		which does not lead to disturbance of animals leading to stress etc.	
3	1.9	The zoo should have measures in place to prevent entry of stray animals.	Three months
2. Administrative and staffing pattern			
4	2.1 & 2.2	The zoo should have an officer of appropriate rank as 'whole time incharge' of the zoo with powers to take decision and having adequate financial resources and infrastructural support and a veterinary officer for day to day health care of animals	One month
3. Development & Planning			
5	3.1	The zoo should submit the Master Plan to CZA. Till such action no new enclosure shall be constructed, as it is noticed that some enclosures for birds and an enclosure for Sloth bear were constructed between the period last evaluation and now, without obtaining prior approval of the Master Plan of the zoo and enclosure design of the endangered species from CZA	Three months
4. Animal housing, display of animals and animal enclosures			
6	4.6	The aviaries for pheasant, peafowl and jungle fowl should be provided with vegetation and adequate number of perches for roosting purpose. The day enclosure for sloth bear should also be provided with hide branched perch, logs with hollows etc.	Two months
7	4.7	Proper screening shall be provided in pheasants and Red jungle fowl enclosure to prevent excitement/stress due to visibility in these enclosures.	With immediate effect
8	4.9	Stand-off barriers have to be provided in respect of the herbivore enclosures and bird enclosures as per guidelines of CZA.	Three months
5. Upkeep and health care of animals			
9	5.2	The zoo should have uniform distribution of food and should follow a feeding schedule etc by contacting the major zoos like Mysore/Bannerghatta zoo.	With immediate effect
10	5.3	The feed and fodder for the ungulates should be placed at more number of	With immediate effect

		places, along with water. Mineral licks should be hung to tree branches in ungulate enclosure at 5-6 places	
11	5.4	There is rat menace noticed in the food store. The food items are placed on the floor rendering them prone to catch moisture. Hence they should be placed on wooden platform. The feed store should be made rat free.	One month
12	5.5	The food containers and water bowls/trays/troughs shall be cleaned and disinfected on daily basis. The left over food should be removed every day in evening to prevent rat menace. Similarly the left over excreta in ungulate enclosure should be removed daily.	With immediate effect
13	5.8	Every animal should be screened for parasitic disease for which a written schedule should be followed as being followed in Mysore Zoo. A written schedule of deworming and vaccination as being followed in Mysore/Bannerghatta zoo should be prepared and followed.	With immediate effect
14	5.9	The staff involved in upkeep and health care of zoo animals should be screened for zoonotic diseases and take necessary follow up.	With immediate effect
6. Veterinary & Infrastructure facilities			
15	6.1	Zoo should have a full fledged veterinary unit with all the necessary equipment, accessories and drugs.	Three-six months
7. Post mortem and disposal of carcasses of animals			
16	7.2	The findings of the post mortem should be recorded in the format as prescribed by CZA and preserved.	With immediate effect
9. Acquisition and breeding of animals			
17	9.4	The zoo should acquire a male for the single female sloth bear. Similarly, pheasants should be paired.	Three-five months
18	9.9	Spotted deer should be kept as per the carrying capacity of the enclosure	Six months
12. Visitor Facilities			
19	12.2	Anti snake venom should be available at zoo.	With immediate effect

Other Observations		
20	The food items should be checked periodically for quality and freshness.	With immediate effect
21	The food and water samples shall be tested periodically for microbiological and other contaminants.	With immediate effect
22	A pucca post mortem room should be constructed at a place away from the enclosures, with all necessary equipment as per CZA norms.	With immediate effect

A half yearly report regarding progress made in implementation of the aforesaid condition should be submitted to the Central Zoo Authority.

Grant of recognition to Indira Priyadarshini Prani Sangrahalaya, Davangere, Karnataka beyond the period of 5th May, 2018 would be considered on the basis of compliance of the condition stated above and general performance of the Zoo at that point of time.

The recognition to the Indira Priyadarshini Prani Sangrahalaya, Davangere, Karnataka shall be revoked by the Central Zoo Authority, at any point of time if the Zoo Operator is found not complying with the above stipulated conditions.
