5. Application vide letter No.941/2003/C1 dated 20<sup>th</sup> September, 2019 from the Curator, Sri Venkateswara Zoological Park, Tirupati

Sir,

With reference to above, the undersigned is directed to inform that recognition of the Sri Venkateswara Zoological Park, Tirupati under Section 38-H of the Wild Life (Protection) Act, 1972, was valid till 27<sup>th</sup> September, 2019. Application for renewal of recognition was received in this office vide letter No.941/2003/C1 dated 20<sup>th</sup> September, 2019 from the Curator, Sri Venkateswara Zoological Park, Tirupati. Shri Sanjay P Thakre, IFS (Retired), evaluating officer/s deputed by this office has evaluated the zoo on 21<sup>st</sup> February, 2020. Copy of the Evaluation Report is enclosed herewith for your perusal and needful action.

2. Evaluation Report of the Sri Venkateswara Zoological Park, Tirupati was placed before the Technical Committee in its 96<sup>th</sup> Meeting held on 30<sup>th</sup> July, 2020. The Technical Committee, after detailed deliberation, made its recommendation to the Central Zoo Authority.

3. This office issued Office Memorandum F.No.7-10/2020-CZA(PART-I) dated 25<sup>th</sup> August, 2020 regarding renewal of recognition of the zoo. Subsequently, the Central Zoo Authority, in its 37<sup>th</sup> Meeting held on 7<sup>th</sup> December, 2020, in exercise of powers conferred under sub-section (1), (3) and (4) of Section 38-H under the Wild Life (Protection) Act, 1972, approved recommendation of the Technical Committee.

4. The Central Zoo Authority has regularised the period after 27<sup>th</sup> September, 2019 and renewed recognition of the Sri Venkateswara Zoological Park, Tirupati as a Large Zoo for a period up to **19<sup>th</sup> August, 2023** subject to compliance with following conditions as per the Recognition of Zoo Rules, 2009 (RZR) and mid-term evaluation of the zoo.

Sl.	Norm No. under RZR	Condition	Time period to comply
<b>1. General requirements:</b>			
1	10.1(1)	The zoo should make efforts to add new bloodline in its prolific breeding species of Deer and antelopes to maintain population of physically, genetically and behaviourally healthy animals for furthering the cause of wildlife conservation.	One year
2	10.1(5)	The zoo should complete the construction of perimeter wall for remaining length.	One year
3	10.1(5)	A perimeter wall of at least 2 meters high from the ground level shall be completed all around the zoo campus to stop the entry of free ranging wildlife and others into the zoo campus.	One year
4	10.1(5)	The zoo does not have perimeter wall for 15-25 Km length to stop entry of free ranging wildlife and other into zoo campus. The wall should be constructed urgently.	One year
5	10.1(7)	The zoo should provide a proper waste disposal system for treating both the solid and liquid waste generated in the zoo.	One year
6	10.1(7)	The existing arrangements for managing solid and liquid waste and storm water is not proper with no out-flow drain being available in the zoo. A proper drainage plan should be prepared and implemented in this regard.	One year
7	10.1(9)	The stray dogs are able to enter in the zoo premises, particularly near the graveyard. It needs to be addressed properly so that the chances of the entry of stray dogs are totally eliminated in the zoo. It is possible with the construction of boundary wall all along the periphery of the zoo.	One year
<b>2. Administrative and staffing pattern:</b>			
8	10.2(2)	The zoo shall have at least two full time Veterinarians to look after the health of animals.	One year
9	10.2(2)	An official with Masters' Degree in Wildlife Science / Zoology as full-time Curator, solely responsible for looking after the upkeep of animals and maintenance of animal enclosures should be deployed.	One year
10	10.2(2)	The zoo should have an Education Officer and Biologist for nature education and research work. The zoo does not have a full time Education Officer and Biologist, Zoo should take action to appoint suitable technical staff for these posts.	One year
<b>4. Animal housing, display of animals and animal enclosures:</b>			
11	10.4(10)	The old or worn-out sign boards needs to be replaced on a regular basis, if possible with eco-friendly material.	Six months
12	10.4(10)	Interactive interpretation facilities shall be provided for the purpose of explaining behaviour and biology of the species displayed in the enclosure.	One year
<b>5. Upkeep and healthcare of animals:</b>			
13	10.5(5)	The drainage system in animal houses, post-mortem, commissary and veterinary unit should be provided with proper cover drain having outflow arrangements for the waste water.	Six months

Sl.	Norm No. under RZR	Condition	Time period to comply
<b>5. Upkeep and healthcare of animals:</b>			
14	10.5(5)	The zoo should plan and implement proper waste disposal system for treating both the solid and liquid waste generated in the zoo.	One year
<b>6. Veterinary and infrastructure facilities:</b>			
15	10.6(1)	The zoo should acquire the equipment for Veterinary Hospital which are not available at present so that the basic diagnostic facilities are available in the hospital for proper medical care and treatment of the animals.	One year
<b>7. Post-mortem and disposal of carcasses of animals:</b>			
16	10.7(4)	Zoo should provide incinerator for burning the carcasses of animals to avoid any adverse impact on the hygiene and cleanliness of the zoo.	One year
<b>9. Acquisition and breeding of animals:</b>			
17	10.9(4)	The unpaired animals in the zoo should be provided with their pairs, such as Mandrill (F), Olive Baboon (M), Stump tailed Macaque (M) and Jaguar (M).	One year
18	10.9(6)	The zoo should prepare a scientific conservation breeding plan, species recovery plans for the Grey Jungle Fowl for which it is carrying out conservation breeding programme.	One year
19	10.9(9)	The population of Spotted Deer, Sambar, Blackbuck and Star Tortoise is high. Their number should be kept within the holding capacity of the enclosures available in the zoo, so that housing standards are not compromised. Population control measures should be implemented to safeguard against uncontrolled growth of the population of above said species.	Six months
<b>10. Research activities:</b>			
20	10.10	The zoo should implement a Research Plan and conduct research on the prioritised species and specific areas of concern.	One year

5. A compliance report to the Central Zoo Authority on implementation of the aforesaid conditions shall be submitted by the zoo within three months of issue of this letter followed by half-yearly report.

6. The renewal of recognition of the Sri Venkateswara Zoological Park, Tirupati for period beyond 19<sup>th</sup> August, 2023 as a Large Zoo would be considered on the basis of compliance of the conditions stated above and general performance of the zoo.

7. The recognition of the Sri Venkateswara Zoological Park, Tirupati shall be revoked by the Central Zoo Authority at any point of time if the Zoo Operator is found not complying with the stipulated conditions.

This issues with approval of the competent authority.

Yours sincerely

Encls. As above

2. Your application vide letter No.941/2003/C1 dated 18.05.2015

Sir,

Reference is invited to above cited correspondence. It is to inform that the evaluation of the Sri Venkateswara Zoological Park, Tirupati, Andhra Pradesh was carried out by Dr. D.N. Singh, Member Secretary, CZA on 29<sup>th</sup> and 30<sup>th</sup> May, 2017. The evaluation report of the Sri Venkateswara Zoological Park, Tirupati as submitted by the evaluating officer was considered by the Technical Committee in its 84<sup>th</sup> Meeting held on 19.09.2017. After detailed deliberations, the Technical Committee has recommended to the Central Zoo Authority for renewal of recognition of the Sri Venkateswara Zoological Park, Tirupati (Large Zoo Category) for a period of two years and to serve Show Cause Notice on the zoo operator for violation reported.

The Central Zoo Authority in its 30<sup>th</sup> Meeting held on 28.09.2017, approved the recommendation of the Technical Committee. Accordingly, Show Cause Notice is being sent separately. Besides, the Central Zoo Authority in exercise of powers conferred under Section 38H(1), (3) and (4) of the Wildlife (Protection) Act, 1972, has decided to renew recognition to the Sri Venkateswara Zoological Park, Tirupati for a period of two years and to regularise the period after 31.10.2015.

The renewal of recognition to the Sri Venkateswara Zoological Park, Tirupati as “a Large Category Zoo” is for a period up to 27<sup>th</sup> September, 2019 subject to the compliance of the following conditions as per the Recognition of Zoo Rules, 2009 and mid-term evaluation of the zoo:

Tirupati (Andhra Pradesh)

**Sub:- Grant of renewal of recognition to Sri Venkateswara Zoological Park, Tirupati beyond the period of 31.1.2005 under Section 38 H of the Wild Life (Protection) Act, 1972 - Regarding**

Sir,

Kindly refer to your letter No. 22/2005/C2 dated 2.7.2005 seeking renewal of recognition for Sri Venkateswara Zoological Park, Tirupati beyond 31.1.2005 under Section 38H of the Wild Life (Protection) Act, 1972.

The Zoo was evaluated on 15/16<sup>th</sup> February, 2007 by Dr. Mathew C. John and Shri S. Subbarayalu on 26/27<sup>th</sup> January, 2007. The evaluation report was placed before the Technical committee Meeting held on 16.7.2007.

On the recommendations of the Committee, it has been decided to grant renewal of recognition to the Sri Venkateswara Zoological Park, Tirupati, as a large category zoo for a period up to 31.08.2010 subject to following conditions:-

The conditions to be complied by 31.08.2010 have been reproduced below:-

**A.** A master plan for development of the Sri Venkateswara Zoological Park, Tirupati shall be prepared and submitted to the Central Zoo Authority by 31<sup>st</sup> March, 2007 in the format circulated vide letter no. 27-1/2005-CZA(M), dated 03.02.2006. A management plan giving detailed proposals and activities to be taken up during next five years should also be submitted.

...2/-

B. Other conditions under Recognition of Zoo Rules, 1992

S. No.	Relevant Norm No.	Conditions
<b>GENERAL</b>		
1.	2	The Zoo should not acquire any animal in violation of the Act or Rules made their under. Prior permission of the Central Zoo Authority shall be obtained for acquisition of animals listed under Schedule I & II of the Act.
2.	5	While tying the elephants at night, the chain should be covered by leather/ rubber so as to avoid any injuries to the animals.
3.	8	A perimeter wall of at least 2 meters high from the ground level shall be completed on all around the zoo campus to stop the entry of free ranging wildlife and others into the Zoo campus.
4.	11A	A collection plan of animals to be housed and displayed in the Zoo should be prepared. The plan should be prepared keeping in view due regard to the availability of land, water, electricity and climatic condition of the area.
<b>Administrative and Staffing Pattern</b>		
5.	14	The Zoo shall have atleast two full time Veterinarians to look after the health of the animals.
<b>Animal Enclosure – Design, Dimensions and Other Essential Features</b>		
6.	15	Stand off barriers should be provided at all animal enclosures for keeping the visitors at a safe distance from the animals.
7.	18	The mammals in the Zoo should be provided food inside a feeding cell/ retiring cubicle or feeding kraal. The number and size of feeding cells or kraals will be such that the dominant animals do not deprive other animals from getting adequate food.
8.	20	Designing of new enclosures for endangered species shall be finalized with approval of the Central Zoo Authority.
<b>Hygiene, Feeding and Upkeep</b>		
9.	22.	The Zoo should provide a proper waste disposal system for treating both the solid and liquid waste generated in the Zoo.
10.	25	The Zoo should rotate the type of disinfectant used for cleaning the enclosures in consultation with the Veterinary Officer.

<b>Animal Care, Health and Treatment</b>		
11.	28	A schedule for routine examination including parasite checks of the animals should be prepared and implemented. Preventive medicine including vaccination should be administered at such intervals as decided by the visiting veterinary officer. The same should be displayed in the Zoo hospital also.
12.	29	The staff involved with upkeep of animal should be screened for zoonotic diseases every six months.
13.	30	The Zoo shall maintain animal history sheets and treatment cards in respect of each animal of endangered species.
<b>Veterinary facilities</b>		
14.	31	(a) The Zoo hospital should be kept with appropriate equipment and furniture. (b) The Zoo should have appropriately designed quarantine and isolation wards to take care of newly arriving animals and sick animals as to minimize the chances of infections spreading to other animals of the Zoo.
15.	32	The Zoo shall have squeeze cages of appropriate size and dimension for treatment and transport of animals.
16.	35	The Zoo should have a proper facility for disposal off carcasses without affecting the hygiene of the zoo.
<b>Breeding of animals</b>		
17.	37	The animals kept without the mate should be paired within the period of six months, in the event of the Zoo failing to find a mate for any single animal within this period, the animal shall be shifted to some other recognised Zoos according to the direction of the Central Zoo Authority.
<b>Maintenance of Records and Submission of inventory to the Central Zoo Authority</b>		
18.	42	The records of birth, acquisition, disposals and deaths of the animals should be maintained. The inventory of the animals in the zoo as on 31 <sup>st</sup> March of every year shall be submitted to the Central Zoo Authority by 30 <sup>th</sup> April of the same year.
19.	43	A brief summary of the death of animals in the zoo for every financial year, along with the reasons of death identified on the basis of the postmortem report and diagnostic tests should be submitted to the Central Zoo Authority.

<b>Education and Research</b>		
20.	45	Every enclosure in the zoo should bear a sign board displaying scientific information and warning signs regarding the animals exhibited in it.
<b>Visitor facilities</b>		
21.	49	The first aid equipments including antivenom shall be readily available in the premises of the zoo.

A quarterly report regarding progress made in implementation of the aforesaid conditions should be submitted to the Central Zoo Authority.

Grant of recognition to Sri Venkateswara Zoological Park, Tirupati beyond 31.08.2010 would be considered on the basis of compliance of the conditions stated above and general performance of the zoo at that point of time.

The recognition to the Sri Venkateswara Zoological Park, Tirupati shall be revoked by the Central Zoo Authority, at any point of time if the Zoo Operator is found not complying with the stipulated conditions.

**Date: .10.2003**

To

The Curator  
Sri Venkateshwara Zoological park,  
Tirupati  
Andhra Pradesh

**Sub:- Grant of Recognition to Sri Venkateshwara Zoological Park,  
Tirupati-Reg**

**Sir,**

Kindly refer to your letter No. 941/2003/C1 dated 16.9.2003 seeking renewal of recognition for Sri Venkateshwara Zoological Park, Tirupati beyond 31.5.2002 under Section 38H of the Wild Life (Protection) Act.

Sri Venkateshwara Zoological Park, Tirupati was evaluated by Shri R.S.Bhadauria, PCCF (Retd.), Uttar Pradesh and Prof. Mathew C. John during February-March, 2003. The Central Zoo Authority has decided to grant recognition to Sri Venkateshwara Zoological Park, Delhi under Section 38H of Wild Life (Protection) Act to for a period up to **31.10.2005** subject to the following conditions:-

<b>S. No.</b>	<b>Relevant Norm No.</b>	<b>Conditions</b>	<b>Time Period</b>
<b>General</b>			
1.	10(5)	The elephants are kept chained in the enclosures through out the day. The animals should not be kept chained/ tethered unless doing so is very essential.	With immediate effect
2.	10(11A)	The zoo shall prepare a collection plan of animals to be housed and displayed in the zoo, keeping in view the availability of land, water, electricity, climatic condition of the area and the theme on which the zoo is being developed.	Six months

180

S. No.	Relevant Norm No.	Conditions	Time Period
<b>Administrative and Staffing pattern</b>			
3.	10(13)	An official with masters degree in Wildlife Science/Zoology as <u>full time Curator</u> , solely responsible for looking after the upkeep of animals and maintenance of animal enclosures should be deployed.	One year
<b>Hygiene, feeding and upkeep</b>			
4.	10(23)	The feed preparation room should be made fly proof and feed store room windows may be rat proofed.	Three months
5.	10(25)	The disinfectants used in the enclosures of animals may be changed once in 6 months as some of the microbes may develop resistance to the disinfectants.	With immediate effect
<b>Animal care, Health and Treatment</b>			
6.	10(27)	In addition to the treatment register, deworming schedule etc, the zoo authorities should also maintain a register for recording the surgical operations carried out in the zoo as well as a register for maintaining the details of vaccination carried out and the vaccine B.No. and booster vaccine due date.	With immediate effect
7	10(28) (i)	The moats require periodical cleaning and disinfection with lime powder. Though regular deworming is being done, the enclosure top soil to the depth of 4-6 inches may be removed once in 6 months and lime powder sprinkled before relaying with fresh soil/sand to check the endo parasite egg load in the enclosure soil.	With immediate effect
8.	10(28)(ii)	The schedule for removing the dung pellets from deer enclosures in an interval of 30 days may be revised and should be done every 15 days time.	With immediate effect
9.	10(29)	The staff working in the zoo should be periodically screened for Zoonotic diseases, especially for T.B, every six months.	With immediate effect

S. No.	Relevant Norm No.	Conditions	Time Period
10.	10(30)	Treatment cards maintained in the hospital for individual animals should include details like date of birth, name, place of procurement or place of birth. Day to day treatment given to the animals should be signed by the attending veterinarian.	With immediate effect
<b>Veterinary facilities</b>			
11.	10(31) & 10(32)	The existing laboratory may be further equipped with a centrifuge, autoclave, incubator, constant temperature water bath, essential surgical instruments, glass wares, stains and staining racks, U.V. lamp and glass fronted almirah for storing drugs and instruments.	6 months
11.	10(34)	The postmortem room requires a table/platform with glazed tiled wall and flooring with a good slope for the waste water to run to the drain. Good lighting facilities should also be provided. Wild animal postmortem kit should be purchased. The specimen collection bottles with the necessary preservatives should also be made available.	6 months
12.	10(35)	A separate area should be earmarked for grave yard, which should be away from the animal enclosures and quarantine area.	Immediately
<b>Breeding of animals</b>			
13.	10(36)	<u>The population of spotted deer, sambar blackbuck and star tortoise is very high &amp; above the prescribed holding capacity.</u> The zoo should ensure that the number of these species is kept within the holding capacity of the enclosures available in the zoo, so that housing standards are not compromised.	With immediate effect

*as the star tortoises may be released into wild as*

182

S. No.	Relevant Norm No.	Conditions	Time Period
14.	10(37)	The zoo is exhibiting single & unpaired endangered animals like common palm civet, fox, ratel and wolf. Pairing/Social Groups for the single animal should be provided. Alternatively, the animals may be transferred to Zoos where these animals can be kept in pairs/social groups.	One year
15.	10(40)	The population of spotted deer, sambar and black buck is high. Population control measures should be implemented to safe guard against uncontrolled growth of the population of above said species.	With immediate effect
<b>Education and Research</b>			
16.	10(47)	The zoo should make arrangements for recording in writing the detailed observations about biological behaviour, population dynamics and veterinary care of the animals exhibited. A detailed database should be developed and should be exchanged with other zoos as well as Central Zoo Authority.	With immediate effect.
<b>Visitors facilities</b>			
15.	10(49)	Polyvalent anti venom should be stocked for emergency for staff & visitors.	With immediate effect.

A quarterly report regarding the progress made in implementation of the aforesaid conditions should be submitted to Central Zoo Authority.

**Yours faithfully,**

  
**(P.R.Sinha)**
