2. **Your letter No. RGZP- 145 /2023-24 dated 10.07.2023.**
3. **This office letter Computer No. 153933, F. No. 21-2/2019-CZA(Vol.I)(E)-Part(1) dated 31.03.2021.**

Sir/Madam,

With reference to the above cited correspondences, it is to inform that the evaluation of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune, Maharashtra was carried out by Ms. Akanksha Mahajan, DIG (HQ), CZA & Dr. Devender Kumar, EMO, CZA on 15.08.2023.

The evaluation report as submitted by the evaluating officers was placed before the Technical Committee of the Central Zoo Authority (CZA) in its 110th meeting held on 14.05.2024.

The Technical Committee after deliberation recommended to the Central Zoo Authority for the renewal of recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune, Maharashtra beyond the period 19.08.2022 under Section 38-H (1, 3 & 4) of the Wild Life (Protection) Act, 1972 for the period of 2 years. Further, the committee also recommended to regularise the intervening period from the date until the previously accorded recognition was valid till the date of issue of renewal. The renewal is subject to the conditions stipulated as part IV of the evaluation report (Copy enclosed).

Subsequently, the recommendation of the 110th Technical Committee, CZA were approved by the 41st Meeting of the CZA held on 08.08.2024.

The renewal of recognition to the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune, Maharashtra as per the provisions of Section 38(H) (1, 3 & 4) of the Wild Life (Protection) Act, 1972 is for a period up to 25.10.2026 subject to the compliance of the following directives under the Recognition of Zoo Rules (RZR), 2009 and mid-term evaluation, and to regularise the period after 19.08.2022:-

Sl.	Norm No. under RZ R, 2009	Particulars of suggestions/recommendation	Time period to comply
1.	General requirements		
	10.1(1)	For species involved in conservation breeding like the Malabar Giant Squirrel and Rusty Spotted Cat, the zoo must endeavour to establish and sustain population of physically, genetically and behaviourally healthy animals for furthering the cause of wildlife conservation by ensuring permanent identification for all the animals, genetic testing for lineage and further maintain detailed animal history cards and studbook.	Immediate.
	10.1(2)	The zoo shall, ensure proper landscaping and planting of appropriate indigenous species, provide a naturalistic environment within the zoo for all the species including ungulates.	Immediate.
	10.1(4)(5)	The perimeter wall must be continually monitored for damage and fixed with pucca construction when needed.	Immediate.
	10.1(8)	The elephants in the zoo must remain off display and should not be shown to the visitors especially when tethered. The elephant facility is to be used only as a camp for the welfare and housing of the elephants. The space accorded to the animals must be in line with the directives issued by the CZA. (7 (m) (ii). Recommended guidelines during stakeholder meetings on "Elephants' Upkeep in Zoos" (held on 18.03.2013 & 25.10.2013)) and chrome- extension https://efaidnbmnnnibpcajpcgclefindmkaj/https://cza.nic.in/uploads/documents/notifications/orders/english/c-33.pdf .	Immediate.
	10.1(9)	The zoo must put in place adequate safeguards to prevent the entry of stray animals into the premises of the zoo. The wire meshes around the ungulate enclosures are not conducive to aesthetic viewing. The broken portions of the enclosure walls need to be repaired.	Immediate.
2.	Administrative and Staffing Pattern		
	10.2(2)	Adequate scientific and technical staff must be hired by the zoo with provisions for career progression viz. Veterinary officer, Curator, Biologist, Education officer to carry out the responsibilities of housing, upkeep and healthcare of zoo animals, data management and research and visitor education.	6 months.
3.	Development and Planning		
	10.3(1)	The zoo must ensure that the masterplan is updated along with d	3 months

		etailed collection plan, research and education plan and comprehensive conservation breeding plan.	
	10.3(7)	The zoo shall not accept any rescued animal unless it has appropriately designed enclosure and upkeep facilities for the animal as well as the facilities for keeping it in isolation during quarantine period.	Immediate.
	10.3(8)	Whenever any zoo decides to accept any rescued animal for housing, a detailed report regarding the source from which the animal has been received, legality of its acquisition and the facilities available at the zoo for housing, upkeep and healthcare shall be sent to the Chief Wildlife Warden of the State and CZA. The animals acquired by the zoo must be included in the inventory. The animals housed in the rescue centre and disposed to ResQ Charitable trust has been done without information to CZA and detailed numbers including explanation for the same must be provided by the zoo. Some animals had been retained back and detailed information regarding this must be provided to CZA along with species and numbers, housing details etc.	Immediate.
4.	Animal housing, display of animals and animal enclosures		
	10.4(1)	The zoo should improve landscaping in the enclosures (especially ungulates).	Immediate.
	10.4(9)	The zoo shall provide appropriately designed and effective stand-off barriers at every animal display enclosure in a manner that facilitates the visitors in getting unobstructed view of wild animals, without reaching in the vicinity or proximity of the animals and shall also display adequate sign boards so as to give warning to the visitors to keep a safe distance from the animals.	3 months.
	10.4(10)	The interpretation centre must be completed and opened for the public.	Immediate.
5.	Upkeep and healthcare of animals		
	10.5(1)	The ungulate species housed off display in individual units must be integrated in the population or if surplus must be sent to zoos that will accept the animals and have the ability to care for them. The animals housed in the zoo should be marked with permanent ID so that monitoring of the animals is more effective	Immediate.
	10.5(4)	Ventilation, light and circulation in the night cells must be improved and also feeding and water troughs must be appropriate to the species of animals housed.	Immediate.

	10.5(9)	All staff involved with upkeep and healthcare of zoo animals shall be screened against zoonotic diseases once every year and those found positive to any communicable disease shall be provided appropriate treatment till they get cured and freed of the infection and during the period of such treatment, the infected employees shall be kept away from the responsibility of upkeep and healthcare of the animals.	Immediate.
	10.5(10)	The zoo must incorporate data related to biological and social behaviour of the animals in the records (keeper diary and daily register) maintained by the Zoo.	Immediate.
6.	Veterinary and infrastructure facilities		
	10.6(3)	The zoo must develop the postmortem room, isolation ward, quarantine ward based on the kind of animals included in the collection plan of the Zoo.	3 months.
	10.6(5)	The zoo must engage veterinary support staff (lab assistant, Stockman/compounder) as per the recommendation of CZA.	3 months.
	10.6(6)	The zoo must develop strong MoU for collaborative research and assistance with veterinary interventions.	3 months.
7.	Post-mortem and disposal of carcasses of animals		
	10.7(3)	In the event of the postmortem being inconclusive and no specific reason for death is identified, the zoo authorities shall send the samples of the tissues and organs, blood, viscera etc. for further examination to the qualified diagnostic laboratory having adequate specialization for further investigation and identifying the cause of death.	Immediate.
9.	Acquisition and breeding of animals		
	10.9(4)	The zoo must acquire mates for single and unpaired animals on priority basis (eg Cuckatoo) and in the event of failing to find a mate for single and unpaired animal within a period of six months, the unpaired or single animal shall be transferred or exchanged with any other zoo in accordance with the norms specified by the Central Zoo Authority in this regard.	6 months.
	10.9(8)	The zoo shall, with a view to prevent inbreeding and the loss of heterozygosity, maintain the animal history cards & stud and herd book for the animals of endangered species housed in the zoo and put appropriate permanent identification marks (PIT tags). Marking data to be included in the animal history cards.	2 months.
	10.9(9)	The zoo shall limit the number of animals of spotted deer, black buck within the limits set by the animal collection plan of the zoo and the CZA by implementing appropriate population control measures with due consideration of the health and welfare of the animals.	Immediate.

		Is and interest of their long-term survival.	
	10.9(11)	The zoo shall release any captive animal into the wild except in accordance with the norms specified by the Central Zo Authority in this regard. The information regarding the animals disposed from the collection to ResQ Charitable Trust will be provided to the CZA.	Immediate.
10	General Recommendation		
	1.	Management at the entry gate has to be streamlined so as to not have uncontrolled crowds especially on days with heavy footfall.	Immediate.
	2.	Biosecurity protocols within the zoo at the animal houses have to improve. The plastic tubs used to hold liquid potassium permanganate to be removed.	Immediate.
	3.	The zoo staff must be encouraged to upgrade their skills and capacities and implement the learnings.	Immediate
	4.	The foot care for the elephants and general health has to be monitored closely and improved.	Immediate.

A time bound compliance report regarding progress made in implementation of the aforesaid conditions should be submitted to the Central Zoo Authority within 30 days of the date of issue of this letter and half yearly compliance report should also be submitted subsequently.

The renewal of recognition to the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune, Maharashtra for period beyond 25.10.2026 would be considered on the basis of compliance of the conditions stated above and general performance of the Zoo.

The recognition to the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune, Maharashtra shall be revoked by the Central Zoo Authority, at any point of time, if the, Zoo Operator is found not complying with the stipulated conditions.

Yours Sincerely,

Encl.: Evaluation Report.

4. Application in Form – I vide e-mail dated January 24, 2020 from the Director, Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune

Sir,

With reference to above, the undersigned is directed to inform that recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune, Maharashtra, under Section 38-H of the Wild Life (Protection) Act, 1972, was valid till November 18, 2019. Application dated January 24, 2020 received in this office from the Director, Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune, for renewal of recognition. Shri D.N.S. Suman, IFS (Retired), evaluating officer/s deputed by this office has evaluated the zoo on January 28, 2020. Copy of the Evaluation Report is enclosed herewith for your perusal and needful action.

2. Evaluation Report of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune was placed before the Technical Committee in its 96th Meeting held on July 30, 2020. The Technical Committee, after detailed deliberation, made its recommendation to the Central Zoo Authority.

3. This office issued Office Memorandum F.No.7-10/2020-CZA(PART-I) dated August 25, 2020 regarding renewal of recognition of the zoo. Subsequently, the Central Zoo Authority, in its 37th Meeting held on December 7, 2020, in exercise of powers conferred under sub-section (1), (3) and (4) of Section 38-H under the Wild Life (Protection) Act, 1972, approved recommendation of the Technical Committee.

4. The Central Zoo Authority has regularised the period after November 18, 2019 and renewed recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune as a Medium Zoo for a period up to **August 19, 2022** subject to compliance with following conditions as per the Recognition of Zoo Rules, 2009 (RZR) and mid-term evaluation of the zoo.

Sl.	Norm No. under RZR	Condition	Time period to comply
1. General requirements:			
1	10.1(2)	<i>Leucaena</i> species has not been removed completely. It should be replaced by appropriate tree species.	Six months
	10.1(3)	All the pathways inside the Zoo are converted to cement concrete roads which is not desirable. There should not be any further cement concrete road construction. Instead Damar roads or brick road should be constructed.	Six months
2	10.1(5) & 10.4(3)	Though the perimeter wall is two meter-high but on the southern side of the Zoo, the perimeter wall was swept away in September 2019 floods. It should be constructed immediately. Also, Nilgai exhibit parapet wall has also to be constructed.	Immediately
2. Administrative and staffing pattern:			
3	10.2(1)	All the posts should have promotion avenues for their Career progression. Amendment to the PMC rules is suggested	One year
4. Animal housing, display of animals and animal enclosures:			
4	10.4(10)	The construction work of the interpretation Centre should be expedited and equipment / display material procured to make it functional.	Six months
5. Upkeep and healthcare of animals:			
5	10.5(2)	The animal feeds though checked by the Zoo Vet should randomly be checked by independent recognized agency as well. The agreement to supply animal feed should also include a clause for the removal of leftover feed.	Six months
6	10.5(8)	Deworming and Vaccination Schedule should be displayed at the enclosure gate.	Three months
7	10.5(10)	Keeper's Diary should be maintained in form prescribed by the Central Zoo Authority.	Three months
6. Veterinary and infrastructure facilities:			
8	10.6(1)	Dedicated refrigerator should be provided for keeping the chemical restraint drugs.	Six months
9	10.6(1)	Portable X-Ray machine should be procured.	Six months
10	10.6(5)	Two post of Livestock Supervisor should be immediately filled.	Three months
7. Post-mortem and disposal of carcasses of animals:			
11	10.7(4)	Incinerator should be provided for burning the carcasses instead of burning them in the open.	Six months

Sl.	Norm No. under RZR	Condition	Time period to comply
		9. Acquisition and breeding of animals:	
12	10.9(8)	With respect to rescued Long Billed Vulture housed in the zoo, extant directives of the CZA should be complied.	Three months
		12. Visitors' facilities:	
13	10.12(1)	The dispute between MTDC and PMC should be settled early and cloak room and public address system made functional.	Three months

5. A compliance report to the Central Zoo Authority on implementation of the aforesaid conditions shall be submitted by the zoo within three months of issue of this letter followed by half-yearly report.

6. The renewal of recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune for period beyond August 19, 2022 as a Medium Zoo would be considered on the basis of compliance of the conditions stated above and general performance of the zoo.

7. The recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune shall be revoked by the Central Zoo Authority at any point of time if the Zoo Operator is found not complying with the stipulated conditions.

This issues with approval of the competent authority.

Encls. As above

Yours sincerely

(Sonali Ghosh)

Sir,

With reference to above cited correspondence, it is to inform that the evaluation of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune was carried out by Dr. Brij Kishor Gupta, EMO, Central Zoo Authority on 19th May, 2018. Serious lapses were pointed out to the Zoo by this office vide letter cited above at ref.(4).The Evaluation Report of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune as submitted by the evaluator was considered by the Technical Committee in its 86th Meeting held on 28th September, 2018.

The Technical Committee of CZA after detailed deliberations decided to serve Show Cause Notice to the operator of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune, Maharashtra, for violation reported as per provisions laid under Section 38-H(6) of the Wildlife (Protection) Act, 1972 and to initiate action as per provisions laid down in Section 55(aa) of the Wild Life (Protection) Act, 1972. Also, the Technical Committee decided to direct the zoo operator to submit time bound commitment for rectification of lapses pointed out in the Show Cause notice within three months.

Page 1 of 6

Further, the Technical Committee recommended to the Central Zoo Authority for renewal of recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune, Maharashtra (Medium Zoo), for the period of one year and to regularise the period after 5th May, 2018. Show Cause Notice was issued separately on 9.11.2018.

The Central Zoo Authority in its 32nd Meeting held on 19th November, 2018 approved recommendation of the Technical Committee.

Accordingly, the recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune as a "Medium Zoo" is renewed up to 18th November, 2019 as per the provisions of Section 38-H (1),(3)&(4) of the Wild Life (Protection) Act, 1972, subject to compliance with conditions mentioned hereunder, compliance of the standard and norms laid under the Recognition of Zoo Rules, 2009 and mid-term evaluation of the zoo:

Sl.	Norm No. under RZR	Condition	Time Period to Comply
1. General Requirements			
1	10(1.2)	I. The zoo should plant more trees along the visitors' path way and in the animal viewing areas to make the immersion effect and to provide adequate shade to the visitors. II. <i>Leucaena leucocephala</i> is a small fast-growing mimosoid tree non-native to India should be replaced by fruiting trees like <i>Amla, Ber, Jamun</i> and others.	With immediate effect With immediate effect
2	10 (1.3)	I. At the entrance of the Zoo, has been kept crowded for the visitors, there is not enough space for visitors to move while buying the entry tickets, neither there is enough resting places for their family members while the tickets are being purchased. II. Open electric points and electric cable lying openly, near interpretation centre, where large number of the visitors gather should be appropriately placed.	Three months With immediate effect
3. Development and Planning			
3	10(3.3)	The Zoo should place the copy of Master (Layout) Plan to facilitate the visitors on the location of various animal enclosures and visitor facilities.	With immediate effect
4	10(3.7)	I. The Long billed vultures (2 nos.) housed in the rescue centre area of the Zoo should be shifted to Vulture Conservation Breeding Centre, Pinjore and the Spotted river terrapin (52 nos.) received as rescued may be released in their natural habitat, after obtaining prior approval from the CWLW of the State and the CZA and following the guidelines of the CZA and IUCN. II. The existing Veterinary Facility cum Isolation & Quarantine located inside the Rescue Centre to be relocated to appropriate place near the entry of Rescue Centre, because the rescue centre frequently received the ill, infirm and injured animals and they are being allowed to enter right inside through the other animals enclosures.	Three months Three months

Sl.	Norm No. under RZR	Condition	Time Period to Comply
		III. The new masonry work planned in future at the zoo should merge with the surroundings.	With immediate effect.
5	10(3.8)	The animals housed in the rescue centre should have legal acquisition approvals from CWLW of the State and from CZA, at present the animals housed does not have any approvals.	With immediate effect
4. Animal housing, display of animals and animal enclosures			
6	10(4.2)	The entry gate to aviary of Barn owl, Long billed vulture and Black kite found to be very small. It should be made looking into the comfort of the keepers.	Three months
7	10(4.3)	I. The visitors' viewing at Jackal enclosure is not justified. keeping in view of its depth. The animals are invariably not seen by the visitors. It's orientation should be changed suitably. II. The kraal provided to jackal found with cemented floor. It should be changed to <i>kuccha</i> floor. III. The Zoo has been housing 2 nos. of Ghariyal in 50 sq mtr area and 2 nos. of Mugger in 60 sq mtr area in the Rescue Centre. These animals should be either provided with the area as prescribed by the CZA else shifted to a recognized Zoo in consultation with the CZA.	Six months Two months Six months
8	10(4.6)	The Peacock to be provided with the wooden logs for resting.	With immediate effect
9	10(4.10)	The adjacent lake area may be used for interpretation and awareness among visitors by providing details on local flora and fauna in and around the existing lake.	With immediate effect
5. Upkeep and Healthcare of Animals			
11	10(5.2)	The Store and Kitchen at the zoo was found unhygienic and in a pathetic condition. The observations are mentioned below: a. The green vegetables, meant for feed to be provided to the herbivores, was observed not being washed with water before cutting them. The washing with water of the fruits and green vegetables is very essential to remove the soil, pesticides, chemical, fertilizers or any other infection causing external materials which may come with the raw feed. b. The whole ripened banana is being fed to the elephant, covered with skin of the fruit. The skin of the banana may contain the chemical used for its ripening, which is very common practice to artificially ripen this fruit these days. c. The meat for feeding the carnivores was being chopped and cut in an open area where large number of house flies and crows were seen. The crows were seen taking leftover meat pieces and taking it away. It is not acceptable in the zoo at all. d. The containers being used to store the animal feed were found dirty and with insects and cob-webs inside the containers.	With immediate effect

Sl.	Norm No. under RZR	Condition	Time Period to Comply
	10(5.2)	<p>e. The trays used for transporting the animal feed from the Store to the animal enclosures were observed to be broken and dirty. It seems that these trays have not been washed and cleaned for months.</p> <p>f. The utensils used to cut and keep the fruits and the vegetables have been stored in most unhygienic condition.</p> <p>g. The prescribed diet items for different animal species and their quantity to be supplied to the animal enclosure was not displayed anywhere in the Store.</p> <p>h. A non functional water tank of cement was found inside the feed room of the Store which was observed to be full of algae.</p> <p>i. The garbage coming out of the Store and Kitchen is being dumped in a pit just opposite to the Store and Kitchen. The disposal of solid and liquid waste in an environment friendly and appropriate hygienic manner to maintain zoo premises free of pathogens does not exist.</p> <p>The above should be complied with immediate effect.</p>	With immediate effect
12	10(5.10)	<p>I. There were no animal health care related records available in the Veterinary Hospital, such as Animal Treatment Cards, Animal History Sheets, Reports of various diagnostic Tests, Post-mortem Reports etc.</p> <p>II. The Operation Theatre in the Veterinary Hospital of the zoo was found full of dust and not hygienic. The surgical equipments also not observed to be properly clean. The O.T. Lamp was non functional. The OT Room does not have any alternate electricity arrangement, particularly for use during prolonged surgery of animals.</p> <p>III. In the pre-operating room, a non functional deep freezer has been stored. This deep freezer has been used to store trays, rope and other rescue related items and waste.</p> <p>IV. The room opposite the Operation Theatre Room was observed to be full of waste materials none of which were related to the Veterinary Hospital. It has been used even to store the Peafowl Feathers which should have disposed off in consultation with the local Forest Department officials.</p> <p>V. The Laboratory Room of the Hospital has been used to dump the office records and old useless batteries etc. None of these items are related to the Veterinary Hospital. Even very old tissue samples of the dead animals were kept without any justification.</p> <p>VI. The zoo is not using the refrigerator kept inside the Veterinary Hospital for the purpose for which it has been provided. No medicines, vaccine or any other drug was seen stored inside the refrigerator.</p> <p>VII. The Laboratory of the zoo is not in use.</p>	With immediate effect

Sl.	Norm No. under RZR	Condition	Time period to comply
	10(5.10)	<p>VIII. The room of the Veterinary Officer was also not neat and clean and it appeared that it is not in use. The attached wash room was so dirty which cannot be imagined. The room of the Veterinary Officer does not have even a computer and printer. The chair was also not proper. This room has also been used to store/dump even old unserviceable items. It was informed that the veterinarian of the zoo is not using his room in the Veterinary Hospital but he is sitting in the Administrative Building situated away from the Hospital.</p> <p>IX. The tranquilizing equipments were dirty and not hygienic. There was dust and dry leaf matter inside the storage bag of these equipments.</p> <p>X. It appeared that the Veterinary Hospital is not having coverage of daily sweeping and mopping etc. The hygiene and cleanliness at the Hospital was not satisfactory at all.</p> <p>XI. The interns from veterinary and other institutions working at the zoo should not be allowed inside the animals paddock while animals are inside paddock area for exhibit. Also, they should not be allowed to handle the animals.</p> <p>XII. The old tissue samples and specimen of animal stored kept in formalin and other. It should be disposed off appropriately.</p> <p>The above should be complied with immediate effect.</p>	With immediate effect
13	10(6.1)	The Veterinary Hospital at the Rajiv Gandhi Zoological Park, Pune was found not functional. As per Recognition of Zoo Rules, 2009, under Rule 10.6.1 (a & b), this zoo should have functional Veterinary Hospital with basic diagnostic facilities, comprehensive range of drugs, Operation Theatre and In-patient Wards. These are minimum requisite infrastructure for healthcare of the animals housed in the zoo.	With immediate effect
7. Post-mortem and disposal of carcasses of animals			
14	10(7.2)	The broken table kept inside the <i>Post-mortem</i> Room should be repaired immediately.	With immediate effect
15	10(7.4)	The Animal Hospital should destroy and dispose the used syringes in a proper manner and as per the Guidelines of the State.	With immediate effect
9. Acquisition and breeding of animals			
16	10(9.11)	The Zoo has released 22 Spotted deer and 4 Sambar in Sayhadari Tiger Reserve in 2014-2015 with permission of the Chief Wildlife Warden, Maharashtra. No approval of the Central Zoo Authority has been obtained.	The permission of CWLW, Maharashtra should be submitted immediately.

Sl.	Norm No. under RZR	Condition	Time Period to Comply
11. Education and Outreach Activities			
17	10(11.1)	The Education Officer should be posted full time at the zoo.	With immediate effect.
12. Visitor Facilities			
18	10(12.1)	I. There is no drinking water and toilet facility for visitor near entrance of the zoo.	With immediate effect
		II. The Kiosk (near entry gate run by Maharashtra Tourism Development Corporation) should be made functional	With immediate effect

A half yearly report regarding progress made in implementation of the aforesaid conditions should be submitted to the Central Zoo Authority.

The renewal of recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune for period beyond 18th November, 2019 as a "Medium Zoo" would be considered on the basis of compliance of the conditions stated above and general performance of the zoo.

The recognition of the Rajiv Gandhi Zoological Park and Wildlife Research Centre, Pune shall be revoked by the Central Zoo Authority, at any point of time if the Zoo Operator is found not complying with the stipulated conditions.

Yours sincerely

Sub:-Renewal of recognition to Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune under Section 38H of the Wild Life (Protection) Act, 1972 beyond the period of 31.10.2015- Reg.

Sir,

Reference is invited to your letter dated 22.09.2015 received in this office on 09.10.2015 seeking grant of renewal of recognition to Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune for period beyond 31.10.2015.

The evaluation of the Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune was carried out by Dr. Brij Kishor Gupta on 22nd April, 2016. The evaluation report of the Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune as submitted by the evaluating officers was considered by the Technical Committee in its 78th Meeting held on 6th May, 2016.

The Central Zoo Authority has decided to grant renewal of recognition to Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune as a "Small Category Zoo" under Section 38H of the Wild Life (Protection) Act, for a period up to 05.05.2018 subject to the compliance of the following directives under the Recognition of Zoo Rules, 2009 and mid-term evaluation of the zoo:-

S. No.	Norm No.	Condition Stipulated	Time Period to Comply
2. Administrative & staffing pattern			
1	2.1	The Director of the Zoo or the whole time officer-in-charge of the zoo should have adequate financial and administrative powers. At present all the financial and administrative powers lies with Chief Garden Superintendent, Pune Municipal Corporation.	Six months
3. Development and planning			
2	3.1, 2 &	The disaster management plan as	With immediate effect

ole
23/6/16

	3	approved by the CZA in the Master Plan should be implemented. The zoo should have regular mock drill and training of staff on disaster management issues.	
3	3.3	The large tress covered by the tree guards should be removed wherever required as it looks ugly and does not have any role to play further.	With immediate effect
4	3.5	The zoo has placed new dust bins, however, the old rusted dustbins are still lying next to new dustbins which should be removed immediately.	With immediate effect
5	3.6	The amendment in the animal collection plan as proposed by the Zoo Operator should be got approved from the CZA.	With immediate effect
4. Animal housing, display of animals and animal enclosures			
6	4.3	The Elephants housed at the zoo should be provided with water pool of adequate size.	Six months
7	4.6	All the animal exhibits should be enriched as per the species requirement and guidelines stipulated by the CZA.	Three months
8	4.10	The zoo should have signage showing the layout plan and indicate the locations of exhibits at various places.	With immediate effect
11. Education and outreach activity			
9	11.1	The Education Officer appointed by the Zoo is serving only 3 days in a week and remaining days posted at Municipal Corporation. It should be posted as full time officer at the zoo, since it is upcoming zoo and has large number of visitors which shall enable to conduct more educational activities.	With immediate effect
12. Visitors facilities			
10	12.1	The public pathways in the zoos should be maintained properly. The entrance of the zoo should have facility of lockers for the use of visitors.	Three months
11	12.3	The vulture aviary and other aviaries for barn owl & great horned owl should have access to physically challenged personnel.	Six months
General Observations			
12		The heavy vehicle bringing feed and other materials presently operate through the main entry which is being used by the visitors. The zoo should have separate/ independent service entry/exit gate for	With immediate effect

	such vehicles.	
13	The lake falling within the premises of the zoo, covered by the water hyacinth should be got cleaned, which shall attract local birds and other fauna.	Three months

A half yearly report regarding progress made in implementation of the aforesaid condition should be submitted to the Central Zoo Authority.

Grant of recognition to Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune beyond the period of 5th May, 2018 would be considered on the basis of compliance of the condition stated above and general performance of the Zoo at that point of time.

The recognition to the Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune shall be revoked by the Central Zoo Authority, at any point of time if the Zoo Operator is found not complying with the above stipulated conditions.

F. No. 21-2/2003-CZA(418)(Vol. III)(M)/731

DATE: 10.10.2011

To

The Zoo Director
Pune Municipal Corporation,
Rajiv Gandhi Zoological Park & Wildlife Research Centre,
Pune-Satara Road, Opp. Katraj Dairy,
Katraj, Pune - 411 046 (Maharashtra).

Sub:- Renewal of recognition to the Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune under Section 38H of the Wild Life (Protection) Act, 1972 beyond the period of 31.08.2010.

Sir,

Reference is invited to your letter No. RGZP-79 dated 2nd June, 2010 seeking renewal of recognition to Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune under Section 38H of the Wild Life (Protection) Act, 1972 beyond the period of 31.08.2010.

The evaluation of the Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune was carried out by Dr. Brij Kishor Gupta, Dr. K. K. Sarma and Ms. Suparna Baksi Ganguly on 20th - 21st June, 2011. The evaluation report of the Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune as submitted by the evaluating officers was considered by the Technical Committee in its 59th Meeting held on 20th September, 2011.

The Central Zoo Authority has decided to grant of recognition to Rajiv Gandhi Zoological Park & Wildlife Research Centre, Pune as a Small Category Zoo under Section 38H of the Wild Life (Protection) Act, for a period up to 31st October, 2015 subject to the compliance of the following directives under the Recognition of Zoo Rules, 2009 and mid-term evaluation of the zoo:-

S. No.	Norm No.	Condition Stipulated	Time Period to Comply
1. General requirements			
1.	5	The perimeter wall should be raised to two meters on the southern side of the zoo.	Six months
2. Administrative and Staffing Pattern			
2.	1	The zoo Director post should be filled up as soon as possible. The Director should have doctorate degree in the zoo related subject	One year

Dr. /

		and having adequate specialized training and experience in the field of endangered species management.	
3.	2	(i) Zoo Authority should appoint a full time Curator with requisite qualification. (ii) The post of zoo biologist should be filled up as the research component is suffering for the lack of the biologist.	One year One year
4. Animal housing, display of animals and animal enclosures			
4.	10	The signages should include information on the biology, behaviour, population status and distribution of the exhibit animals.	Three months
5. Upkeep and healthcare of animals			
5.	8	The zoo veterinarians should prepare a vaccination protocol for the elephants and carry out vaccinations of the elephants.	With immediate effect
6. Veterinary and infrastructure facilities			
6.	2	Some of the animals re overfed (Leopards, Tigers and Elephants) and getting obese, which is affecting their natural behaviour and will eventually cause health problems; the nutrition should be reassessed. Excess energy concentrates should be curtailed, more fibrous components included in elephant diet. The carnivores may be given one day rest from feeding. The Leopards need reduction in their supply of meat.	With immediate effect
7.	10	(i) The zoo should procure a printer for the Ultrasound machine, and routine blood and urine analysis facilities established. Other requirement is a drug store (maintained with a computer) and in-patient facility. (ii) A long range syringe projector is required on a priority basis. (iii) The post of Laboratory Assistant should be filled up for smooth and efficient running of the diagnostic lab.	Three months Three months One year
9. Acquisition and breeding of animals			
8.	1	Efforts should be made to relocate the excess number of herbivores and bred in the zoo in excess of the carrying capacity back to the natural habitat of the state or the neighboring states.	With immediate effect
9.	4	Efforts should be made to pair the Jungle cat, 4 bird species and two species of reptiles, currently kept single.	Six months

10. Research activities

10.	1	Research Officer may also be posted with suitable candidate in the scale of Senior Scientist and so research activities undertaken to study on the behaviour, enrichment of enclosures, or nutrition etc. of the locally important species of animals. Moreover, it shall become important as the Rajiv Gandhi Zoological Park, Pune has been selected as a model zoo in the 'West Region' of the country, by the Central Zoo Authority.	One year
-----	---	--	----------

Others:-

1. Boating and fishing activities be banned in the lake located inside the zoo. This will ensure breeding of indigenous fish species, and the lack of disturbance from the tourists will make it an ideal water body for the migratory and local water birds.
2. The Single Afghan vulture in the rescue enter attached to the zoo can be rehabilitated back to the wild.
3. The pair of long billed vulture at the rescue centre should be sent to Vulture Conservation Breeding Centre at Pinjore.
4. The many leopards being housed in the rescue centre in a small area is pausing epidemic threats. Their population should be thinned by appropriate measures.

A half yearly report regarding progress made in implementation of the aforesaid conditions should be submitted to the Central Zoo Authority.

Grant of recognition to Rajiv Gandhi Zoological Parks and Wildlife Research Centre, Pune beyond 31st October, 2015 as "a Small Category Zoo" would be considered on the basis of compliance of the conditions stated above and general performance of the zoo.

The recognition to the Rajiv Gandhi Zoological Parks and Wildlife Research Centre, Pune shall be revoked by the Central Zoo Authority, at any point of time if the Zoo Operator is found not complying with the stipulated conditions.

Yours faithfully,

(B. S. Bonal)

Member Secretary

F. No. 21-2/2003-CZA(418)(M)

DATE: 10.8.2006

To

The Chief Garden Superintendent
Pune Municipal Corporation,
Sambhaji Park, Shivaji Nagar,
Pune - 411 005.

Sub:- Grant of recognition to Rajiv Gandhi Zoological Park & Wildlife Research Center at Katraj, Pune under Section 38 H of the Wild Life (Protection) Act, 1972 - Regarding

Sir,

Kindly refer to your application No. UKJ/823, dated 08.05.2003, seeking grant of recognition for Rajiv Gandhi Zoological Park & Wildlife Research Center at Katraj, Pune under Section 38H of the Wild Life (Protection) Act, 1972.

The evaluation of the Rajiv Gandhi Zoological Park & Wildlife Research Center at Katraj, Pune was carried out on 07.02.2006 by Shri Jagan Mohan Rao, Retd. Addl. Principal Chief Conservator of Forests, Andhra Pradesh and Dr. R. G. Jani, Professor, Department of Veterinary Medicine, College of Veterinary Science & AH, Anand . The evaluation report was placed before the Technical Committee Meeting held on 21.7.2006 and the Committee has approved granting recognition to the Rajiv Gandhi Zoological Park & Wildlife Research Center at Katraj, Pune as a 'large category zoo', subject to fulfillment of the following conditions within a time period upto 31.8.2010:-

The conditions to be complied by 31.08.2010 have been reproduced below:-

Conditions under Recognition of Zoo Rules, 1992

S. No.	Relevant Norm No.	Conditions
GENERAL		
1.	2	The zoo should not acquire any animal in violation of the Act or Rules made their under. Prior permission of the Central Zoo Authority shall be obtained for acquisition of animals listed under Schedule I & II of the Act.
	5	The elephant should not be kept as tethered.
3.	11A	A collection plan of animals to be housed and displayed in the zoo should be prepared. The plan should be prepared keeping in view due regard to the availability of land, water, electricity and climatic condition of the area.

Administrative and Staffing Pattern		
5.	13	The zoo shall have an official with master's degree in Wildlife Sciences/Zoology as a full time curator solely responsible for looking after the upkeep of animal and maintenance of animal enclosures.
6.	14	The zoo shall have at least two full time veterinarian registered with the State Veterinary Council/ Veterinary Council of India for daily checkup of the health of the animals.
Animal Enclosure – Design, Dimensions and Other Essential Features		
7.	15	Stand off barriers should be provided at all animal enclosures for keeping the visitors at a safe distance from the animals. A. The glass paneled view point in front of tiger enclosure appears to be not serving purpose, as obstructing the visibility of tiger, therefore the same should be rectified accordingly. B. The leopard enclosure should be provided adequate stand off barrier for the safety of the visitors and keepers.
	16	1. The kraals of the tiger showing broken patches of flooring and impede drainage and hygiene. 2. The partition walls in elephant houses restrict the movement of animals. Both should be rectified immediately
	16 A	The blackbuck enclosure located adjacent to wolf enclosure is not provided the proper screening, therefore appropriate screening should be provided immediately to avoid any stress to the animals.
8.	18	The mammals in the zoo should be provided food inside a feeding cell/ retiring cubicle or feeding kraal. The number and size of feeding cells or kraals will be such that the dominant animals do not deprive other animals from getting adequate food.
9.	20	Designing of new enclosures for endangered species shall be finalized with approval of the Central Zoo Authority.
Animal Care, Health and Treatment		
	26	The zoo should have a trained mahavat to handle the elephants. Every care should be taken to avoid discomfort, behavioural stress or physical harm to the any animal.
10.	28	A schedule for routine examination including parasite checks of the animals should be prepared and implemented. Preventive medicine including vaccination should be administered at such intervals as decided by the veterinary officer.
11.	30	The zoo shall maintain animal history sheets and treatment cards in respect of each animal of endangered species.
Veterinary facilities		
12.	31	The zoo shall have veterinary unit with basic diagnostic facilities, comprehensive range of drugs. The veterinary unit shall have isolation and quarantine wards to take care of newly arriving animals and sick animals as to minimize the chances of infections spreading to other animals.

	31 A	The Zoo Operator shall provide one qualified lab assistant/compounder for assisting the veterinarian in health care of the zoo animals
	34	Any animal that dies in a zoo shall be subjected to a detailed post mortem operation by a veterinarian registered with State Veterinary Council or Veterinary Council of India and the findings of such operation shall be recorded and maintained for a period of six years.
13.	35	The zoo should have a proper facility for disposal of carcasses without affecting the hygiene of the zoo.
Breeding of animals		
14.	36	The zoo should keep in its collection only such number of animals and such species for which housing facility exists. The zoo operators shall be responsible for ensuring that the number of animals of any species does not go beyond the holding capacity of the enclosures available in the zoo and housing standards are not compromised for keeping the excessive numbers.
	37	The zoo operator shall make all efforts to find the mate for single nilgai and wolf.
Maintenance of Records and Submission of inventory to the Central Zoo Authority		
15.	40	To safeguard against uncontrolled growth in the population spotted deer, and Blackbuck, the zoo shall implement appropriate population control measures.
16.	42	The records of birth, acquisition, disposals and deaths of the animals should be maintained. The inventory of the animals in the zoo as on 31 st March of every year shall be submitted to the Central Zoo Authority by 30 th April of the same year.
17.	43	A brief summary of the death of animals in the zoo for every financial year, along with the reasons of death identified on the basis of the postmortem report and diagnostic tests should be submitted to the Central Zoo Authority.
Education and Research		
18.	45	Every enclosure in the zoo should bear a sign board displaying scientific information regarding the animals exhibited in it. Signage boards in local language/national language (Hindi) may also be considered to educate the masses.
Visitor facilities		
19.	49	The first aid equipments including anti-venom shall be readily available in the premises of the zoo.

Development and Planning		
	51	<p>A master plan (including a layout plan) for development of the Rajiv Gandhi Zoological Park & Wildlife Research Center at Katraj, Pune shall be prepared and submitted to the Central Zoo Authority by <u>28th February, 2007</u> in the format circulated vide letter no. 27-1/2005-CZA(M), dated 03.02.2006.</p> <p>A management plan giving detailed proposals and activities to be taken up during next five years should also be submitted to the Central Zoo Authority.</p>

A quarterly report regarding progress made in implementation of the aforesaid conditions should be submitted to the Central Zoo Authority.

Grant of recognition to Rajiv Gandhi Zoological Park & Wildlife Research Center at Katraj, Pune beyond 31.08.2010 would be considered on the basis of compliance of the conditions stated above and general performance of the zoo at that point of time.

The recognition to the Zoo can be revoked by the Central Zoo Authority, at any point of time if the zoo operator is found not complying with the Wild Life (Protection) Act, 1972 and the Rules made there under.

Yours faithfully,
