**ZOO AUTHORITY OF KARNATAKA**  
**INDIRA PRIYADARSHINI PRANI SANGRAHALAYA,**  
**ANAGODU**

**ANNUAL REPORT FOR THE YEAR 2024-25**

**1.HISTORY OF THE ZOO :** Centrally situated on Karnataka's geographical map, **Davanagere District** is a region defined by transformation. Historically recognized as the "**Manchester of Karnataka**" due to its thriving textile industry, the district is now firmly establishing itself as a prominent **educational hub** with a variety of specialized colleges. Beyond its educational growth, Davanagere attracts visitors with its rich heritage of archaeological monuments and tourist spots.

A key attraction is the **Indira Priyadarshini Prani Sangrahalaya (Zoo)**. Located about 18 kilometers from Davanagere city, the zoo is housed within the southern 101 hectares of the **Anagodu Forest Block**. This 151.56-hectare forest is bisected by **National Highway-48** (the Davanagere to Bangalore route) and consistently attracts a diverse audience, including students, rural communities, and urbanites from the district and its environs.

**2.VISION :** To be a leader in conservation, inspiring the public to value, protect, and coexist harmoniously with wildlife, ensuring a flourishing future for both.

**3. MISSION :** The mission of Indian zoos is primarily guided by the Central Zoo Authority (CZA), a statutory body under the Ministry of Environment, Forest and Climate Change. The overall objective is to complement and strengthen the national effort in the conservation of the country's rich biodiversity, particularly the fauna. The mission is multi-faceted and is often summarized by the four pillars of modern zoo management: **Conservation, Education, Research, and Recreation**.

**I. CONSERVATION (PRIMARY MISSION) :**

- a. **Ex-situ Conservation:** Planned and coordinated **captive breeding** of endangered wild animal species to ensure their survival. This includes:
- b. Maintaining **studbooks** (genealogy records) for endangered species.
- c. Coordinating the exchange and loaning of animals for breeding purposes.

- d. Working towards the **eventual re-introduction** of species back into the wild, where feasible.
- e. **Welfare and Upkeep:** Providing the **best upkeep and veterinary care** to the wild animals, ensuring they meet the minimum standards and norms enforced by the CZA.
- f. **Rescue and Rehabilitation:** Acting as **Rescue and Transit Centres** for orphaned, seized, injured, or distressed wild animals that are unfit for release into the wild.

## II. EDUCATION AND AWARENESS :

- a. **Public Awareness:** Generating **awareness and compassion** in society towards wildlife and garnering support for national conservation efforts.
- b. **Conservation Education:** Developing educational and interpretive facilities to help visitors, especially students, understand ecological linkages, the importance of biodiversity, and the need for conservation.
- c. **Inspiring Future Guardians:** Encouraging the public to adopt sustainable lifestyles and live in harmony with nature, thereby creating a "battalion of future nature guardians."

## III. RESEARCH :

- a. Ex-situ Research: Conducting research in captive breeding, animal behaviour, veterinary science, and biotechnological interventions to strengthen conservation efforts.
- b. In-situ Management Support: Carrying out studies to gather data that can inform and strengthen wildlife management techniques in the animals' natural habitats.

## IV. RECREATION :

- a. Providing Experience: Offering a green, quiet, and engaging opportunity for people to observe and appreciate wild animals up close in a near-natural environment, serving as a source of healthy recreation.
- b. In essence, Indian zoos have transitioned from being mere centers of entertainment to vital conservation centers with a clear mandate to protect India's endangered wildlife and foster a sense of responsibility among the public.

#### 4. OBJECTIVES :

- Zoos display animals and provide information about their biology, habitat needs, threats, and conservation status to raise awareness and positive attitudes toward wildlife.
- Zoos serve as **recreation and learning spaces** for people, fostering an early interest in nature and wildlife.
- zoos contribute to **research on animal behavior, nutrition, husbandry and reproduction** — useful for improving care and potentially aiding broader conservation programs..
- Rescue and rehabilitation of wild orphaned animals and birds.
- To develop an understanding and awareness among the tourists on the need for conservation of natural resources.
- Recreation for the purpose of providing wholesome, healthy, education activity by utilizing the natural features.

#### I. Basic Information about the zoo :

| Sl. No | Particulars                   | Information   |

| 5       | Assistant Animal Keeper     | 02                         | -                             |
|         | <b>Total of all groups.</b> | <b>08</b>                  |                               |

## 3. STAFF PATTERN :

(Sanctioned posts along with contract basis staff)

| Sl.No. | Designation   | Number of Sanctioned posts |
|--------|---|----------------------------|
|        | <b>I. Deputed staff</b>                               |                            |
| 1.     | Executive Director, and Deputy Conservator of Forests | 1                          |
| 2.     | Range Forest Officer.                                 | 1                          |
| 3.     | Deputy Range Forest Officer                           | -                          |
| 4.     | Forest Guard.   | -                          |
|        | <b>Total:</b>   | <b>2</b>                   |
|        | <b>II. ZAK permanent staff</b>                        |                            |
| 1.     | Daily Rated Employee                                  | 3                          |
|        | <b>Total:</b>   | <b>3</b>                   |
|        | <b>III. Other staff</b>                               |                            |
| 1.     | Veterinary Officer.                                   | 1                          |
| 2.     | Veterinary Assistant cum Education officer.           | -                          |
|        | <b>Total:</b>   | <b>1</b>                   |

#### 4. CAPACITY BUILDING OF ZOO PERSONNEL :

Capacity building activities to the zoo staff is very essential for the management of animals. A zoo personal should be skilled enough to handle the animals effectively without harming the animals. To achieve this, regular training programs to be conducted for zoo personal including executive and non-executive staff. Mainly such program gives or increases the capacity of the zoo keepers in handling of animals and for overall management of zoo.

| Sl. No. | Name and designation of the zoo personnel | Subject matter of Training | Period of Training | Name of the Institution where the Training attended |
|---------|---|----------------------------|--------------------|---|
| -Nil-   |   |                            |                    |   |

#### 5. ZOO ADVISORY COMMITTEE:

Overall zoo was managed by the Guidelines/inspection carried out by Chief Wildlife Warden, Karnataka and Member Secretary, Zoo Authority of Karnataka.

#### 6. HEALTH ADVISORY COMMITTEE:

In order to monitor the animals and veterinary care, Indira Priyadarshini Prani Sangrahalaya has a Health Advisory Committee, as mandated by the Central Zoo Authority.

| Sl. No. | Members of Health Advisory Committee.  |
|---------|--|
| 1.      | Executive Director and Deputy Conservator of Forests, Davanagere division, Davanagere. |
| 2.      | Deputy Director, Veterinary dept, Davanagere.  |
| 3.      | Range Forest Officer, Indira priyadarshini Prani Sangrahalaya, Anagodu.                |

#### 7. STATEMENT OF INCOME AND EXPENDITURE OF THE ZOO FOR THE YEAR 2024-25 :

## 9. VACCINATION SCHEDULE OF ANIMALS :

| Sl. No. | Species                   | Disease vaccinated for       | Name of the Vaccine and dosage/quantity used                                 | Periodicity  | Remarks |
|---------|---------------------------|------------------------------|--|--|---------|
| 1       | All Cloven Footed Animals | FMD [Foot and Mouth Disease] | FMD Vaccine Dosage 2 ml per animal   | February and December                                | -       |
| 2       | All Cloven Footed Animals | HS [Hemorrhagic Septicaemia] | HS Vaccine 6 ml for each   | May and June   | -       |
| 3       | All Cloven Footed Animals | BQ [Black Quarter]           | BQ Vaccine 5 ml per each   | May and June   | -       |
| 4       | All Species of Animals    | Anthrax                      | Anthrax Spore Vaccine 1 ml   | May and June   | -       |
| 5       | Feline Species            | Feline Rabies                | Anti Rabies Vaccine 1 ml per animals and booster dose after 30 days and then | Annually   | -       |
| 6       |                           | Feline Panleukopenia         | Feline Panleukopenia 1 ml each   | Annually   | -       |
| 7       |                           | Feline Herpes virus          | Feline Herpes Virus Vaccine  | Annually   | -       |
| 8       |                           | Feline Calcivirus            | Feline Calcivirus Vaccine  | Annually   | -       |
| 9       |                           | Feline Leukaemia             | Feline Leukemia Virus Vaccine  | Annually   | -       |
| 10      | Birds and Poultry         | Lasota                       | Lasota   | 5-7 <sup>th</sup> day repeat booster after 21 days   | -       |
| 11      |                           | Infectious bursal disease    | IBD  | 14-16 <sup>th</sup> day repeat booster after 21 days | -       |
| 12      |                           | Fowl Pox                     | Fowl Pox   | 7 <sup>th</sup> week                                 | -       |
| 13      |                           | Raniketh                     | R2B  | 10 <sup>th</sup> week                                | -       |
| 14      |                           | Lasota                       | Lasota   | 17 <sup>th</sup> week                                | -       |

## 10. DE-WORMING SCHEDULE OF ANIMALS :

| Sl. No. | Species                   | Drug used  | Month  |
|---------|---------------------------|--|--|
| 1       | All cloven footed animals | Albendazole, Fenbendazole, Prazoquintal, Trichlobendazole, Levamisole, Ivermectin and its combinations | Starting at the age of 21 days of age and repeating after 3 months till 6 months of age, and after that twice a year |
| 2       | Bears                     | Albendazole, Fenbendazole, Mebendazole, Ivermectin and pyrantelpamoate, and its combinations           | Twice a year   |

## 11. DISINFECTION SCHEDULE :

| Sl. No. | Species                            | Type of enclosure | Disinfectant used and method                      | Frequency of disinfection |
|---------|------------------------------------|-------------------|---|---------------------------|
| 1       | All Cloven Footed Animals          | Fencing           | Phenolic Compounds                                | As and when required      |
| 2       | Feline wild animals including bear | Cages             | Phenolic Compounds                                | As and when required      |
| 3       | Poultry and Birds                  | Cages             | Phenolic Compounds and vircow-s spray and fogging | As and when required      |

## **12. HEALTH CHECK-UP OF EMPLOYEES FOR ZONOTIC DISEASES:**

| Sl.No. | Name | Designation | Date of Health Check-up | Findings of Health check up |
|--------|------|-------------|-------------------------|-----------------------------|
| -      | -    | -           | -                       | -                           |

## **13. DEVELOPMENT WORKS CARRIED OUT IN THE ZOO DURING THE YEAR :**

| Sl.No. | Particulars of works | Quantity |
|--------|----------------------|----------|
| -      | -                    | -        |

## **14. EDUCATION AND AWARENESS PROGRAMMES DURING THE YEAR :**

- On the occasion of 70<sup>th</sup> Wildlife Week celebration during October-2025, education about wild animals and birds for school children's is given in the zoo. The basic objective of the zoo is to inculcate in the zoo visitors love for wild animals and build up awareness for conservation of natural resources.
- The zoo would therefore provide proper signage at each enclosure, guide maps, pamphlets and organize guided tours for school children in batches.
- Participation of non-governmental organizations would be encouraged in educational programmes.
- Signage at animal enclosures would provide description of the species, its status, distribution and habitat.
- Conducting Chinnara Vana Darshana Programme.

## 21. Mortality of animals : ,

| Sl. No. | Animal Name [with individual identification mark, if any] | Sex    | Date of Death | Reason of Death as per the Post-mortem report |
|---------|---|--------|---------------|---|
| 1       | Black Buck  | Male-1 | 23-07-2024    | Haemaryoic Septicaemia                        |
| 2       | Black Buck  | Male-1 | 20-07-2024    | Vital Organs Failure Due To Ageing            |
| 3       | Spotted Deer  | Male-1 | 26-08-2023    | Septicaemia and Shock                         |

### **23. LIST OF FREE LIVING WILD ANIMALS WITHIN THE ZOO PREMISES :**

#### **A. BIRDS :**

- Asian Koel
- Asian paradise flycatcher
- Barn owl
- Black ramped flame back woodpecker
- Black Drogue
- Common Iora
- Common myna
- Cattle egret
- Crested serpent eagle
- Greater coucal
- Great tit
- Small green bee eater
- Indian Grey Hornbill
- Indian hoopoe
- Indian Peafowl
- Jungle crow
- Jungle myna
- Jungle sparrow
- Oriental magpie robin
- Rose ringed parakeet
- Red vented Bulbul
- Red wattled lapwing
- White throated kingfisher

#### **B. REPTILES.**

- Rat snake
- Garden lizard
- Common wolf snake
- Yellow collared wolf snake

**C. MAMMALS.**

- Hanuman languor
- Hare
- Mongoose
- Leopard

**D. BUTTERFLIES.**

- Blue tiger
- Blue pansy
- Chocolate pansy
- Common crow
- Common evening brown
- Common emigrant
- Common grass yellow
- Common lime
- Common Mormon etc.,
