1. Report of the Officer-in-charge

A) Director's Message:

I take immense pleasure in bringing out the Annual Report of Lady Hydari Park cum Mini Zoo for the year 2022-23 which is an endeavour to highlight the various activities that were taken up during the financial year.

Lady Hydari Park cum Mini Zoo is located in the heart of the city and caters not just to the recreational needs of the urban Shillong population but also to the tourists who visit Shillong. Additionally in a significant way the Lady Hydari Park cum Mini Zoo is spreading wildlife awareness and education to the general population. I am pleased that in spite of limited resources with the sincere efforts of our staff we are able to maintain the picturesque lawn & Children Park clean and green for ensuring the well-being of all the visitors. Also, most importantly the hygiene of animal enclosures is ensured.

Extra efforts are being taken up to maintain the hygiene of the Park and the Animal Land and the guidelines Central Zoo Authority are adhered to fully. We have taken up programmes to instil the awareness and responsibility towards wildlife protection and conservation.

It is true that the animal enclosures in Lady Hydari Park cum Mini Zoo are facing space constraints, but we are trying our level best to keep the animals in a friendlier environment by doing enclosure enrichment in the best possible manner. The animal keepers take special efforts to monitor the behavioural parameters on a daily basis and the health and hygiene aspect is also monitored closely. All efforts are taken to ensure the physical and mental well-being of the animal residents of the Mini Zoo.

We will continue our efforts to upkeep the standards & norms of the Zoo and also make it a comfortable 'Second Home' for all the animals. I also express my gratitude to Zoo Curator and her Team for carving and shaping the park in a beautiful way.

  
(Shri Gavade Sachin Shankar, IFS)  
Director cum  
Divisional Forest Officer  
Khasi Hills Wildlife Division  
Shillong

**B) Zoo Curator's Message:**

Lady Hydari Park and Mini Zoo is located in the heart of Shillong "The Scotland of the East" and thus it attracts a significant number of visitors throughout the year. The management of the zoo has therefore steps in with immense responsibility in keeping the zoo and all the lawn and flowers gardens well maintained, clean and hygienic all around the clock. This year too, there has been positive response from the visitors as well both local and foreign regarding the management effort taken by the department in keeping the zoo clean and beautiful.

The zoo has been a prominent place for wildlife conservation and environmental education. The zoo houses various species of mammals and birds. Despite its small area the zoo also plays a major role in providing care and other medical aid to the rescued animals of the state. The zoo with its rich and vast variety of floral vegetation and also the availability of water bodies attracts a significant amount of wild animals like birds, insects, small mammals, etc. inside the park all-round the year. The zoo is also popular in displaying a wide range variety of seasonal flowers, roses and flowering shrubs.

The zoo is also engaging in successfully rehabilitating of rescued animals at various protected areas of the Forest Department which includes Nongkhylllem Wildlife Sanctuary, Ri-Bhoi District, Lum Nehru Park, Ri-Bhoi District, Upper Shillong Protected Forest, Shillong, Raid Laban Protected Forest, Meghalaya during the year 2022-23.

The Zoo Management and the Department as a whole in the recent years has whole heartedly put in great effort in creating awareness about the important of Wildlife by distributing pamphlets whenever there is rescue of animals to the head of the village and organising programmes related to wildlife and environment such as Celebration of Wildlife Week, and World Environment Day.

I sincerely hope that in the coming years the zoo management will keep on carrying out this optimistic attitude towards management of the Mini Zoo, Lady Hydari Park and conserving wildlife by conducting various Wildlife related activities in order to bring a clean and better environment to live in.

**Curator  
Cum**

**Range Forest Officer  
Zoo Range, Lady Hydari Park  
Shillong**

2. **History of the Zoo**

The present Lady Hydari Park was created in 1937, when Sir Robert Neil Reid was the Governor of Assam and it was at that time, known as Lady Reid Pleasure Park. On 4<sup>th</sup> May 1947, Sir Akbar Hydari took over as Governor of Assam and held office up to 28<sup>th</sup> December, 1948. It was during his tenure that Lady Reid Pleasure Park was renamed as Lady Hydari Park. During those days the park served as very important place for certain functions like (i) Keeping of Gandhi's ashes for darshan for the public in the town, (ii) Delivering of lectures by Sardar Vallabhai Patel, (iii) Organising the, "The All-India Cattle Show", (iv) Celebrating of Hills and Plains Week, and (v) Regular Flower Show etc.

The Park was under the control of the Deputy Commissioner of Khasi Hills, till it was handed over to the Forest Department in the year 1973 and since the creation of the Wildlife Wing in 1977, the Park is now under the control of the Khasi Hills Wildlife Division Shillong. During initial time, Park consists only of Lawns and Flower Garden. But later with the creation of the Wildlife wing, park begins to house many rescued animals both from the wild and public captivity. Hence, they were kept in small cages to display to the public for bringing awareness among them. With the inception of the Central Zoo Authority of India (CZA), Lady Hydari was registered under the authority and which later on obtained the status of Mini Zoo Lady Hydari Park. In another words Mini Zoo Lady Hydari Park could be called as the Rescue Centre as most of the animals' house inside the park are rescued animals.

### 3. Vision

- To act as a Better Rescue centre for the needy & injured animals.
- To inspire people to love, respect and protect Wildlife & Wild Spaces.
- To provide proper Upkeep & veterinary care to housed animals.

### 4. Mission

“Encourage visitors to have empathy for Wildlife and also to motivate them to go hand in hand with ‘Wildlife Conservation’”.

### 5. Objective

- To provide a nurturing environment for all the exhibited animals in Zoo.
- To provide proper health care facilities to the rescued animals.
- To promote Zoo as ‘Centre of Conservation & Awareness’ by organising various outreach programmes & thereby sowing seeds (Wildlife Conservation) into minds of people.
