# 1. Report of the Officer-in-charge

Adina Deer Park is situated in the district of Malda. There is a legend that this area was within the territorial jurisdiction of King Ganesh. It was vested to the Government in 1960-61. An area of 60.71 ha was handed over to the Forest Directorate and subject for planting. Located in the lush environment, the park serves as a vital ecological hub. Established to protect the spotted deer (Chital) population alongside diverse flora and fauna, it continues to thrive under vigilant stewardship.

During the reporting period, the park hosted over 1,13,767 visitors. Peak footfall occurred during winter months (November-February), with families and school groups dominating. Nest counting of Asian Openbill storks revealed 4396 nests at Adina Deer Park, which showcases healthy wildlife environment of deer park. Research works about the selection of nesting trees by Asian Openbill storks is being carried forward by research assistant. In 23<sup>rd</sup> March of 2025, 32 nos. of spotted deer transferred to North Bengal Wild Animals Park. Adina Deer Park also serves as a wildlife rescue centre for the district. Rescued Animals are being treated and released into their natural environment. Various awareness programmes have been organized in the zoo during the period. A total of 3061 participants from 48 institutions had participated in the awareness programmes conducted in Adina Deer Park for the year 2024-2025. Maintenance efforts remained robust. Installation of CCTV camera and Paver Block in front of zoo office room were carried out. Our main goal is to make Adina Deer Park magnificent and rich, balancing conservation with community engagement. I want to thank you all the staff and every visitors, for them Adina Deer Park is achieving milestones.

(Shri Jiju Jaesper J, IFS)  
Ex-Officio Director, Adina Deer Park &  
Divisional Forest Officer, Malda Division

## 2. History of the Zoo

Adina Deer Park was established in year 1982 on a transferred vested land at Adina Mouza, Block Gazole under Gazole Police Station of District: Malda, West Bengal at 25.30°N, 88.10°E with an area of 8.90 Ha inclusive of two water bodies transferred by Addl. District Magistrate, Malda. The District Magistrate, Malda also transferred 60.71 Ha of land in the same Adina Mouza contiguous to the earlier part inclusive of seven water bodies to Malda Forest Division due to promulgation of the Estate Acquisition Act, 1953. The new area was planted with miscellaneous tree species. In 1982, the area became a forested part of Adina Forested Area under Adina Beat, Gazole Range, Malda Division with the Plantation of miscellaneous tree species. Adina Deer Park is ideally located in the center of Malda District which is equidistant from all corners of the District.

Out of 8.90 Ha, 8.047 Ha was earmarked for Deer Park. With the introduction of one male and two female spotted deer (1:0 on 15.09.1982 and 0:2 on 31.10.1982) from Bethuadahari into wove-wire fenced enclosure, Adina Deer Park started its journey. 7.49 Ha. Was earmarked for Deer Park only, later on during survey work for Master Layout Plan the area of Mixed Bird Aviary and Children Park was included and the area become 8.047 Ha.

By 1984, the area became a forested area under Malda Division, Directorate of Forest, Govt. of WB. Subsequently, the Divisional Forest Officer, Malda Division submitted a proposal to acquire additional 13.92 Ha rayati land, as those land are enclaved or adjacent to Adina Forested Area, for better management of the forest as well as Deer Park. The decision on the same is still awaited.

The Central Zoo Authority (CZA) granted conditional recognition of Adina Deer Park as Mini Zoo vide their letter no. 22-49/2004-CZA (489) M dt 21.02.2007 . The last renewal of recognition has been received from Central Zoo Authority vide their File No. 7-10/2020-CZA (PART-I) dated. 25/08/2020 for a period upto 19/08/2021. It is imperative to say that Adina Deer Park becomes one of the recent introductions to the Zoo Map of India under Section 38(H) of the Wildlife (Protection) Act, 1972

## 3. Vision of the Park:

Our vision is to develop the zoo to serve as a dynamic ex-situ conservation centre for the animals by preserving the indigenous biodiversity of the region. Through intensive Scientific Zoo Management by trained staff and engaging in Research activities the zoo can be develop as a centre of learning for people and make it self-sufficient to accomplish its objectives.

## 4. Mission of the Park:

To develop this Mini Zoo as a centre of excellence for ex-situ conservation and education and awareness programme by offering exceptional public service, recreation and interaction to help the future generations to become active citizens in wildlife conservation through nature education and awareness programmes.

## 5. Objectives:

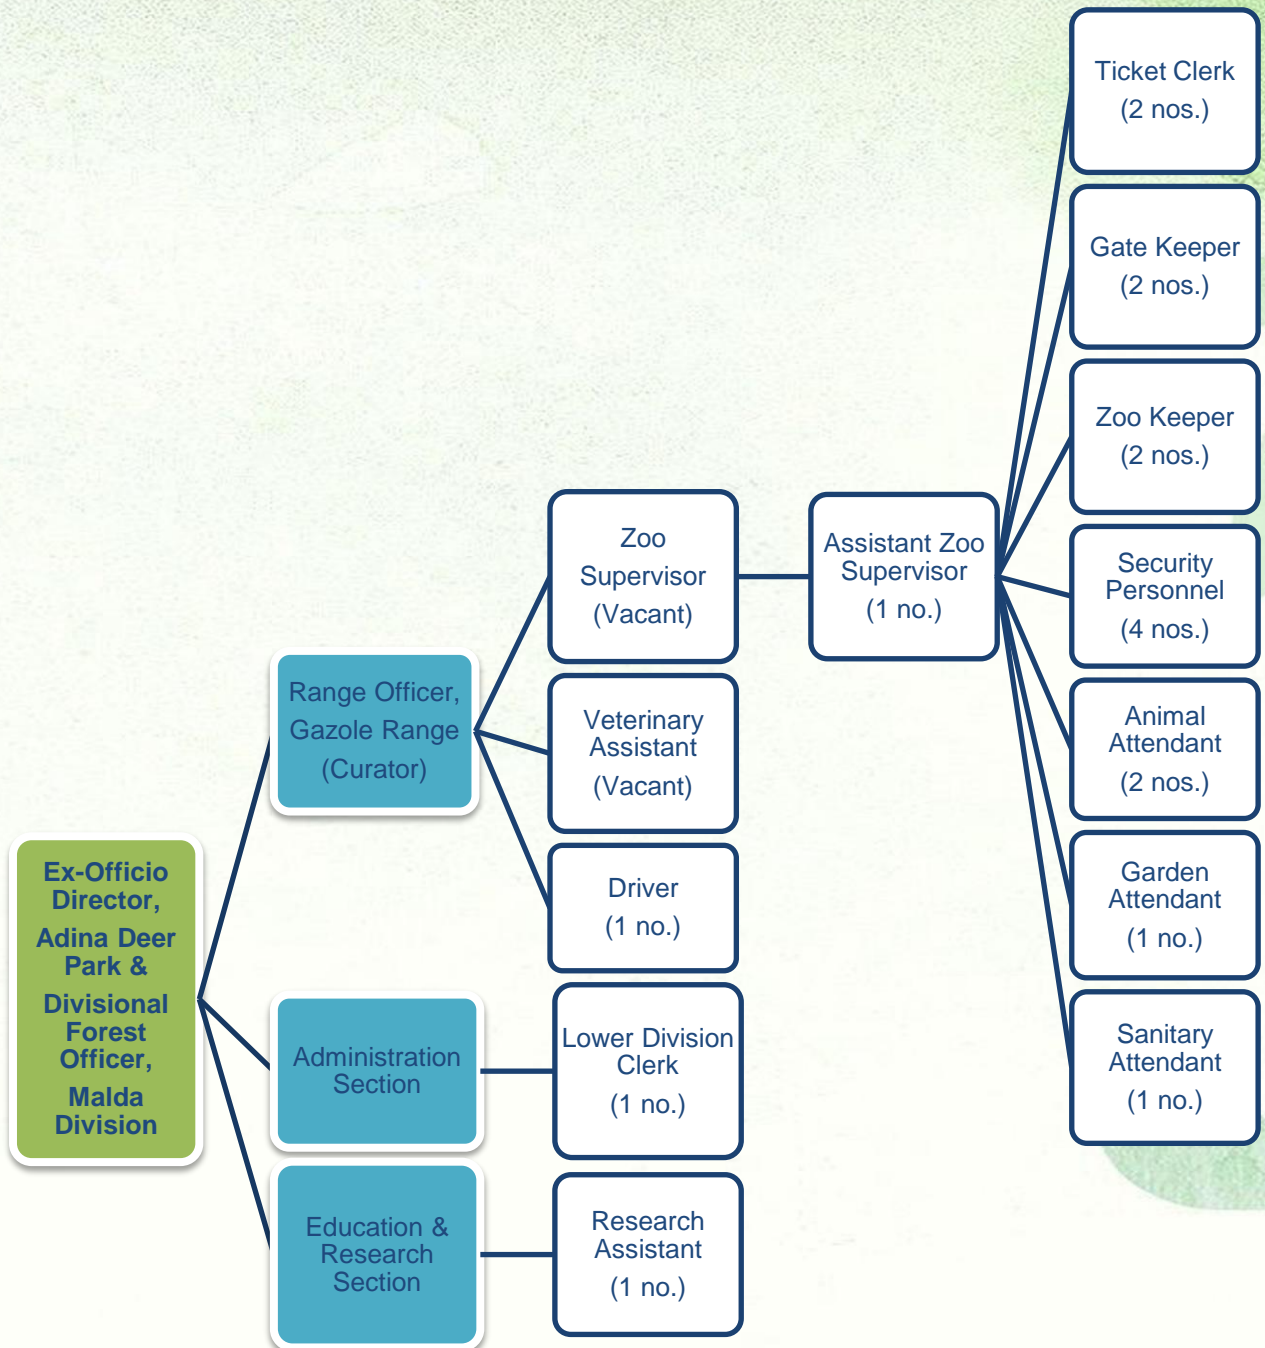

- I. To establish and maintain facilities for ex-situ conservation and education, research on Plans, animals.
- II. Planned breeding of spotted Deer and birds to avoid inbreeding problems.
- III. To provide shelter to local rescued wild animals, ailing as well as injured animals & birds rescued from different parts of the district and adjoining Districts from time to time.
- IV. To organize conservation awareness programmes to the visitors to apprise them the art of harmonious living with animals.
- V. To facilitate the eco-tourism along with the Zoo tourism.
