystems, along with the region's diverse range of plant and animal species

Mission

A living centre committed to wildlife conservation through ex situ breeding, research and education.

We achieve this by-

- Promoting the ex situ breeding of threatened wildlife species in captivity
- Conducting research pertaining to animal husbandry, health, behavior and enrichment
- Inculcating the sense of responsibility towards the society through the need based educational programme focusing importance of wildlife.

Objectives

- i) Display of wild fauna of western Ghat in naturalistic enclosures.
- ii) Conservation breeding of selected endangered wildlife species
- iii) Awareness towards wildlife conservation through educational activities
- iv) Research pertaining to wildlife behaviour and health aspects
- v) Rescue & Rehabilitation of injured, sick and abandoned wild animals

Capacity Building of zoo personnel

Sr. No.	Name and designation of the zoo personnel	Subject matter of Training	Period of Training	Name of the Institution where the Training attended
1	Dr Navnath Nighot, Dy. Director	Interactive session on Zoological Information Management System(ZIMS) and data entry	11-12 May 2017	Dr. Shyama Prasad Mukharjee Surat Municipal Zoo, Surat

2	Dr Navnath Nighot, Dy. Director	Capacity building of Indian Zoo Veterinarian on animal Health Management in Captivity	16-19 Sept. 2017	National Zoological Park, Delhi
3	Dr Navnath Nighot, Dy. Director	Interactive session on Zoological Information Management System(ZIMS) and data entry	12-13 March 2018	Veermata Jijabai Bhosle Udyan and Zoo, Mumbai
4	Sh Shamrao Khude	Capacity building of Zoo Keeper	19-25 Feb 2018	Sakkarbaug Zoo
5	Sh. Ganesh Tole, Animal Keeper	Capacity building of Zoo Keeper	19-25 Feb 2018	Sakkarbaug Zoo

Field Visit of zoo staff: - As part of capacity building measures of zoo employees working on important positions, zoo management has started exposure visit for them towards various best and scientifically managed zoos across the country. Last financial year Livestock Supervisor and Head animal Keeper one each and three zoo keepers were sent for a ten days study tour of zoos from the northern part of the country. The team of staff visited various facilities of Lucknow Zoo, Kanpur Zoo, Patna Zoo, Tata steel Zoo and Ranchi Zoo and interacted with the staffers working on different positions over the current best practices being carried out there.

Zoo Advisory Committee

a. Date of constitution- 11.11.2004

b. Members

- Municipal Commissioner, PMC, President
- Additional Municipal Commissioner, PMC, Member
- Chief Garden Superintendent, PMC, Member Secretary
- Director Zoo, PMC, Member
- Conservator of Forest, Pune Forest Division, Member
- Dr. Erach Bharucha, Director, Bharati Vidyapeeth Institute of Environment Education & Research, Pune, Member
- Dr. V. B. Savarkar, Former Director, WII, Member
- Sh. Neelimkumar Khaire, Director, IHS, Member
- Dr. Vinay Gore, Former Dy. Garden Superintendent, PMC, Member
- Dr. Bharat Bhushan, Director, Environment Dept. YASHADA, Member
- Smt. Vidya Aatre, Naturalist, Member

a. Dates on which Meetings held during the year :- The last meeting of the Zoo advisory member was held on 16/2/2017.

Health Advisory Committee

a. Date of constitution :13.01.2014

b. Members

1. Chief Garden Superintendent, Pune Municipal corporation, Pune.
2. Director Zoo, Rajiv Gandhi Zoological Park and Wildlife Research Centre, Katraj, Pune.
3. Professor, Department of Veterinary Medicine, KNP College of Veterinary Science, Shirwal, Satara.
4. Professor, Department of Animal Nutrition, KNP College of Veterinary Science, Shirwal, Satara.
5. Professor, Department of Veterinary Pathology, KNP College of Veterinary Science, Shirwal, Satara.
6. Professor, Department of Veterinary Surgery, KNP College of Veterinary Science, Shirwal, Satara.
7. Head or his representative, Disease Investigation Section, Aund, Pune.
8. Dr. FirozKambata, Veterinary Surgeon, Race course, Pune and Mumbai.
9. Deputy Director, Rajiv Gandhi Zoological Park and Wildlife Research Centre, Katraj, Pune.
10. Veterinary Officer, Rajiv Gandhi Zoological Park and Wildlife Research Centre, Katraj, Pune.

c. Dates on which Meetings held during the year- As such formal meetings with the members was not held. However the members from their area of expertise are frequently invited for the field visit of zoo and consulted over various health issues of captive zoo animals. Rajiv Gandhi Zoological Park maintains good rapport with the experts from KNP college of Veterinary Science, Shirwal.

Development Works carried out in the zoo **during the year**

Infrastructure development works carried out in year 2017-18

New enclosure for Nilgai/ Bluebull

As a part of phase one of approved master plan of zoo, work of ongoing nilgai enclosure finally completed. The facility admeasuring around 4000 sq.mtr. built up with V shaped dry moat enclosure barrier on front side and the rear barrier is with chain link fence of around 2.5

meter high. In the middle of the enclosure resting shade has been established with ferroconcrete to merge the structure with surrounding. The mounds of boulder placed around, adds the aesthetic value of exhibit and which also serves the purpose of seclusion for the animals. The native indigenous tree species are planted all around the paddock and adequately protected with secure tree guards. To maintain greenery in and around the enclosure exhibit new irrigation system with pop up sprinklers has been installed making use of water from natural stream across the premise. To keep eye on the animal and track their movement CCTV cameras are put up at different locations.

Remodelling of Bonnet Macaque enclosure

The enclosure of Bonnet macaque had been constructed around

fourteen years back. In the recent time the drainage line connecting the night house got damaged and frequently had a problem of getting choked. The problematic section of the drainage system completely rectified replacing new construction at the site. The chain link barriers of the night cubical had a rusting all across the length. The old chain link and supporting structural steel items are substituted with newer materials of longer durability. Inside and exterior of the house is painted with nature immersing colours.

Strengthening of Gaur enclosure

The enclosure facility for the gaur had also been constructed some fifteen years back. The parapet wall of the whole exhibit had a drawback of being not constructed with reinforced cement concreting. The western stretch of the parapet wall weakened over the years, inclined inside the exhibit posing risk of getting collapsed and consequently challenging the safety of animals and visitors. The complete stretch of about fifty meter long parapet wall newly constructed with RCC style. Further the krall section of the night house had not enough space to retain the existing specimens. The krall area is being further expanded to about 150 Sq. Mtr

New information signage

Previously installed informational signage of animals were broken and got outdated and in condition. Hence, most of the signage boards are being replaced with updated information and long lasting vandal proof materials. The remaining work of directional signage would also be completed next phase.

Renovation at main entrance

The service road around the director office established way back at the time of inauguration had been in dilapidated state. The complete road and surrounding land surface refurbished using stamp concrete with camouflaging designs immersing with nature. The amenities for the office staff also elevated establishing parking lot for the two wheelers of employees.

New guard rail

The earlier guard rails around all the animal enclosure were being made up of metal structure and the same were seems to be dominating the surrounding landscape. It had been long planned to modify the existing metallic structures with appropriate substitute to leave it merged with nature. Around 400 meters of metal railing placed around Spotted deer, Sambar and Gaur modified with ferroconcrete imparting

bamboo like appearance. The new infrastructure genuinely helps enhance aesthetic of the enclosures and surrounding.

Water pool for the Elephant

At present two female elephants are being housed in a 21000 sq.mtr. facility. However besides of such huge space the water body as a tool for behavioural enrichment of the animals had been missing. The plan chalked out to construct moderate size water pool with a capacity to contain at least three elephants at a time. The work has began, however the complete facility will take final shape sometime around first quarter of forthcoming financial year.

Education and Awareness programmes during the year 2017-18

Wildlife Week (1st – 7th October 2017) Celebration Report

Rajiv Gandhi Zoological Park & Wildlife Research Centre, Katraj

Wildlife conservation awareness through the education is foremost objective of the Rajiv Gandhi Zoological Park. The Zoo management has worked out calendar of activities to disseminate the message of wildlife conservation towards the different walks of life throughout the year through various events. The World environment day, World earth day, International tiger day, World zoo day, Wildlife week etc. are some of the occasions when zoo takes the opportunity to celebrate it organizing interactive programmes for the visitors and students focusing importance of wildlife.

Amongst the programmes mentioned, wildlife week is a comprehensive event of its kind where the students and visitors get the tremendous opportunity to generate the knowledge about wildlife through their direct participation in the whole programme. Every year Pune Municipal Corporation make adequate budgetary allocation for the celebration of wildlife week. The whole wildlife week programme focuses on the innovative competitions for the school students with the theme being 'wildlife conservation' Viz. Painting, Rangoli, Elocution, Street Play, Best out of Waste etc. The students being guided by respective teachers showcases their best performance in each of the competition they participate in. The best performers in the end gets rewarded by presenting trophies and certificates as a token of appreciation.

The year 2017 also was not a different from the previous years during the 1st to 7th October. This years wildlife week also observed satisfactory participation of the schools though it coincided with the mid term school examinations.

The series of competitions were organized for the students; *best out of Waste, exhibition, drawing, rangoli, street play, puppet show* constitutes some of those which observed enthusiastic participation by the students. The information highlighting the programme is being briefed here as below.

1st October, Best out of Waste Exhibition

In the very first day of Wildlife Week *Best out of Waste Exhibition Competition* was the phenomenal which observed the participation of 68 students and 5 teachers from different government run and private schools. The students innovative ideas and arts being depicted by using the waste material to create useful items for the daily routine of human was commendable. Based on the best performance judged

by the evaluators the students were declared as a winner. List of prize winning students is given below.

Group (8th to 10th)

First Prize- ManasiKaloo Salve, PMC School 174, Kondhawa

Second Prize- AbhijeetTakavane, RambhauMhalgi Foundation, Katraj

Third Prize- SumitChaudhari, PMC Vidyaniketan No 19, Katraj

Group (5th to 7th)

First Prize- RutujaKekan, Hujurpaga School, Katraj

Second Prize- Shrikrishna Pol, PMC Vidyaniketan No 19, Katraj

Third Prize- Neha Yeware, Hujurpaga School, Katraj

Best out of Waste Exhibition Competition at Rajiv Gandhi Zoo

2nd October ,Drawing Competition

The second day observed the drawing competition where 76 students of different age group from 12 different schools actively participated. The theme wildlife conservation and protection was showcased by the students drawing fancy pictures and sketches suits to the theme. The enthusiastic zoo visitors also

enjoyed the pictures drawn by the students and appreciated the work. The evaluators judged the performances of the participants and declared the winners.

Group (Open for all)- Topic:- Sustainable Lifestyle

Special Mention- Mrs Ashwini DhananjayKalekar

Group (8th to 10th) Topic:- Effects of Climate Change

First Prize- Purva Vijay Gavali, HHCP High School

Second Prize- ShravaniManikTambe, HHCP High School

Third Prize- AishwaryaGhisare, RambhauMahalgi Foundation

Group (5th to 7th) Topic: - Environment Protection

First Prize- Gauri Chandanshive, HHCP High School

Second Prize- Ashwini Balu Swami, Hujurpaga School, Katraj

Third Prize- Neha N Yeware, Hujurpaga School, Katraj

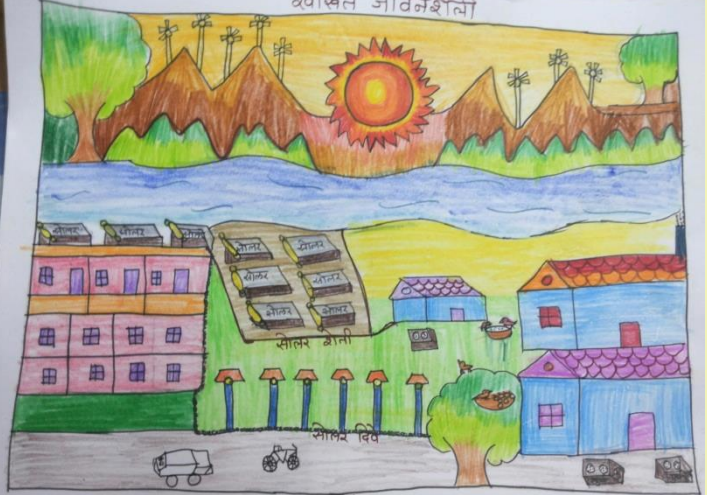

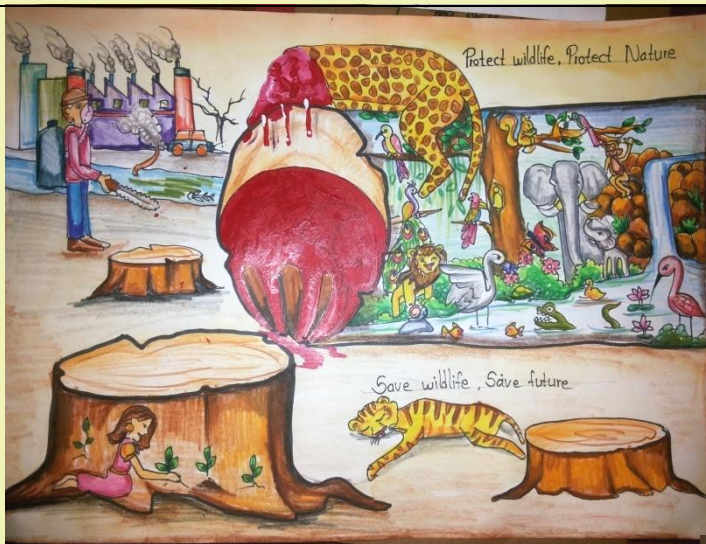

Group (1st to 4th) Topic: - *ParisarSwatchata*

First Prize- Tanishka D Kulkarni, Singhgad City School

Second Prize- Sejal S Patil, Singhgad City School

Third Prize- Pallavi S Saindane, PMC Vidyaniketan School 19

Some of the award winning drawings of students participated in Drawing Competition

3rd October, Rangoli making Competition

Rangoli making was the another interesting activity for the students, organized on 3rd October. The students participation was overwhelming wherein 70 students from 11 different schools actually participated in the Rangoli making competition. Some of the 'Rangoli' drawn by the students were fabulous which looks like as if the pictures has been drawn using water colours giving perfect message of wildlife conservation. On the basis of evaluation process the exceptionally well performers were declared as winners .

Group (Open for all) – Topic: - Eco-friendly Festivals

Special Mention- Mrs Swati Chaudhari

Group (8th to 10th) - Topic: - Wildlife (Animal) Conservation & its importance

First Prize- PurvaGavali, HHCP High School

Second Prize- MangalUllhasSarpale, RambhauMahalgi Foundation

Third Prize- SnehaWaghmare, Katraj Middle School, PMC

Group I (5th to 7th) Topic: - Tree/ Forest Conservation & its importance

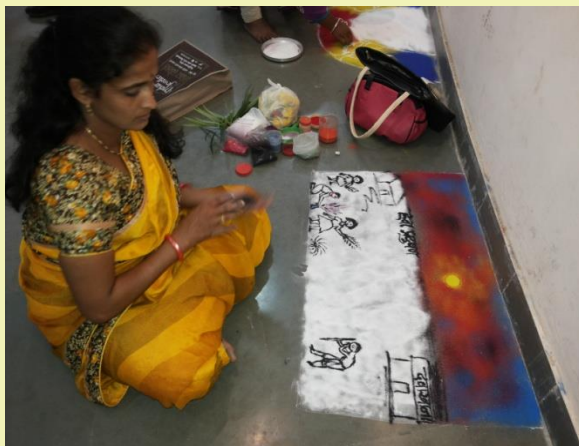

First Prize- Shreya Kalekar, Hujurpaga School, Katraj

Second Prize- Yogita Gupta, PMC School No 162 B

Third Prize- VaishnaviSaindane, PMC Vidyaniketan School No 19

Group (1st to 4th) Topic: - *ParisarSwatchata*

Special Mention- PallaviSaindane, PMC Vidyaniketan School No 19

Prize winning Rangolies depicting Wildlife Conservation message

6th October, Street Play Competition

Street play competition was celebrated with great excitement and loads of fun for the energetic students. In the competition 56 students from 5 different schools were chosen for the actual participation. Though the students were from the mixed age group the way they performed to disseminate the message of wildlife and environment conservation was noteworthy which attracted the attention of zoo visitors. The students tried to highlight the importance of wildlife through dramas, singing songs and performing dance. In the end the judges had very hard time to choose the winners as the every group of students had their own merit. However through the micro evaluation here are the names of students declared as winners.

First Prize- HujurpagaKatraj Primary School

Second Prize- PMC School No.162 B, Katraj

Third Prize- PMC School No.174 B, Kondhwa

Students while performing Street Play on various environment protection themes

7th October, Lecture and Puppet Show

On the concluding day a lecture on 'Importance of Biodiversity Conservation' was arranged by the zoo staff for 46 students of 6th to 12th Std. from Sinhgad Public School. The students were apprised of the features of ecosystem and they were made aware of the importance of biodiversity for the human life.

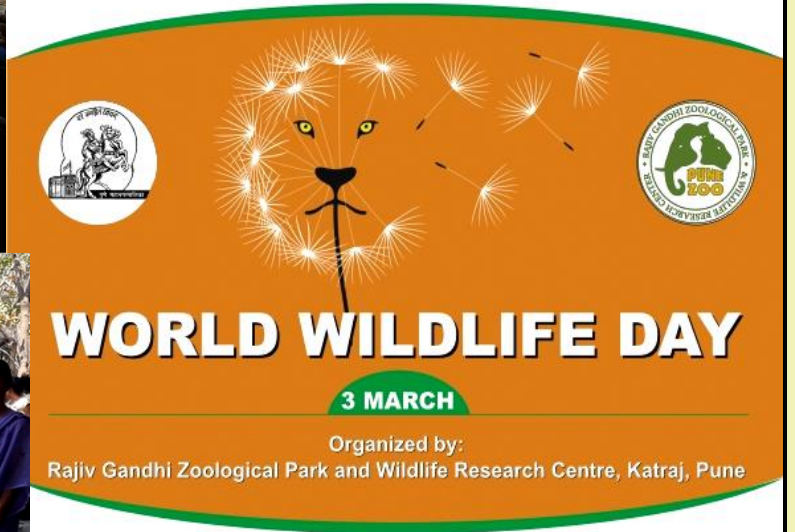

In the afternoon session Puppet Show was organized for the Zoo visitors and school students. The very purpose of this activity was to sensitize the zoo visitors about protection and conservation of precious wild fauna and to create awareness on Do's and Don'ts at the Zoo.

Message of Do's and Don'ts at the Zoo and Wildlife Conservation conveyed to Zoo visitors by organising Puppet Show

The winners of all the competitions were acknowledged by presenting the trophies and certificates on the day of competition itself at the hands of various dignitaries invited for the evaluation of competitions. The wildlife week 2017 had a mixed response from the students as the whole duration of event was overshadowed by mid term school examinations.

Photo Glimpses of the World Wildlife Day Celebrated at Pune Zoo

राजीव गांधी प्राणी संग्रहालय : विद्यार्थिनींच्या चेहऱ्यावर वाघ व बिबट्याचे चित्र काढताना कलाकार.

Every year March 3 is celebrated as **World Wildlife Day** to raise awareness about our planet's flora and fauna. The Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) was finalized on March 3 and the day has been celebrated as World Wildlife Day since 2014. CITES is an international agreement between the governments of 183 countries to protect wild plants and animals and ensure their survival.

In this context Pune Municipal Corporation's Rajiv Gandhi Zoological Park and Wildlife Research Centre celebrated the World Wildlife Day on 3rd March 2018. On this occasion power point presentation on "Big cats- predators under threat" which is the theme of this year conducted by the Educational Officer of the Zoo and another session on 'Role of Wild Flora and Fauna in maintaining Ecological Balance' was delivered by Mr. Vilas Gogate, Ex Director, National History Museum, New Delhi for the 90 students of std. 8th and 9th from PMC Katraj Madhyamik Vidyalaya, Katraj, Pune. Students also participated in the 'Face Painting' activity held at the Zoo to create awareness among the zoo visitors about conservation of Big Cats. Documentary on 'Truth about Tiger' was also screened for the participants during the event. The expanded definition of big cats is being used, which includes not only lion, tiger, leopard and jaguar -- the 4 largest wild cats that can roar - but also cheetah, snow leopard, puma, clouded leopard, etc. were also introduced to the audience.

Big cats are among the most widely recognized and admired animals across the globe. However, today these charismatic predators are facing many and varied threats, which are mostly caused by human activities. Overall, their populations are declining at a disturbing rate due to loss of habitat and prey, conflicts with people, poaching and illegal trade. For example, tiger populations plummeted by 95% over the past 100 years and African lion populations dropped by 40% in just 20 years. But a range of measures are underway to arrest this decline.

Over the past century we have been losing big cats, the planet's most majestic predators, at an alarming rate. World Wildlife Day 2018 gives us the opportunity to raise awareness about their plight and to galvanize support for the many global and national actions that are underway to save these iconic species. Through World Wildlife Day big cats will generate the level of attention they all deserve to be sure they are with us for generations to come.

Important Events and Happenings

Dystokia in Sambar

Case date 18.04.2017:- One of the sambar female had signs of discomfort and labour pain in the early morning hours. The careful observation of animal revealed that female is about deliver a fawn which was evident from the fact that one of the leg of foetus was came out of vagina. It was decided to put the animal under observation till 2.00 pm and wait for normal delivery. However animal could not deliver naturally and instead the labour pain and discomfort of the animal risen significantly. It was needed the dystokia must had to be relived manually by restraining the animal. The animal was segregated in the day krall away from the other animals to perform the procedure. After the animal had properly restrained physically the position and presentation of foetus ascertained. It was found that foetus had posterior presentation. The position of foetus made correct and manual traction applied to remove it. In the end the foetus was found dead and putrefied however the animal got relieved of distress. The dystokia in wild animal is rare phenomenon but needs to be attended immediately unless there are likely chances animal may lose its life.

Fracture of tibia fibula in Jackal.

Case date 27.05.2017:- One of the Jackal male from the collection found critically injured in the night house on the day.

To ascertain the gravity of injury X ray examination of the affected body limb was carried out. It revealed the tibia and fibula bone of left hind limb got complete fracture. The nature of fracture left only option to have get it treated using internal fixation technique. The animal operated under Xylazine and Ketamine combination anaesthesia and fractured fragments reduced and aligned. The intra-medullary pin then inserted in retrograde fashion and fractured end fixed properly.

Hyper flexation of Scapular joint in elephant

Case date 3.09.2017:- One of the female elephant had signs of limping in the left fore leg and unable to bear proper weight. On clinical examination the condition was diagnosed as heperflexation of left scapular joint. The CCTV footage of the resting shed was checked for any possible mishap with the animal. To have a technical advice from the experts of IVRI stationed at Pune, Dr. Hariprasad Aithal and his associated were invited. After consultation the treatment of hot water

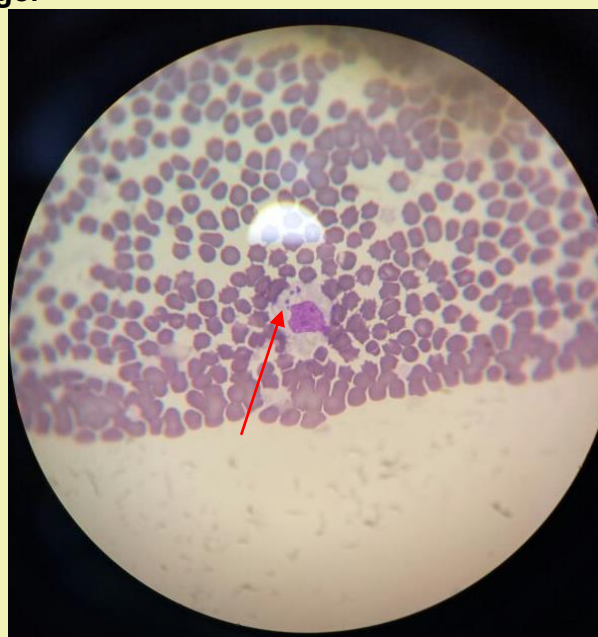

fomentation for whole left fore leg given for 10 days twice daily along with topical application of ointment inflamine. To have symptomatic relief from pain bolus Rumalaya 4 nos were given orally daily for 5 days in combination with Inj. Melonex power 25 ml I/M and Inj. Tribivet 25 ml I/M was given thrice on alternate day basis as supportive therapy. From the day 10th onward animal showed complete recovery and had normal gait.

***Fascioliasis* in Asian Elephant**

Case date 21.09.2017:- One female Asian elephant (Janki) had signs of pain and swelling near umbilicus which was appeared to be a edema. The oedematous swelling found rising by the day. The haemo biochemical analysis carried out which revealed elevated SGOT and SGPT level. Further the faecal samples were also found positive for *fasciola* infection. The animal was treated with antiparasiticial drug oxyclozanide (Bol. Distodine) only once with supportive therapy of Bol. Liv 52 for 25 days. The banana stems were added in diet to subside edema. The ventral abdominal edema regressed 10th day after treatment.

***Ehrlichia platys* infection in Royal Bengal Tiger**

Case date 19.10.2017:- .The seven year old Royal Bengal Tiger (Bagiram) had signs of loose motion and complete anorexia, painting, rapid breathing, high rise of temperature up to 105°F. The Blood examination revealed animal contracted *Ehrlichia platys* infection. The animal was treated with Inj. Oxytetracycline 30 ml i/v along with glucose and supportive therapy for 5 day. The animal showed signs of improvements from day third of treatment. Thereafter animal was kept on Tab doxycycline (Tab Zodex 300 mg) orally for 30 days.

Traumatic injury of Indian Gaur

Case date 17.01.2018:- Infightings between two Gaur males left one of the young male severely injured in left fore limb. The wound admeasured around 5 inches long and 4 inches deep lateral to carpal region. The skin and muscle rupture lead to heavy bleeding from the site. Initially attempt was made to sedate the animal using Xylazine (100mg/ml) 0.7 ml and Ketamine (100 mg/ml) 25 ml in combination. But animal did not sedate with the dose combination of these drugs. Later, on day third animal was sedated using Etorphine (M99) 0.4 cc with Ketamine (100mg/ml) 1 ml i/m by blow pipe. After 20 minutes of initial dose animal attained lateral recumbancy. Anaesthesia was maintained using Ketamine(total dose of 7 ml). With the aid of proper physical restraining by casting, animal was positioned on lateral

recumbancy. The wound was sutured taking all aseptic precautions. Animal was revived from anaesthesia using Diprenorphine (M50 50) 0.8 cc i/v. Antibiotics were injected for 7 days to kept wound free of infection. The wound got completely healed after 30 day with no further complication.

Seasonal special arrangements for upkeep of animals

Summer Management

1. To counter the summer stress fogger system is made available in the Kraal section of Asiatic Lion and Royal Bengal Tiger.
2. Coolers are provided in Sloth bear, Leopard, Asiatic lion and Royal Bengal tiger night cubicals.
3. Wallowing pond is established in sambar exhibit.
4. Elephants are given cold water bath twice a day in summer.
5. Rain gun system for watering the garden area is utilized to maintain cool atmosphere around enclosures.
6. All snake houses are fitted in with foggers, fans and coolers which are put into use depending upon variations in the ambient temperature.

Winter Management

1. Wooden planks are used in the tiger and lion night cubicals over which dray grass is spread to create sufficient warmth.
2. In the resting sheds of deer and antelopes hips of dry grass utilized as bedding material
3. In the reptile houses blankets and heaters are used in adequate numbers.

Research Work carried out and publications

1. Dubey AG , NK Nighot , G D Pardeshi and AA Sanghai (2017) : Successful management of multi etiological abscess in Indian Monitor Lizard (*Varanus bengalensis*). Inter J Current Research, IX (02):46488-46489.

9. Nighot N.K., C.S.Mote, R.V.Jadhav, A G Dubey and B P Kamdi (2017): Fibrosarcoma in Royal Bengal Tigress (white) (*Pantheratigris*) sent for the publication in Indian Zoo Year book (Vol.-IX.).
10. Nighot N.K., R.V. Jadhav and A.G. Dubey (2017): Population Management of Sambar deer by means of vasectomy sent for the publication in IntasPolivet.

Conservation Breeding Programme of the Zoo

Rajiv Gandhi Zoological Park is identified as participating zoo for the conservation breeding programme of Malabar Giant Squirrel. One of the pair from the available founder population has got compatible and bred successfully in the recent time. Soon the separate housing facility will be created for the species and animals will be shifted to newer facility to launch scientific conservation breeding programme.

Animal acquisition / transfer / exchange during the year

A. Animals arriving in the Zoo

H.NO.	Species	Number (M:F)	From which Zoo	Date of arrival in the zoo
-------	---------	--------------	----------------	----------------------------

Nil

B. Animals going from the zoo

H.NO.	Species	Number (M:F)	Going to which Zoo	Date of deposition from the zoo
-------	---------	--------------	--------------------	---------------------------------

Nil

Animal exchange proposal to procure pair of sloth bear from Kanan Pendhari zoo, Bilaspur in exchange of pair of Chiankara from this zoo has been approved which would be executed in the second quarter of 2018. Under another such animal exchange programme pair of grey wolf and female gaur is proposed to be procured from Mysuru Zoo and the animal transportation process is likely to be completed in the month of July 2018.

Mortality of animals

Sl. No.	Animal Name (with individual identification mark, if any)	Scientific Name	Sex	Date of Death	Reason of Death as per the Post-mortem report
Bird					
1	Eagle Steppe	<i>Aquila nipalensis</i>	Female	03.07.2017	Cardiac and renal failure.
2	Peafowl	<i>Pavocristatus</i>	Female	05.12.2017	Traumatic shock and multi organ failure.
Mammal					
3	Tiger Bengal (White)	<i>Pantheratigristigris</i>	Male	08.04.2017	Multi organ failure due to senility resulting into cardio-respiratory failure.
4	Cat Jungle	<i>Felischaus</i>	Male	27.04.2017	Cannibalism
5	Cat Jungle	<i>Felischaus</i>	Female	29.04.2017	Cardio-respiratory failure.
6	Black buck	<i>Antelope cervicapra</i>	Female	24.05.2017	Infighting with mate leads to perforation of thorax causes hypovolumic shock.
7	Jackal	<i>Canis aureus</i>	Male	03.06.2017	Cardio-respiratory failure.
8	Tiger Bengal (White)	<i>Pantheratigristigris</i>	Male	09.06.2017	Multi organ failure
9	Black buck	<i>Antelope cervicapra</i>	Female	09.06.2017	Foetal toxemia.

10	Black buck	<i>Antelope cervicapra</i>	Male	17.06.2017	Cardiac shock
11	Chinkara	<i>Gazellagazellabennetti</i>	Female	19.06.2017	Shock as animal was in advance pregnancy with uterine torsion leads to exertion during parturition
12	Gaur or Indian bison	<i>Bosgaurus</i>	Female	28.07.2017	Torsion of intestinal with hepato renal damage.
13	Chinkara	<i>Gazellagazellabennetti</i>	Female	02.08.2017	Excessive exhaustion of animal due to chasing by dominant male leading to respiratory collapse.
14	Jackal	<i>Canis aureus</i>	Male	19.08.2017	Haemorrhagic shock due to fighting, damage cause by mate leads to hypovolemia.
15	Sambar	<i>Cervus unicolor</i>	Male	25.08.2017	Haemorrhagic shock
16	Sloth Bear	<i>Melursusursinus</i>	Male	01.09.2017	Severe suppurative pneumonia and circulatory collaps with multi organ failure.
17	Barking Deer	<i>Muntiacusmuntjac</i>	Female	19.09.2017	Respiratory failure.

18	Barking Deer	<i>Muntiacus muntjac</i>	Female	21.09.2017	Cardio and respiratory failure.
19	Sambar	<i>Cervus unicolor</i>	Female	09.10.2017	Asphaxia
20	Black buck	<i>Antelope cervicapra</i>	Male	17.10.2017	Respiratory failure.
21	Black buck	<i>Antelope cervicapra</i>	Male	18.10.2017	Respiratory failure.
22	Black buck	<i>Antelope cervicapra</i>	Male	18.10.2017	Respiratory and hepato renal failure.
23	Spotted Deer	<i>Axis axis</i>	Female	23.10.2017	Multi organ failure due to old age.
24	Black buck	<i>Antelope cervicapra</i>	Male	26.10.2017	Hypovolumic shock.
25	Chinkara	<i>Gazella gazella bennetti</i>	Female	27.10.2017	Internal haemorrhages and hypovolumic shock.
26	Black buck	<i>Antelope cervicapra</i>	Female	01.11.2017	Haemorrhagic pneumonia and toxemia due to dead foetus.
27	Black buck	<i>Antelope cervicapra</i>	Male	03.11.2017	Internal haemorrhages in lung tissue leading to shock.
28	Black buck	<i>Antelope cervicapra</i>	Male	07.11.2017	Rupture of thoracic cavity leads to respiratory failure cause due to infighting by dominant male.
29	Macaque	<i>Macaca radiata</i>	Female	19.11.2017	Multi organ failure

	Bonnet		e	17	due to old age.
30	Spotted Deer	<i>Axis axis</i>	Female	07.12.2017	Respiratory failure.
31	BlueBull (Nilgai)	<i>Boselaphustrago camelus</i>	Male	10.12.2017	Toxemia leading to shock.
32	Sambar	<i>Cervus unicolor</i>	Female	13.01.2018	Septicemia cause due penetrating perforated wound at thorax and abdomen by mate.
33	Sambar	<i>Cervus unicolor</i>	Male	15.01.2018	Hypovolumic shock and respiratory collaps.

चिमुकल्यांना उमगले वन्य प्राण्यांचे महत्त्व

ओळख प्राण्यांची दोन दिवसीय कार्यशाळा

धनकवडी : वार्ताहर
आळीपामुन कोप कसा तयार होतो? फुलपाखरू कसे वाहारे पडते? त्यांच्या पंखात रंग कसे भरतात? वाघाच्या कानामागे पांढरा टिपका का असतो? हर्णांना शिंगांचा उपयोग काय? विषारी साप ओळखायचे कसे? वन्यप्राण्यांचे मानवी जीवनात महत्त्व काय? या आणि अशा अनेक प्रश्नांची उत्तरे चिमुकल्यांना सापडली आहेत. निमित्त होते राजीव गांधी प्राणिसंग्रहालयात नुकत्याच पार पडलेल्या दोन दिवसीय कार्यशाळेत. ओळख प्राणिसंग्रहालयाची या

दोन दिवसीय कार्यशाळेचे आयोजन पुणे महानगर पालिकेच्या राजीव गांधी प्राणिसंग्रहालयात करण्यात आले होते. या कार्यशाळेत आर्यन वर्ल्ड स्कूल भिलारेवाडी येथील १०० विद्यार्थी व शिक्षकांनी सहभाग घेतला होता. या दोन दिवसीय कार्यशाळेत विविध वन्यजीवांचे मानवी जीवनातील महत्त्व सांगून त्यांच्या संवर्धनाचा वसा प्रत्येकाने घेतला पाहिजे याची जाणीव करून देण्यात आली. सर्व सहभागींना पुणे विभागाचे मुख्य वनसंरक्षक (वन्यजीव) व्ही. के. वानखेडे यांच्या हस्ते सहभाग प्राणपत्र पत्र देण्यात आले. कार्यक्रमास प्राणिसंग्रहालयाचे संचालक डॉ. राजकुमार जाधव उपस्थित होते.

प्राणी दत्तक कर्त्यांचा स्नेहमेळाव्याप्रसंगी उपस्थित मान्यवर.

राजीव गांधी प्राणिसंग्रहालयात स्नेहमेळावा

धनकवडी : पुणे महानगर पालिकेच्या राजीव गांधी प्राणिसंग्रहालयाच्या वतीने प्राणी दत्तक कर्त्यांचा स्नेह मेळाव्याच्या आयोजन करण्यात आले होते. मेळाव्यास भारतीय विद्यापीठ पोलिस टाण्याचे वरिष्ठ पोलिस निरीक्षक कमलाकर ताकवले, संचालक डॉ. राजकुमार जाधव, उपसंचालक डॉ. नवनाथ निघोट, एज्युकेशन ऑफिसर अश्विनी यादव उपस्थित होते. या योजने अंतर्गत २९१ प्राणी दत्तक कर्त्यांनी घेतले असून योजनेतून महापालिकेस एकूण रुपये ३५ लाख २२ हजार ३१५ इतका आर्थिक लाभ झाला आहे. दत्तक योजनेची व्याप्ती वाढावी यासाठी प्राणी दत्तक पालकांची दरवर्षी कार्यशाळा घेण्यात येते. प्राणिसंग्रहालयातील अशियाची सिंहाची जोडी वर्षभरसाठी दत्तक घेणारे केदार कासार, हत्तीला प्रथम दत्तक घेणारे प्रसाद जोशी गुरुजी, संजय देशमुख, प्रा. अशा गटणे यांनी या स्नेह मेळाव्यात आपले विचार व्यक्त केले. या मेळाव्यात सहभागी प्राणी दत्तक घेतल्याबद्दल त्यांना ताकवले यांच्या हस्ते प्रमाणपत्र देण्यात आले. कार्यक्रमाचे आयोजन अश्विनी जाधव यांनी केले. कार्यक्रमाचे प्रास्ताविक डॉ. जाधव यांनी तर आभार डॉ. निघोट मानले.

राजीव गांधी प्राणिसंग्रहालयात पर्यटकांची गर्दी

पुणे, १५. १५ : कात्रज येथील राजीव गांधी प्राणिसंग्रहालयात पर्यटकांची गर्दी होत आहे. या योजनेत वन्यजीवांचे प्रेम, संवर्धन प्राणिसंग्रहालयाच्या

वन्यप्राण्यांच्या पालकांचा मेळावा

आज रात्री २५ लाख रुपये देण्याचे ठरवले आहे. या वेळी १५५ नागरिकांनी सहभाग घेतला आहे. या वेळी राजीव गांधी प्राणिसंग्रहालयाच्या वतीने प्राणी दत्तक कर्त्यांच्या स्नेह मेळावा आयोजित करण्यात आला आहे. या वेळी राजीव गांधी प्राणिसंग्रहालयाच्या वतीने प्राणी दत्तक कर्त्यांच्या स्नेह मेळावा आयोजित करण्यात आला आहे. या वेळी राजीव गांधी प्राणिसंग्रहालयाच्या वतीने प्राणी दत्तक कर्त्यांच्या स्नेह मेळावा आयोजित करण्यात आला आहे.

राजीव गांधी प्राणिसंग्रहालय पर्यटकांनी बहरले

धनकवडी : वार्ताहर
गेल्या काही दिवसांपासून उन्हाची तीव्रता वाढली असल्याने नागरिक चांगलेच हेरांग झाले आहेत. त्यामुळे लागून आलेल्या सलग चार दिवसांच्या सुट्यांमुळे तसेच शाळा व महाविद्यालयीन विद्यार्थ्यांना उन्हाळी सुट्यासाठी सुरु झाल्याने सुट्टीचा आनंद घेण्यासाठी कात्रज येथील राजीव गांधी प्राणिसंग्रहालय मोठ्यासाह बाळगोपाळांच्या गर्दीस फुलून गेले आहे. या चार दिवसांत ३९ हजार २३५ पर्यटकांनी या स्थळास भेट दिल्याने तब्बल ८ लाख ७० हजार ६३५ इतका महसूल प्रशासनस प्राप्त झाला. राग्यातील अग्रगण्य असलेल्या परदेशीयांचा प्रेक्षणीय स्थळास देशातील व परदेशातील पर्यटक भेटी देतात. शासकीय, निम शासकीय कार्यालये, शाळा महाविद्यालयांना सलग चार दिवस सुट्ट्या जाहीर झाल्याने

पावणे नऊ लाखांपर्यंत महसूल जमा
या प्रेक्षणीय स्थळास पर्यटकांनी गर्दी केली होती. महानगर पालिकेचे हे प्राणिसंग्रहालय १३० एकरात असून लागतच २९ एकरांचे पावणेकालीन ऐतिहासिक तलावाने सर्व परिसर सुरोभिषित झाला आहे. येथे ६३ प्रजातींची सुमारे ४०० विविध प्राणी आहेत. गतवर्षी गुजरात मधून सिंहाची जोडी आणली. त्यामुळे पर्यटकांचे आकर्षण वाढून पर्यटकांची संख्याही वाढली. जगातील लांब साप म्हणून ओळख असलेला चेन्नईमधून २०११ साली जाळीदार सहा फुटी लांबी असलेल्या अस्वराची लांबी वाढून १९ फुटांपेक्षा अधिक झाली आहे. २०१६ ते २०१७ मध्ये या प्राणिसंग्रहालयास १७ लाख ४६ हजार ३५८ पर्यटकांनी दिलेल्या भेटीतून सुमारे चार कोटी ११ लाख २६ हजार ७६० रुपये इतका महसूल जमा झाला. तर

राजीव गांधी प्राणिसंग्रहालयात सिंहास पाहण्यासाठी मोठ्यासाह बाळगोपाळांनी सिंहाच्या खंदकाभोवती केलेली गर्दी.
